Transfer the amount on line 15 to Form PT-100, *New York State Petroleum Business Tax Return*, line 7, Column B.

Attach this form to Form PT-100, *New York State Petroleum Business Tax Return*.

Instructions

Anyone registered as an aviation fuel business must file Form PT-104. In addition, anyone registered as a distributor of diesel motor fuel that deals in kero-jet fuel must file Form PT-104, and any distributor of kero-jet fuel only that is also registered as a distributor of motor fuel or as a liquefied petroleum gas fuel permittee or as a residual petroleum product business must file Form PT-104.

If you are an exempt organization that has established its status as an exempt organization under section 1116(a) of the Tax Law, and any motor fuel, diesel motor fuel or residual petroleum product that you import into New York State or that you produce, refine, manufacture or compound in New York State is consumed exclusively by you, then you are not subject to the Article 13-A tax with respect to such products (enter *none* on line 15).

Kero-jet fuel is an unenhanced diesel product consisting basically of highly refined kerosene which is delivered by the seller for use directly into the fuel tanks of aircraft.

Inventory and Purchases (lines 1 through 7)

Line 1 — Enter the total number of gallons of kero-jet fuel on hand at the beginning of the month at storage facilities in New York State. This figure should be the same as that reported on line 6 of Form PT-104 for the preceding month.

Line 2 — Enter the total number of gallons of kero-jet fuel that you imported directly to your in-state facilities or to your in-state customers from out-of-state suppliers or from your own out-of-state facilities.

You are the importer of kero-jet fuel if you:

- 1) have ownership of the fuel at the time the fuel enters New York State's jurisdiction; or
- 2) direct or control the importation of the fuel into New York State.

Line 3 — Enter the total number of gallons of kero-jet fuel that were shipped directly to your in-state facilities or to your in-state customers from in-state suppliers.

Line 4 — Enter the total number of gallons of non-kero-jet fuel substances that were added to and increased your overall inventory of kero-jet fuel.

Line 6 — Enter the total number of gallons of your kero-jet fuel on hand at the end of the month at storage facilities in New York State.

Line 8 — Enter the total number of gallons of kero-jet fuel sold to persons registered under Article 13-A as aviation fuel businesses or under Article 12-A as distributors of diesel motor fuel or as distributors of kero-jet fuel only or to United States government, New York State and its municipalities, or consumed by you in your aircraft. If you consumed kero-jet fuel in your aircraft, you must complete Form PT-104.1.

Line 9 — Enter the total number of gallons of kero-jet fuel that you sold to purchasers out of state or that you transferred to your facilities out of state.

Line 10 — Enter the total number of gallons of kero-jet fuel that you sold within New York State to a dealer registered or authorized to conduct such business in the other state or province for immediate export to that state or province upon which the kero-jet fuel component tax has not been passed through and for which you received a properly completed Form FT-1003, *Statement of Exportation from Certain Taxes Imposed on Diesel Motor Fuel*.

Line 13 — Enter the total number of gallons of kero-jet fuel consumed in New York State in the operation of your aircraft that was previously not included in the measure of the petroleum business tax (from Form PT-104.1).

Line 15 — Transfer the amount on line 15 to Form PT-100, *New York State Petroleum Business Tax Return*, line 7, *Column B*.
