### From Commissioner Michael Urbach:

Over the last four years, New York has led the nation in cutting taxes, slashing them more than Illinois, Texas, and California combined. Since 1995, Governor Pataki and the Legislature have cut taxes 31 times, firmly establishing the Empire State as the tax-cutting capital of America.

Hardworking New York taxpayers are now getting the benefit of these tax cuts every payday. Since 1994, a middle-class working family with two children and an income of \$50,000 has seen their state personal income taxes cut by more than 28%. This family's annual state tax bill is now almost \$700 lower than it was in 1994.

The personal income tax cut, combined with other tax cuts enacted by Governor Pataki and the Legislature, such as the STAR School Property Tax Reduction Plan, elimination of the sales tax on clothing, and elimination of New York's estate tax on middle-class families, will ultimately return more than \$12.5 billion to New York taxpayers each year.

Just a few short years ago, the state would raise taxes year after year, reaching into the wallets of every New Yorker. Even *Money* magazine once called New York State a "tax hell." Thankfully, over the last four years, New York has quickly gone from worst to first in the nation in cutting taxes, making New York a better place to live and work.

At the same time, the Department of Taxation and Finance continues to enhance and improve the services we provide taxpayers.

New York State now processes state income tax refunds faster than ever before. Through the use of state-of-the-art technology, we are processing more refunds each day, providing New Yorkers their refund checks at a record pace. Just a few years ago, taxpayers often had to wait until July 15 to receive their hard-earned refund; today it is a matter of weeks.

Also, through our use of the Department Internet site, we are providing taxpayers easier access to forms, publications, and up-to-date tax information which taxpayers need to quickly and easily complete their tax returns. Our website is accessible 24 hours a day, seven days a week, at: [www.tax.state.ny.us](http://www.tax.state.ny.us).

Forms and instructions are also available around the clock through our Fax-on-Demand system at 1 800 748-3676. If you need personal assistance completing your taxes, you may take advantage of our Taxpayer Assistance toll-free hotline at 1 800 225-5829.

Very truly yours,

Michael H. Urbach  
Commissioner

## 2 Highlights for Tax Year 1998

### ● Use Form IT-203-ATT to claim certain tax credits

If you qualify to claim certain new and existing credits not listed directly on Form IT-203, you must now complete and attach the redesigned **Form IT-203-ATT, Itemized Deduction, and Other Taxes and Tax Credits.**

The **farmers' school tax credit**, previously claimed on Form IT-217 and transferred to Form IT-203, must now be transferred from Form IT-217 to **Form IT-203-ATT**. In addition, other credits previously included in the amounts shown on Form IT-203, and any **claim of right credits**, now have specific entry lines on Form IT-203-ATT. (There is also a new Form IT-257 for the claim of right credit; see below.)

**Please review the highlights on new and existing credits below, as well as the instructions for Form IT-203-ATT that begin on page 35, to be sure that you correctly claim any credits you may be entitled to.**

### ● Alimony paid is now allowed as a deduction from New York sources

Based on a recent court decision, nonresidents and part-year residents are now allowed all or a portion of the federal adjustment for alimony paid as a deduction from New York sources. For more information on how to claim this deduction, see the instructions for *Line 17*, on pages 17 and 18.

In addition, if you claimed alimony paid as a federal adjustment to income on a Form IT-203 filed for a prior year, you may be able to amend your return by filing Form IT-203-X for the specific tax year being amended. For information about filing an amended nonresident or part-year resident return, see page 32.

### ● City of New York school tax credit (new)

To claim this credit, you must be a city of New York resident or part-year resident who cannot be claimed as a dependent on another taxpayer's federal return. See page 8 and the instructions for line 56 on page 27.

### ● Employment of persons with disabilities credit (new)

This credit is available to employers of certain persons with disabilities. The credit amount per employee can be up to \$2,100. See the instructions for new **Form IT-251, Credit for Employment of Persons with Disabilities.**

### ● Alternative fuels credit (new)

You can claim the alternative fuels credit for electric vehicles, clean-fuel vehicle property, and clean-fuel vehicle refueling property placed in service in tax years beginning after 1997 and before 2003. See the instructions for new **Form IT-253, Alternative Fuels Credit.**

### ● Solar electric generating equipment credit (new)

Beginning in 1998, you may be allowed a credit for solar electric generating equipment based on the cost of purchasing and installing a system that generates solar electric energy for residential use. See the instructions for new **Form IT-255, Solar Electric Generating Equipment Credit.**

### ● Child and dependent care credit amounts revised

The child and dependent care credit has been increased to 100% of the federal child care credit for taxpayers with New York adjusted gross income of \$17,000 or less. For taxpayers with New York adjusted gross income between \$17,000 and \$30,000, the credit has been phased down to 20% of the federal credit. See **Form IT-216, Claim for Child and Dependent Care Credit.**

### ● Tax credits for the financial services industry

An investment tax credit, economic development zone (EDZ) investment tax credit, and EDZ employment incentive credit may be allowed to brokers and dealers for property used in connection with the purchase and sale of securities. See the instructions for lines 44, 46, 59, and 61 of Form IT-203-ATT on pages 38 and 39.

### ● New York State college tuition savings program

This new program has been established to enable you to save for tuition and other higher education expenses. You can deduct up to a maximum of \$5,000 per year of the amount you contributed to the account. See addition A-23 on page 21, and subtractions S-26 and S-27 on page 24. For more information, contact **NYS College Tuition Savings Program** customer service directly, toll-free, at **1 877 NY SAVES** (697-2837), or visit their website at — [www.nysaves.org](http://www.nysaves.org)

### ● Three new additions to income; line 21 of Form IT-203:

- 1 Farmers' school tax credit** – If you claimed the farmers' school tax credit on your 1997 tax return, you must include that amount on line 21. See New York addition A-22 on page 21.
- 2 College tuition savings distributions** – If you made a nonqualified withdrawal from a New York family tuition account, include that amount on line 21. See New York addition A-23 on page 21.
- 3 Qualified emerging technology investments (QETI)** – If you elected to defer the gain from the sale of QETI, you must make an addition to your federal adjusted gross income when the reinvestment in the New York QETI company is sold. See New York addition A-24 on page 21.

### ● Six new subtractions to income; line 28 of Form IT-203:

- 1 Long-term residential care deduction** – If you were a resident in a qualified continuing care retirement community, include on line 28 the portion of the fees you paid during the year that are attributable to the cost of providing long-term benefits to you under a continuing care contract. See New York subtraction S-25 on page 24.
- 2 College tuition savings deduction** – If you made contributions as the account owner to one or more New York family tuition accounts, and the contributions were not deductible or eligible for a credit for federal income tax purposes, include that amount, up to \$5,000, on line 28. See New York subtraction S-26 on page 24.
- 3 College tuition savings distributions** – If you made a qualified withdrawal from a NY State family tuition account, and part of the withdrawal was included in your federal adjusted gross income, include that amount on line 28. See New York subtraction S-27 on page 24.
- 4 Distributions made to a victim of Nazi persecution** – If you included in your federal adjusted gross income distributions received because of your status as a victim of Nazi persecution, as defined in federal P.L. 103-286, or as a spouse or a descendant of the victim, include that amount on line 28. See New York subtraction S-28 on page 24.
- 5 Items of income related to assets stolen from, hidden from, or otherwise lost to a victim of Nazi persecution** – If you received items of income in any way related to assets stolen from, hidden from, or otherwise lost to a victim of Nazi persecution, and that income was included in your federal adjusted gross income, include that income amount on line 28. See New York subtraction S-29 on page 24.
- 6 Qualified emerging technologies investments (QETI)** – If you sold any QETI on or after March 12, 1998, that was a) held for more than 36 months; and b) rolled over into the purchase of a new QETI within 365 days, you may elect to defer the gain from the sale of QETI. See New York subtraction S-30 on pages 24 and 25.

### ● New form for claim of right credit

A new **Form IT-257, Claim of Right Credit**, has been developed for taxpayers who qualify. See page 39.

### ● Capital gain portion of lump-sum distribution worksheets moved

The worksheets have been taken off the back of Form IT-203-ATT and moved to **Form IT-230-I, Instructions for Form IT-230**. See Forms IT-230, *Separate Tax on Lump-Sum Distributions*, and IT-230-I for more information.

### ● Do you need a tax packet?

If you use a paid preparer, or if you use computer software to prepare your return, or if for any other reason you do not need a tax packet mailed to you for next year's taxes, please check the box at item D of your Form IT-203. By checking this box, you will help us reduce printing and mailing costs.

When you check the box, we will send you a peel-off label that you or whoever prepares your return should use on your 1999 return. Be sure to use your preprinted peel-off label; if you do not, it may cause a delay in processing your return and your refund, if you are entitled to one.

## How to avoid mistakes that slow down the processing of your return and refund:

### ● Be sure to check either the Yes or No box at Item C.

Item C asks whether or not you can be claimed as a dependent on another taxpayer's federal return. Be sure to check either the Yes or No box, especially if you are single, since the answer determines the amount of standard deduction allowed.

### ● Public employee 414(h) retirement contributions must be entered on line 20.

If you are a Tier 3 or Tier 4 member of the New York State and Local Retirement Systems (including the New York State Employees' Retirement System and the New York State Policemen's and Firemen's Retirement System), New York State Teachers' Retirement System, or an employee of the State or City University of New York who belongs to the Optional Retirement Program or a member of the Manhattan and Bronx Surface Transit Authority (MABSTOA) pension plan or any tier member of the New York City Employees' Retirement System, the New York City Teachers' Retirement System, the New York City Board of Education Retirement System, the New York City Police Pension Fund or the New York City Fire Department Pension Fund, you must enter the amount of public employee 414(h) retirement contributions you made in 1998 on line 20.

### ● New York City IRC 125 flexible benefits program must be included on line 21.

IRC section 125 amounts deducted or deferred from your salary under a flexible benefits program established by the city of

New York and certain other New York City public employers must be included as an "other addition" on line 21 of Form IT-203.

### ● Long Island Railroad Company pensions are not taxable to New York State and should be subtracted on line 24.

Any pension you received, or distributions made to you from a pension plan, which represents a return of contributions in a year prior to retirement as an officer, employee, or beneficiary of an officer or an employee from the Long Island Railroad Company are not taxable to New York State. You should subtract these pension amounts from your federal adjusted gross income at line 24. See the instructions for line 24 on page 21.

### ● Check the New York standard deduction table on page 25 and make sure that you have claimed the correct standard deduction for your filing status on line 32.

For example, do not claim a head of household filing status and then claim a standard deduction for a single or married filer.

### ● Complete the New York Dependent Exemption Worksheet on page 25 and enter the line c number on line 34.

Some taxpayers make the mistake of entering the number of exemptions that they claimed on their federal return on line 34 of their Form IT-203. In general, federal exemptions include both personal and dependent exemptions. However, only dependent exemptions are allowed on your New York State return. The value of each New York dependent exemption is \$1,000. To ensure that you receive credit for the

correct number of New York dependent exemptions, complete the worksheet on page 25 of these instructions before making an entry at line 34 of your return.

### ● Enter your refund or amount you owe on the correct line of your return.

Taxpayers sometimes enter the amount they owe on the refund line (line 64) instead of on the amount you owe line (line 66). The taxpayer then expects a refund, when in fact he or she owes tax. This will result in a bill for the tax owed plus interest and possible penalty. This situation can be avoided by making sure that if you owe tax, you enter the amount owed on the correct line and pay this amount when you file your return.

### ● Nonobligated spouses should attach Form IT-280 to their returns.

If you are a nonobligated spouse who is filing Form IT-280 to disclaim your spouse's debt, use the original Form IT-280. Do not use a photocopy. If you need to get this form, see *Need Help?* on the back page of these instructions.

### ● Amount applied to 1999 estimated tax

If you elect to apply all or part of the amount overpaid to your 1999 estimated tax, that election generally cannot be changed after April 15, 1999.

### ● Use your preprinted peel-off label.

The peel-off label on the inside front cover of your income tax packet is designed to speed processing and prevent common errors that may delay refund checks. But do not attach the label until you have completed and checked your return. See Step 5 on page 30 of these instructions.

## How Nonresidents and Part-Year Residents are Taxed

If you were a nonresident of New York State and received income in 1998 from New York State sources, or if you moved into or out of New York in 1998, you must file Form IT-203, *Nonresident and Part-Year Resident Income Tax Return*. You are subject to New York State tax on income you received from New York sources while you were a nonresident and on all income you received while you were a New York State resident.

First, you must compute a base tax as if you were a resident of New York for the entire year, including items of income, gain, loss and deduction from all sources. You must then divide your New York source amount of New York adjusted gross income by your federal amount of New York adjusted gross income to determine an income percentage. The base tax is multiplied by the income percentage to arrive at the amount of tax apportioned to New York based on New York source income.

If you were a resident of New York for all of 1998, you must use a resident income tax return, Form IT-100, Form IT-200 or Form IT-201.

- **Notice to Estimated Tax Filers** — The Tax Department plans to begin mailing estimated tax vouchers in mid-February. Estimated tax filers can expect to receive their IT-2105 payment vouchers in late February or early March. The first installment is due on or before April 15, 1999.

- **Americans with Disabilities Act** — In compliance with the Americans with Disabilities Act, we will ensure that our lobbies, offices, meeting rooms and other facilities are accessible to persons with disabilities. If you have questions about special accommodations for persons with disabilities, please call the **Information** number listed under the **Need Help?** section on the back cover of these instructions.

## Who Must File

### New York Nonresidents and Part-Year Residents

You must file a New York State nonresident and part-year resident return, Form IT-203, if you meet any of the following conditions:

- Your federal filing status is: **and you had New York source income, and your New York adjusted gross income (Federal Amount column) is more than:**

single, and you can be claimed as a dependent on another taxpayer's federal return . . . .	\$3,000
single, and you cannot be claimed as a dependent on another taxpayer's federal return . . . . .	\$7,500
married filing joint return . . . . .	\$13,000
married filing separate return . . . . .	\$6,500
head of household . . . . .	\$10,500
qualifying widow(er) . . . . .	\$13,000

New York source income is the sum of the net amount of items of income, gain, loss and deductions derived from or connected with New York sources, including your share of those items from partnerships, S corporations and estates and trusts. See *New York Source Income*, below, for more information.

New York adjusted gross income is simply federal adjusted gross income increased or reduced by any required New York additions and subtractions.

New York additions and subtractions are explained on pages 18 through 25 of these instructions; see the federal instructions to find your filing status and figure your federal adjusted gross income if you do not have to file a federal return.

- You want to claim a refund of any New York State, city of New York or city of Yonkers income taxes withheld from your pay.
- You want to claim a refund of the following New York State, city of New York or Yonkers refundable credits:
  - Part-year resident refundable child care credit
  - Part-year resident refundable earned income credit
  - Farmers' school tax credit
  - Investment credit for new businesses
  - Financial services industry investment credit for new businesses
  - EDZ investment tax credit for new businesses and EDZ employment incentive credit for new businesses
  - Financial services industry EDZ investment tax credit for new businesses and financial

services industry EDZ employment incentive credit for new businesses

- EDZ wage tax credit for new businesses
- ZEA wage tax credit for new businesses; **or**
- Claim of right credit (New York State, city of New York and Yonkers)
- You are subject to the minimum income tax on tax preference items derived from or connected with New York sources. For further information, see *Other Forms You May Have to File* (Form IT-220, *Minimum Income Tax*) on page 9 of these instructions.
- You are subject to a separate tax on any lump-sum distributions derived from or connected with New York sources. See *Other Forms You May Have to File* (Form IT-230, *Separate Tax on Lump-Sum Distributions*) on page 9.
- You incurred a net operating loss for New York State personal income tax purposes for the tax year without incurring a similar net operating loss for federal income tax purposes. See *New York State Net Operating Loss* on page 10 for more information.

### Did you use federal Form 8814 or federal Form 8615 to report your child's investment income?

If you elected to file federal Form 8814 with your federal return, the amount of your child's investment income over \$1,400 that was included in your federal gross income must be reported in the *Federal Amount* column of your Form IT-203 and taxed at your rate. In this case, you will not file a New York return for your child. However, it will be to your advantage to file a New York return for your child since there will not be any New York tax on the first \$3,000 of your child's investment income. To qualify for filing a New York return for your child, you must first file a federal income tax return and federal Form 8615 (instead of federal Form 8814) to report your child's investment income.

### New York Source Income

#### Nonresident

The New York source income of a nonresident is the sum of the income, gain, loss or deduction derived from or connected with New York State included in your New York adjusted gross income. This includes income from:

- real or tangible personal property located in New York;
- services performed in New York;
- a business, trade, profession or occupation carried on in New York;
- a corporation in which you are a shareholder and which makes an election under section 660 of the Tax Law to be taxed as an S corporation;
- your distributive share of New York State partnership income or gain; and
- your share of New York State estate or trust income or gain.

New York source income of a nonresident does **not** include the following income even if it was included in your federal adjusted gross income:

- certain pensions that are exempt from New York State taxation by reason of section 114 of Title 4 of the U.S. Code (see line 10 instructions on page 16), and annuities and pensions which meet the New York State definition of an annuity, unless the annuity is employed in or used as an asset of a business, trade, profession or occupation carried on in New York;
- interest, dividends or gains from the sale or exchange of intangible personal property, unless they are part of the income you received from carrying on a business, trade, profession or occupation in New York;
- compensation you received for active service in the United States military (see *Members of the Armed Forces* on page 7);
- your income as a shareholder of a corporation which did **not** have an election in effect to be taxed as an S corporation under section 660 of the Tax Law; or
- compensation you received from an interstate rail carrier, interstate motor carrier or an interstate motor private carrier for regularly assigned duties performed in more than one state.

#### Part-year resident

The New York source income of a part-year resident is the sum of the following with adjustments for the special accruals defined below:

1. all income reported on your federal return for the period you are a resident of New York State; and
2. the New York source income for the period you were a nonresident of New York State.

### Special Accruals

**Your accrued income as an individual moving out** of New York State is income you earned in your New York resident period but received after you became a nonresident of New York State. Your accrued income as an individual **moving into** New York State is non-New York source income you earned in your nonresident period but received after you became a New York State resident. Income accrues to you as a taxpayer when the amount becomes fixed and determinable and you have an unrestricted right to receive it. An accrued expense is a cost that has been incurred but not yet paid.

If you **moved out** of New York State, you must accrue any item of income, gain, loss or deduction which, under an accrual method of accounting, would be reportable at the time you changed your residence. This includes income or gain you elected to report on the installment basis. You also have to accrue to New York State items of tax preference subject to the minimum income tax (Form IT-220) and the total taxable amount of lump-sum distributions subject to the separate tax on lump-sum distributions (Form IT-230).

(continued)

## Who Must File *(continued)*

### Special Accruals *(continued)*

Accruals are not required if you file a bond or other acceptable security in an amount equal to or greater than the amount of additional New York State income tax that would be due if the accrued items were included on your part-year resident return, and you include the accrued amounts on your New York nonresident return for subsequent tax years as if no change in resident status occurred. If you elect to file a bond or other acceptable security instead of accruing income, you will need Form IT-260, *Surety Bond Form*, or Form IT-260.1, *Change of Resident Status - Special Accruals*. For more information on how to file a bond or other acceptable security, see Form IT-260-I, *Instructions for Forms IT-260 and IT-260.1*.

As a resident, if you received proceeds from lottery winnings (the amount of winnings less the amount of wager) of more than \$5,000 from the New York State lottery, the proceeds are subject to New York State, New York City (if applicable) and Yonkers (if applicable) income tax withholding. Continued withholding (as reported on Form IT-2102-G, *Report of Certain Gambling Winnings*) will serve as an acceptable security in making a special accrual of lottery winnings as required by section 639 of the Tax Law.

**If you became a New York State resident** during the tax year, you must accrue any item of income, gain, loss or deduction which, under an accrual method of accounting, would be reportable at the time you changed your residence, except that no accrual is required or allowed for items of income, gain, loss or deduction derived from or connected with New York State sources.

Any item of income, gain, loss or deduction accrued up to the time you changed your residence must be excluded in determining your New York source income, New York adjusted gross income, minimum taxable income or total taxable amount of lump-sum distributions, for the year of change or any subsequent year.

**The New York adjusted gross income of a part-year resident** must include special accruals and any applicable modifications (see *New York Additions* beginning on page 19 and *New York Subtractions* beginning on page 21) as if the accrued items were includable or allowable for federal income tax purposes.

### Resident, Nonresident and Part-Year Resident Defined

**You may have to pay income tax as a New York State resident even if you are not considered a resident for other purposes. For income tax purposes, your resident status depends on where you were domiciled and where you maintained a permanent place of abode during the taxable year.**

**In general, your domicile** is the place you intend to have as your permanent home. Your domicile is, in effect, the **state** where your permanent home is located. It is the place you intend to return to whenever you may be away (as on vacation abroad, business assignment, education leave, or military assignment).

**You can have only one domicile.** Your New York domicile is not changed until you can demonstrate that you have abandoned your New York domicile and established a new permanent domicile outside New York.

A change of domicile must be *clear and convincing*. Easily controlled factors such as where you vote, where your driver's license and registration are issued, where your will is located or similar items are **not** the primary factors to be taken into consideration in determining where you are domiciled. To properly determine whether you have changed your domicile, you should first consider a comparison of your primary ties in both locations. For example, compare (1) the size, value, and nature of use of your first residence to the size, value, and nature of use of your newly acquired residence, (2) your employment and/or business connections in both locations; (3) the amount of time spent in both locations; (4) the physical location of items that have significant sentimental value to you in both locations; and, (5) your close family ties in both locations. A change of domicile is *clear and convincing* only when your primary ties are clearly greater in the **new** location. When weighing your primary ties, keep in mind that depending upon your overall lifestyle, some ties may weigh more heavily than others. It is the responsibility of the taxpayer to make available, if requested by the Department, documentation showing that the necessary intention to effect a change of domicile existed.

If you move to a new location but intend to stay there only for a limited amount of time (no matter how long), your domicile does not change. For example: *Mr. Green of ABC Electronics in Elmira, New York was temporarily assigned to the Atlanta, Georgia branch office for two years. After his stay in Atlanta, he returned to his job in New York. His domicile did not change during his stay in Georgia; it remained New York State.*

If your domicile is New York State and you go to a foreign country because of a business assignment by your employer, or for study, research or any other purpose, your domicile does not change unless you show that you definitely do not intend to return to New York State.

A *permanent place of abode* is a residence (a building or structure where a person can live) you permanently maintain, whether you own it or not, and usually includes a residence your husband or wife owns or leases. A place of abode is not permanent if you maintain it only during a temporary or limited period of time for a particular purpose. For more information, see Publication 88, *General Tax Information for New York State Nonresidents and Part-Year Residents*.

### Resident

You are a New York State resident if:

- Your domicile is **not** New York State, but you maintain a permanent place of abode in New York and spend *184 days or more* in New York during the taxable year. However, if you are a member of the armed forces, and your domicile is not New York State, you are not a resident under this definition; or
- Your domicile is New York State unless you meet **all three** of the conditions in either Group A or Group B as follows:

#### Group A

- You did not maintain any permanent place of abode in New York State during the taxable year; and
- You maintained a permanent place of abode outside New York State during the entire taxable year; and
- You spent *30 days or less* in New York State during the taxable year.

#### Group B

- You were in a foreign country for at least 450 days during any period of 548 consecutive days; and
- You spent *90 days or less* in New York State during this 548-day period, and your spouse (unless legally separated) or minor children spent *90 days or less* in New York during this 548-day period in a permanent place of abode maintained by you; and
- During the nonresident portion of the taxable year in which the 548-day period either begins or ends, you were present in New York State for no more than the number of days which bears the same ratio to 90 as the number of days in such portion of the taxable year bears to 548.

This condition is illustrated by the following formula:

$$\frac{\text{Number of days in the nonresident portion}}{548} \times 90 = \text{Maximum number of days allowed in New York State}$$

For more information, see Publication 88, *General Tax Information for New York State Nonresidents and Part-Year Residents*.

### Nonresident

You are a New York State nonresident if you were not a resident of New York State for any part of the year.

### Part-year resident

You are a New York State part-year resident if you meet the definition of resident or nonresident for only part of the year.

## Who Must File *(continued)*

### Joint and Separate Returns for Married Taxpayers

#### If you filed a joint federal return and:

- both spouses are nonresidents and both have New York source income, **or**
- one spouse is a part-year resident and the other is a nonresident with New York source income, **or**
- both spouses are part-year residents,

you must file a joint New York State return using filing status ②. Both spouses must sign the return and will be jointly and severally (individually) liable for the entire tax, penalty or interest due. **Do not complete or attach Form IT-203-C to your return.**

**Exception:** If you meet one of the preceding three conditions but are unable to file a joint New York return because the address or whereabouts of your spouse is unknown or your spouse refuses to sign a joint New York return, you **may** file a separate New York return using filing status ③.

A separate return may be filed using the above exception **only** if you meet at least one of the following conditions:

- you can demonstrate that the address and whereabouts of your spouse are unknown, reasonable efforts have been made to locate your spouse, and good cause exists for the failure to file a joint New York return; **or**
- reasonable efforts have been made to have your spouse sign a joint return, there exists objective evidence of alienation from your spouse, such as judicial order of protection, legal separation under a decree of divorce or separate maintenance, or living apart at all times during the preceding year, and good cause exists for the failure to file a joint New York return.

#### If you filed a joint federal return and:

- both spouses are nonresidents but only one has New York source income, **or**
- one spouse is a part-year resident and the other is a nonresident with no New York source income,

you must file a joint New York State return using filing status ② and include in the *Federal Amount* column the joint income as reported on your federal income tax return. However, only the spouse with New York source income (or the part-year resident spouse) should sign Form IT-203. **That spouse must also complete Form IT-203-C, Nonresident or Part-Year Resident Spouse's Certification,** and attach it to the front of Form IT-203. In this case, any refund or notice of tax, penalty or interest due will be issued only in the name of the spouse required to sign Form IT-203.

**If you filed a joint federal return and one spouse is a New York State resident and the other is a nonresident or part-year resident,** you must file separate New York State returns, using filing status ③. The New York State resident must use either Form IT-200 or Form IT-201; the nonresident or the

part-year resident, if required to file a New York return, must use Form IT-203. However, if both of you choose to file as New York residents, you may elect to file a joint New York State resident return, using filing status ② on Form IT-100, IT-200 or IT-201. Both spouses must sign the joint return and will be jointly and severally (individually) liable for the entire tax, penalty or interest due.

Generally, you must file a joint New York return if you wish to claim the New York State child and dependent care credit. However, if one spouse is a nonresident or part-year resident and the other spouse is a resident and both spouses have New York source income, and they file separate New York returns, the credit may be claimed on the separate return of the spouse with the lower taxable income.

**If you each filed a separate federal return,** each spouse having New York source income must file a separate New York State return.

### Members of the Armed Forces

If your permanent home (domicile) was outside New York State when you entered the military, you do not become a New York State resident even if you were assigned to duty in New York State and establish a place of abode in New York State. If you are a New York State nonresident, your military pay is not subject to New York State tax. However, if you must file a New York State return on form IT-203, your military pay must be entered in the *Federal Amount* column even if it is not taxable to New York State. Any other income that you receive from New York State sources while you are a nonresident (including your spouse's income) may be subject to tax. If you have a civilian job in New York during your off-duty hours, the income you receive is subject to income tax. Income or gain from property located in New York or from a business, trade or profession carried on in this state is also subject to tax.

If your permanent home (domicile) was in New York State when you entered the military, you are still a New York State resident and must file a resident return even if you are presently assigned to duty in another state or country.

Generally, your domicile does not change when you are serving temporarily in the armed forces of the United States. However, **if you meet all three conditions in Group A** on page 6 and want to file for a refund of any New York State income tax withheld, file nonresident Form IT-203 and attach an explanation which contains the following information:

- a statement that you had no permanent place of abode in New York State during the taxable year; and
- the location and a brief description of the permanent place of abode you maintained outside New York State and the beginning and ending dates of your stay there; and
- the exact number of days you were in New York State during the tax year.

Your barracks, bachelor officer's quarters or quarters on ship generally do not qualify as a permanent place of abode.

**If you meet all three conditions in Group B** on page 6 and want to file for a refund, file Form IT-203 and attach a statement explaining how you meet the three conditions.

If you are stationed in a foreign country when your return is due and you qualify for an automatic two-month extension of time to file your federal return, you are automatically granted a two-month extension of time to file your New York return.

For more information, see Publication 361, *New York State Income Tax Information for Military Personnel and Veterans*.

**City taxes:** If you were a New York City or Yonkers resident when you entered the military and if your military pay is subject to New York State income tax, it is also subject to New York City or Yonkers taxes. However, if you meet the conditions for nonresident status, your military pay is not subject to the New York City or Yonkers nonresident earnings tax.

### Exclusion of, or Deduction from, Foreign Earned Income

If you are entitled to claim a federal exclusion of, or deduction from, your foreign earned income (as stated under section 911 of the Internal Revenue Code), you are also allowed to claim it on your New York State income tax return in the *Federal Amount* column. You would also be allowed to claim that portion of the federal exclusion of, or deduction from, foreign earned income in the *New York State Amount* column to the extent it relates to income reported in the *New York State Amount* column. If you claim either the exclusion or the deduction, attach a copy of your federal Form 2555, *Foreign Earned Income*, or Form 2555-EZ, *Foreign Earned Income Exclusion*, to your New York State income tax return.

If you have not yet qualified for the exclusion or deduction but you have filed a federal return, you must also file a New York State return. You should report all income, including income earned in any foreign country, reported on your federal return. If you later qualify for an exclusion or deduction, you can file a claim for a refund on Form IT-113-X, *Claim for Credit or Refund of Personal Income Tax*, or you can file an amended return on Form IT-203-X, *Amended Nonresident and Part-Year Resident Income Tax Return*. Attach a copy of federal Form 2555 or 2555-EZ to your Form IT-113-X or to your Form IT-203-X. See *Amending Your New York State Return* on page 32 in these instructions.

### U.S. Nonresident Aliens

**If you are a U.S. nonresident alien for federal income tax purposes and are required to file federal Form 1040NR, U.S. Nonresident Alien Income Tax Return,** you may be required to file a New York State nonresident return, Form IT-203. See *New York Nonresidents and Part-Year Residents* under *Who Must File* on page 5 of these instructions.

*(continued)*

## Who Must File *(continued)*

### U.S. Nonresident Aliens *(continued)*

If you must file a New York return and you checked filing status box 3, 4 or 5 on federal Form 1040NR, you must compute your New York State tax as married filing separately and check box 3 at item A on your Form IT-203. It is important to note that some income items and line references used on Form IT-203 do not correspond with those shown on federal Form 1040NR. The *Dependent Exemption Worksheet* for line 34 (on page 25) asks you to enter the number of exemptions from line 6d of your federal Form 1040 or 1040A. For a nonresident alien, the corresponding line to obtain this information is line 7d of federal Form 1040NR. Line 12 of federal Form 1040NR is used to report income from scholarships and fellowships. Since there is no corresponding line on the New York nonresident return, this income should be reported as other income on line 15 of Form IT-203.

Also, if you filed federal Form 1040NR you should claim the New York deduction (itemized or standard) that is more advantageous to you.

Complete your return using the steps and line instructions beginning on page 12.

### Deceased Taxpayers

If a taxpayer died before filing a return for 1998, the taxpayer's spouse or personal representative may have to file and sign a return for that taxpayer. A personal representative can be an executor, administrator or anyone who is in charge of the deceased taxpayer's property. If a taxpayer did not have to file a federal return but had New York State tax withheld, a New York return must be filed to get a refund. If a joint federal income tax return was filed for the deceased taxpayer and the surviving spouse, a joint New York State return can be filed on Form IT-203. The filing due date is the same as if the taxpayer had lived. The person who files the return for the deceased should write the taxpayer's first name and date of death in the area indicated at the top of the return.

If a refund over \$10,000 is requested and (1) the return is not signed by the fiduciary, or (2) you are a court-appointed representative and are claiming a refund for a deceased taxpayer, file the return and attach a copy of the certificate that shows your appointment. All other filers requesting the deceased taxpayer's refund must file the return and may have to attach Form AU-281.17, *Survivor's Affidavit*. Call or write us for this form. See *Need Help?* on the back page of these instructions.

### Estates and Trusts

Estates and trusts are subject to New York State personal income tax. The fiduciary for an

estate or trust must file Form IT-205, *New York State Fiduciary Income Tax Return*.

Each nonresident and part-year resident beneficiary of an estate or trust must include his or her share of the estate or trust income, if any portion of that income is derived from or connected with New York sources, on Form IT-203. For more information on responsibilities of beneficiaries, see *Beneficiaries (estates and trusts)* on page 18 of these instructions.

### Partnerships/Limited Liability Partnerships or Companies

Partnerships, Limited Liability Partnerships (LLP) and Limited Liability Companies (LLC), Limited Liability Investment Companies (LLIC) and Limited Liability Trust Companies (LLTC) that are treated as partnerships for federal purposes, are not subject to the New York State personal income tax but individual members of the partnership are. If your partnership has a partner who is a New York State resident, or if the partnership has any income from New York State sources, it must file Form IT-204, *Partnership Return*. If you were a partner with New York source income, transfer your share of income or loss, deductions and adjustments from Form IT-204 to your Form IT-203. If your partnership carried on a business in New York City, it may also be required to file Form NYC-204, *City of New York Unincorporated Business Tax Partnership Return*. For more information, see the instructions for Form NYC-204. You can get this form and its instructions by calling the NYC Department of Finance. See *How to Get New York City Forms* below.

Since New York State does not administer the New York City unincorporated business tax, do not file your Form NYC-204 with your state return.

#### How to Get New York City Forms

If you need to get forms and instructions from the NYC Department of Finance, you can get them by calling New York City Tax Fax at (718) 935-6114 from the telephone connected to your fax machine or modem (24 hours a day, 7 days a week); by calling New York City Taxpayer Assistance at (718) 935-6000 Monday through Friday between the hours of 9:00 a.m. and 4:30 p.m.; or by using the **Access Finance** kiosks inside the borough offices of the City Collector to print the forms you need. For locations, call (718) 935-6736 and select message 414. These offices are open from 9 a.m. to 5 p.m., Monday through Friday. You can also access the New York City government website, *NYC LINK*, at

<http://www.ci.nyc.ny.us/finance> for NYC Department of Finance forms, applications and information.

### Nonresidents of New York City and Yonkers

If you were not a New York City or Yonkers resident for 1998 but you earned wages or self-employment income there and you have to file a New York State income tax return, you must also file Form NYC-203, *City of New York Nonresident Earnings Tax Return*, and/or Form Y-203, *City of Yonkers Nonresident Earnings Tax Return*.

If you are married, you cannot file jointly on Form NYC-203 or Form Y-203. If you each have taxable earnings, you must each file a separate Form NYC-203 and/or Form Y-203. Forms NYC-203 and Y-203 are due at the same time as your state return and must be attached to it. For more information, see the Form NYC-203 and Y-203 instructions.

### Part-Year Residents of New York City and Yonkers

If you changed your New York City or Yonkers resident status during the year, you must complete Form IT-360.1, *Change of City Resident Status*, and pay New York City resident tax or Yonkers resident income tax surcharge for the part of the year that you lived in New York City or Yonkers. If you earned wages in one of these cities or conducted a trade or business there (either as an individual or a member of a partnership) during the part of the year that you were not a New York City or Yonkers resident, you must complete Form NYC-203, *City of New York Nonresident Earnings Tax Return*, or Form Y-203, *City of Yonkers Nonresident Earnings Tax Return*, and pay any tax due. For more information, see Form IT-360.1-I, *Instructions for Form IT-360.1*.

### City of New York School Tax Credit

If you or your spouse (if married) are a New York City part-year resident, and cannot be claimed as a dependent on another taxpayer's federal return, you may be entitled to the new city of New York school tax credit. See the instructions for line 56 on page 27.

**TIP** Even if you do not have to file an income tax return, you may still claim the city of New York school tax credit by filing only Form NYC-210, *City of New York School Tax Credit*. For more information, see Form NYC-210. If you are filing a tax return on Form IT-100, IT-200, IT-201, or IT-203, **do not** complete Form NYC-210; you claim the credit directly on your return (on Form IT-100, it is computed automatically for you).

## Your Rights Under the Tax Law

The Taxpayer Bill of Rights requires, in part, that the Tax Department advise you, in writing, of your rights and obligations during an audit, when appealing a Tax Department decision and when your appeal rights have been exhausted and you need to understand enforcement capabilities available to the Tax Department to obtain payment. For a complete copy of the information contained in all of these statements, you may request Publication 131, *Your Rights and Obligations Under the Tax Law*. For a copy of Publication 131, see *Need Help?* on the back cover of these instructions.

**TIP**

You can file your income tax return electronically, using your personal computer and one of the many commercially available software packages, or you can choose to have a tax professional electronically file your return for you. Electronic filing is the fastest way to receive your refund, if you are entitled to one. The speed and accuracy of computers allow electronic returns to be processed faster than paper returns, and since all electronic returns are prepared using software programs that have been approved by the Tax Department, the possibility of errors and delays is greatly reduced. To receive your refund even faster, you can choose to have it deposited directly into your savings or checking account.

For tax year 1998, the electronic filing program has been expanded to allow nonresident and part-year resident taxpayers to electronically file Form IT-203, *Nonresident and Part-Year Resident Income Tax Return*. Not all software packages and preparers will be able to file this form electronically for 1998, so you should verify that the one you select can file the forms that you need.

## Other Forms You May Have to File

### Form IT-203-ATT, *Itemized Deduction, and Other Taxes and Tax Credits, Attachment to Form IT-203*

Complete this form if you are claiming the itemized deduction on your New York return, are subject to any other New York State or New York City taxes, or are claiming credits other than those reported on Form IT-203. You must complete **Schedule A** if you worked both in and out of New York State for an employer, and your income is not based on the volume of business transacted. You must complete **Schedule B** if you or your spouse maintained living quarters in New York State during any part of 1998. For more information, see the *Instructions for Form IT-203-ATT*, beginning on page 35.

### Form IT-220, *Minimum Income Tax*

Complete this form if you have federal tax preference items totaling more than the allowable specific deduction. You may have to file Form IT-220 even if you are not required to file federal Form 6251, *Alternative Minimum Tax - Individuals*. For more information, see the instructions for Form IT-220.

### Form IT-221, *Disability Income Exclusion*

Complete this form to figure the amount of your disability income that may be excluded from income on Form IT-203. To qualify, you must have retired due to permanent and total disability and you must not have reached age 65 when your tax year ended. If you claim this exclusion, the *Physician's Statement* at the bottom of Form IT-221 must also be completed and signed by your doctor. For more information, see Form IT-221.

### Form IT-230, *Separate Tax on Lump-Sum Distributions*

Complete Form IT-230 if you used federal Form 4972 to figure your federal tax on a lump-sum distribution from a qualified retirement plan. For more information, see the instructions for Form IT-230.

### Form IT-399, *New York State Depreciation Schedule*

Complete this form if you are an individual, partnership, estate or trust to figure your New York depreciation deduction for property placed in service during taxable years beginning in 1981, 1982, 1983 and 1984, and for property placed in service outside New York State in taxable years beginning after December 31, 1984, but prior to January 1, 1994 (including property on which ACRS depreciation was figured in accordance with the federal Tax Reform Act of 1986). Also use Form IT-399 to figure your adjustment for the federal ACRS deduction and the year of disposition adjustment. For more information, see Form IT-399.

## Other Forms You May Have to File (continued)

### Form IT-2105, *Estimated Income Tax Payment Voucher*

The total amount you must pay for 1999 through withholding and estimated tax is the lesser of:

1. 90% of the tax shown on the 1999 return, **or**
2. 100% of the tax shown on the 1998 return (110% of that amount if you are not a farmer or fisherman and the New York adjusted gross income (*Federal Amount* column) shown on that return is more than \$150,000 or, if married filing separately, more than \$75,000).

However, if you did not file a 1998 tax return, or if your 1998 return did not cover all 12 months, item 2 above does not apply.

For more information, see Form IT-2105-I, *Instructions for Form IT-2105 (Estimated Income Tax Payment Voucher For Individuals)*.

You do not have to pay estimated tax for 1999 if you expect to owe less than \$300 of New York State or New York City or Yonkers tax after deducting tax withheld and credits you are entitled to claim.

If you paid estimated tax for 1998 and filed a 1997 New York State income tax return, you will automatically receive a 1999 estimated tax packet in the mail. Included in your packet will be your account statement for tax year 1998. It will show the total amount recorded in your account as of the date shown on the statement. Review this statement carefully. If you disagree with any of the information, complete Form IT-2105.1 and fax or mail it immediately. **Fax: (518) 457-2249 or mail: NYS Tax Department, Estimated Tax Unit, Building 8 Room 539, W A Harriman Campus, Albany NY 12227.** Do not use a pre-addressed peel-off label for this form or attach Form IT-2105.1 to your Form IT-203.

If you do not receive your 1999 estimated tax packet by the date your first payment is due (generally April 15) or you would like to begin making estimated tax payments, call or write us for forms and instructions. See *Need Help?* on the back cover of these instructions.

**Estimated income tax for estates and trusts** – Estates and trusts are required to make estimated tax payments. However, estates (and certain grantor trusts that receive the residue of the decedent's estate under the decedent's will) are exempt from paying estimated tax for the first two years after the decedent's death. Generally, an estate or trust must pay estimated tax if the estate or trust is expected to owe, after subtracting its withholdings and credits, at least \$300 in New York income tax for 1999.

A fiduciary of an estate or trust who makes an election to allocate any portion of the estate's or trust's estimated tax payment among the beneficiaries must file Form IT-205-T, *Allocation of Estimated Tax Payments to Beneficiaries*. For more information, see the instructions for Form IT-205.

### New York State Net Operating Loss (NOL)

**Nonresident** – The New York State net operating loss to be included in the *New York State Amount* column of a nonresident's Form IT-203 must be figured in the same manner as the corresponding federal deduction, but using only New York State items of income, gain, loss and deduction in the computation. New York modifications are **not** included in the computation of the NOL and in determining the amount of loss to be used in the carryback or carryover year.

It is possible, because of the above rules, for a nonresident to have a New York NOL without having a federal NOL, or to have a New York NOL that is larger or smaller than the corresponding federal NOL. Form IT-203 must be filed for any year that a nonresident individual is claiming a net operating loss for New York purposes but not for federal income tax purposes. See *Who Must File* beginning on page 5 of these instructions.

**Part-year resident** – A part-year resident of New York State who incurs losses in the resident or nonresident period, or both, must make a separate NOL computation for each period (resident and nonresident), using only those items of income, gain, loss or deduction attributable to each period. For the resident period, the NOL is computed using only those items of income, gain, loss and deduction that would have been reported if a separate federal return was filed for the period of New York residence. For the nonresident period, the NOL is computed using the above rules for nonresidents.

To report a net operating loss (NOL) on Form IT-203, see the instructions for *Line 15, Other income* on page 17.

File Form IT-113-X to claim a personal income tax refund based upon a net operating loss (NOL) carryback if the NOL and any related adjustments are the only changes being made to the carryback year.

The following material should be attached to Form IT-113-X:

- a copy of the federal return for the loss year;
- for part-year residents, a copy of the federal NOL computation for the resident period and an attachment showing how the New York loss was computed for the nonresident period;
- for nonresidents, a Form IT-203-X, *Amended Nonresident and Part-Year Resident Income Tax Return*, for the carryback year showing how the loss was computed. Write **Recomputed to Reflect the NOL** at the top of the front page of the Form IT-203-X (for the carryback year), **and**
- a copy of the original New York State return for each year affected by the carryback.

For more information on claiming a personal income tax refund based upon an NOL, see Form IT-113-X.

### Form IT-203-X, *Amended Nonresident and Part-Year Resident Income Tax Return*

Generally, an amended return claiming credit for, or a refund of, an overpayment must be filed within three years of the date that the original return was filed, or within two years of the date the tax was paid, whichever is later. However, if you file an amended federal return showing a change in your taxable income, tax preference items, total taxable amount or capital gain or ordinary income portion of a lump-sum distribution, claim for the earned income credit, credit for child and dependent care expenses, or the amount of any federal foreign tax credit affecting the computation of the New York State resident credit (does not apply to nonresidents) you must also file an amended New York State return within 90 days from the date you amend your federal return if the change increases or decreases your New York State tax.

You must also file an amended return to correct any error on your original nonresident and part-year resident return and to report changes made by the Internal Revenue Service.

**If the Internal Revenue Service changes the taxable income, tax preference items, total taxable amount or capital gain or ordinary income portion of a lump-sum distribution, or disallows your refund claim, claim for the earned income credit, credit for child and dependent care expenses, or the amount of any federal foreign tax credit affecting the computation of the New York State resident credit (does not apply to nonresidents) that you reported on your federal return, and the change increases or decreases your New York State tax, you must report these changes to the New York State Tax Department within 90 days from the date the Internal Revenue Service makes its final determination.**

See page 32 for more information on completing and filing an IT-203-X amended return.

## Name and Social Security Number

You must enter your name and social security number on all forms you send to us. **If you are making a payment, write your social security number and 1998 Income Tax on your check or money order.**

## Whole Dollar Amounts

You may round all money items on your return to the nearest dollar. For example, round \$10.49 to \$10; round \$10.50 to \$11. If you round to the nearest dollar, round for all amounts.

## Wage and Tax Statements

Your employer must give you a wage and tax statement — either federal Form W-2 or New York State Form IT-2102. This statement shows your total earnings and the amount of New York State, New York City, and Yonkers taxes withheld from your pay during the year.

If you received periodic annuity, pension, retired pay or IRA payments and income tax was withheld, the payer must give you a statement, either federal Form 1099-R or New York State Form IT-2102-P. This statement shows the amount of your gross and taxable retirement plan payments, and the New York State, New York City and Yonkers tax withheld from your payments during the year.

If you received payments of lottery distributions as a New York State resident and income tax was withheld from those payments, you will receive federal Form W-2G or New York State Form IT-2102-G, *Report of Certain Gambling Winnings*. This statement shows your total payments and the amount of New York State, New York City and Yonkers taxes withheld during the year.

You must staple the New York State copy of federal Form W-2 (Copy 2) or New York State Form IT-2102 (Copy 1) to the back of your return as shown in Step 7, *Return Assembly*, on page 31 of these instructions. If you have not received your wage and tax statement by February 16, 1999, or if the statement you received is incorrect or lost, contact your employer.

## Estimated Tax Paid

Enter the amount of estimated tax payments made for New York State, New York City and Yonkers. Before completing this section of your return, review the account statement that was included with your estimated tax packet.

Report any discrepancies by completing Form IT-2105.1, provided in your estimated tax packet, and fax or mail immediately. Fax: (518) 457-2249 or mail: NYS Tax Department Estimated Tax Unit, Building 8 Room 539, WA Harriman Campus, Albany NY 12227

## Paid Preparers Must Sign Your Return

Anyone you pay to prepare your return must sign it and fill in the other blanks in the paid preparer's area of your return. The preparer required to sign your return must sign it by hand; signature stamps or labels are not acceptable. If someone prepares your return and does not charge you, that person should not sign it.

Paid preparers may be subject to a penalty for failure to comply with certain requirements. For more information, see *Penalties and Interest* on page 40.

## Computer Filled-In Returns

If you use a computer to fill in your return, be sure you meet these requirements:

- If you do not use the official income tax forms that we provide, any computer-generated form you use must comply with the guidelines in Publication 75, *Specifications for Reproduction of 1998 New York State Income Tax Forms*.
- Your software must conform to current federal and state income tax laws.

### Check Your Withholding for 1999

If you want to change the amount of tax withheld from your paycheck, complete the enclosed Form IT-2104, *Employee's Withholding Allowance Certificate*, and give it to your employer.

**Other Withholding Certificates** – If your income is subject to allocation and you want to have your withholding adjusted to reflect the allocation, complete the appropriate withholding allowance certificate (now included in this booklet) and give it to your employer. Nonresidents who work in the state use Form IT-2104.1 to allocate. City of New York nonresidents use Form IT-2104.2, city of Yonkers nonresidents use Form IT-2104.5. If you change residence, or if you are a nonresident and the percentage of services you perform within the state or city changes substantially, you must notify your employer within 10 days.

## Keep Copies of Your Tax Records

Please remember to keep a copy of your income tax return and all supporting schedules. Also keep any books, records, statements or other related documents.

You may be asked by the Tax Department to provide copies of these records subsequent to filing your income tax return.

## When to File

File your return as soon as you can after January 1, 1999, but not later than the filing deadline, **April 15, 1999**. If you file late, you may have to pay penalties and interest. See *Penalties and Interest* on page 40.

### Extension of time to file

If you know that you cannot meet the filing deadline, ask for an extension of time by filing New York State Form IT-370, *Application for Automatic Extension of Time to File for Individuals*. The time to file will be automatically extended for four months if you file Form IT-370 on time and, if required, pay any tax you owe with it.

Extension requests may also be filed via the internet; access the Tax Department's website for information or to submit an extension request. See *Need Help?* on the back cover for the website address.

If you expect to receive a refund or anticipate having no amount of New York State, New York City or Yonkers income tax remaining unpaid as of the due date of the return, we will accept a copy of federal Form 4868, *Application for Extension of Time to File U.S. Individual Income Tax Return*, filed on or before the due date of the return. Attach another copy to your return when you file it. Write **New York State Copy** at the top of the federal form.

If you are enclosing a payment with your extension request, mail Form IT-370 with your payment to: **Extension Request, PO Box 15106, Albany NY 12212-5106**.\*

If the balance due with your extension request is "0," mail Form IT-370 (or the copy of your federal Form 4868) to: **Extension Request-NR, PO Box 15105, Albany NY 12212-5105**.\*

If you qualify for an automatic two-month extension of time to file your federal income tax return because (1) you are a U.S. citizen or resident and live outside the U.S. and your main place of business or post of duty is outside the U.S. and Puerto Rico, or (2) you are in the military service outside the U.S. and Puerto Rico when your 1998 return is due, you are entitled to a similar two-month automatic extension of time to file your New York income tax return. The time to pay your New York State, New York City and city of Yonkers tax (with interest) is also similarly automatically extended. You must attach to your New York State return a statement showing that you qualify for the federal automatic two-month extension. If you cannot file on or before the end of this automatic two-month extension, file Form IT-370 and pay any tax due (with interest) with it to receive an additional two months to file. If you still need more time, you must file Form IT-372, *Application for Additional Extension of Time to File for Individuals*.

## Where to File

Use the preaddressed envelope that came with your tax packet.\* If you do not have one, address your envelope as follows:

For refund returns —  
**STATE PROCESSING CENTER — REFUND '98**  
**PO BOX 61000**  
**ALBANY NY 12261-0001**

For all other returns —  
**STATE PROCESSING CENTER**  
**PO BOX 61000**  
**ALBANY NY 12261-0001**

\* If you use a delivery service other than the U.S. Postal Service, see *Private Delivery Services* on page 31.

## Steps for Preparing Your Return

**Prepare your federal return first; much of the information on your New York State nonresident and part-year resident return will be the same.** In many cases when New York State and federal tax laws are similar, the New York instructions do not repeat all the requirements, but instead, explain the differences.

**If you used federal Form 8814 or 8615** to report your child's investment income, see page 5 for more information.

### Step 1

**Get all forms and publications you need.**

If you need any forms or publications, see *Need Help?* on the back cover.

### Step 2

**Get your tax records together.**

If you received a salary or wages, get all your 1998 wage and tax statements together. These can be either federal Form W-2 or New York Form IT-2102. Only your employer can issue or correct these forms. If you have not received your wage and tax statements by February 16, 1999, or if the form you received is incorrect, contact your employer.

If you had tax withheld from annuities, pensions, retired pay or IRA payments, get together all of your federal Form(s) 1099-R or New York Form(s) IT-2102-P. If you had tax withheld from lottery distributions, you will need your federal Form(s) W-2G or New York State Form(s) IT-2102-G.

If you are a part-year resident and you paid income taxes to another state, a local government within another state, the District of Columbia or a province of Canada during your period of New York State residence, get a copy of the income tax return you filed with that taxing authority.

If you made payments during the year for New York State, New York City or Yonkers estimated tax, compare your account statement included in your estimated tax packet with your records.

If you plan to take any credits or deductions, get all the supporting information and records you will need.

### Step 3

**Fill in your return.**

Fill in your return using the line instructions for Form IT-203 that begin on this page. Then continue with Step 4 on page 30.

## Line Instructions for Form IT-203

All information on your return, except for your mailing address, should be for the calendar year January 1 through December 31, 1998, or for your fiscal year that began in 1998. If you are filing for a fiscal year, enter the month and day your tax year began, and the month, day and year that it ended in the area provided at the top of the front page. Make your entries in the **white** areas of Form IT-203.

### Filling in your tax return

You may notice that Form IT-203, its attachment Form IT-203-ATT, and other selected forms and attachments (Forms IT-215, IT-216, NYC-203, etc.) are designed to let us use the latest scanning and image-processing equipment.

Boxes have been printed on the forms to guide you in making your handwritten entries. This will enable our scanning equipment to read your return more accurately and let us process it more efficiently. Please spend a moment reviewing the method below for making your entries:

— Please print (using a blue or black ballpoint pen; no pencils, please) or type all "X" marks and money amounts in the boxes and spaces provided.

— Write your numbers like this:

1 2 3 4 5 6 7 8 9 0 X

— Do not use dollar signs (\$), commas (,), decimal points (.), or any other punctuation marks or symbols. We have already printed the appropriate commas and the decimal points to assist you.

— Make your money amount entries in the boxes, allowing one numeral for each box.

— Leave **blank** any spaces and boxes that do not apply to you.

The combined total of Columns B and C should equal Column A. Add the amounts in Column B and D for each line of the worksheet above and transfer the total to the corresponding line of Form IT-203 in the **New York State Amount** column.

**Worksheet Instructions**

**If you moved into or out of New York State during 1998, the Part-year Resident Income Allocation Worksheet** will help you figure your New York State source income for the entire taxable year. You may round all money amounts on your return to the nearest dollar. For example, round \$10.49 to \$10; round \$10.50 to \$11. If you round to the nearest dollar, round for all amounts.

**Column A** — Enter the amounts of income and adjustments reported on your federal return plus all items you would be required to include if you were filing a federal return on the accrual basis.

**Column B** — Enter that part of the amount from Column A that you received during the period you were a New York State resident.

**Column C** — Enter that part of the amount from Column A that you received during the period you were a New York State nonresident.

Report in Column B if you moved out of New York State, or Column C if you moved into New York State, all items you would be required to report if you were filing a federal return on the accrual basis for the period before you changed your resident status. These accrual amounts are to be combined with the corresponding income on lines 1 through 18. See *Special Accruals* on page 5.

**Column D** — Enter that part of the amount from Column C that you received from:

- services you performed in New York State
- property located in New York State; and
- businesses, trades, professions or occupations conducted in New York State.

If your salary or wages were earned partially in New York State, you have to determine how much should be allocated to New York State and enter that amount in Column D. Complete Schedule A on the front of Form IT-203-ATT.

Refer to each specific line instruction to determine the income from New York State sources earned during your nonresident period.

When you have completed the worksheet, transfer the amount in Column A of the worksheet to the corresponding line on Form IT-203 in the **Federal Amount** column.

Add the amounts in Columns B and D for each line of the worksheet. Transfer the total to the corresponding line on Form IT-203 in the **New York State Amount** column.

**Example 1** — You moved from Indiana to New York on September 15, 1998. On your federal return, you report \$35,000 in total wages. Of this amount, \$12,000 was earned while you were a New York State resident. On line 1, you would enter \$35,000 in Column A, \$12,000 in Column B, \$23,000 in Column C and \$0 in Column D (no income was earned in New York State prior to the move).

**Example 2** — You moved from New York State to Georgia on June 10, 1998. On June 1, 1998, your employer awarded you a guaranteed bonus of \$2,000 that was paid to you on July 1, 1998. You must enter the \$2,000 bonus in Column B, line 1, since this is income accruable to your resident period.

**Example 3** — You moved from New Jersey to New York on May 10, 1998. You own stock in the XYZ Corporation which, on May 1, 1998, declared a \$1,000 dividend payable on June 1, 1998. You also received \$500 a month from rental property which was sold on April 30, 1998, and located in New York. You must report the \$1,000 dividend income in Column C on line 3, since this is considered to be income accruable to the nonresident period. The rental income is reported in Column C and in Column D on line 11, since this income is derived from New York State sources during your nonresident period.

**Line 1****Wages, salaries, tips, etc.**

**Federal Amount column** – Enter the total of all wages, salaries, fees, commissions, bonuses, tips, fringe benefits, etc., reported on your 1998 federal return. Include all of these items even if they were not reported by your employer on a wage and tax statement or other income statement.

**New York State Amount column** – Enter that part of the *Federal Amount* column that represents services performed in New York State as a nonresident.

If you were a part-year resident, you must also add the part of the federal amount that was earned while you were a resident.

**Nonresident income earned partially in New York State** – If any amount included in the *Federal Amount* column, line 1, is income earned partly in New York State and does not depend directly on the volume of business transacted, figure the amount earned in New York State by completing Schedule A, *Allocation of Wage and Salary Income to New York State*, on the front of Form IT-203-ATT.

Using Schedule A, you will figure the amount allocable to New York State by determining the ratio of days (excluding nonwork days such as Saturdays, Sundays, holidays, sick leave, vacation, etc.) you worked in New York State to the total number of days you worked both in and out of the state during the year. This ratio will be applied to your total wage or salary income subject to allocation.

*Work days* are days on which you were required to perform the usual duties of your job. Any allowance for days worked outside New York State must be based upon the performance of services which, because of necessity (not convenience) of the employer, obligate the employee to out-of-state duties in the service of his employer. Such duties are those which, by their very nature, cannot be performed at the employer's place of business.

Applying the above principles to the allocation formula, normal work days spent at home are considered days worked in New York, and days spent at home that are not normal work days are considered to be non-working days.

If your income subject to allocation depends entirely on the volume of business transacted, as in the case of a salesperson working on commission, do not use Schedule A. Divide your volume of business transacted in the state by your total volume of business transacted both in and out of New York State. Multiply your total income subject to allocation by this percentage. This is the amount of your income allocated to New York State. The location where the services or sales activities were actually performed determines where business is transacted. Attach a schedule to your return showing how you figured this allocation.

If you allocate your personal service income differently than explained above, attach a separate schedule showing complete details.

**Form IT-203-ATT, Schedule A – Allocation of wage and salary income to New York State.**

If any amount included on line 1 of Form IT-203 in the Federal Amount column represents wage and salary income earned both inside and outside New York State while a nonresident, and that income does not depend directly on the volume of business transacted, figure the amount earned in New York State by completing a Schedule A for each job where such wages or salaries were earned inside and outside New York State.

However, if you changed your residence into or out of New York State during the year, do not allocate any income earned for the resident period.

If you have to allocate wages or salaries received from more than one job, attach to your return a separate schedule (similar to Schedule A) showing the wages or salaries, and workdays that apply to each job.

If the period of employment is less than a full year, base the figures you enter in Schedule A on the actual period of employment. For example, if you were employed in and out of New York State for separate periods of 170 days by one employer and 195 days by another employer, enter 170 days on line 1 of the first allocation schedule and 195 days on line 1 of the second schedule.

If you were married and both you and your spouse worked in New York State and earned wages subject to allocation, each of you must complete a separate Schedule A for each job with allocable wages. If you are filing jointly, include the combined amounts of wages allocated to New York from the separate Schedule A's on Form IT-203, line 1, in the *New York State Amount* column.

**Failure to complete Schedule A of Form IT-203-ATT and attach it to your return will result in a delay in the processing of your return.**

**Line 2****Taxable interest income**

**Federal Amount column** – Enter the taxable interest income reported on your federal return.

**New York State Amount column** – Enter that part of the *Federal Amount* column that represents interest income earned as a nonresident that is part of the receipts of a business, trade, profession or occupation carried on in New York State. If you carry on business both in and out of New York State, see the instructions for line 6.

If you were a part-year resident, you must also add the part of the federal amount that was earned while you were a resident.

**Line 3****Ordinary dividends**

**Federal Amount column** – Enter the ordinary dividends reported on your federal return.

**New York State Amount column** – Enter that part of the *Federal Amount* column that represents ordinary dividends earned as a

nonresident that is part of the receipts of a business, trade, profession or occupation carried on in New York State. If you carry on business both in and out of New York State, see the instructions for line 6.

If you were a part-year resident, you must also add the part of the federal amount that was earned while you were a resident.

**Line 4****Taxable refunds, credits, or offsets of state and local income taxes**

**Federal Amount column** – Enter the total taxable state and local income tax refunds, credits, or offsets included as income on your federal return. Also enter this amount on line 23, *Federal Amount* column.

**New York State Amount column** – Enter that part of the *Federal Amount* column that represents the amount derived from or connected with New York State sources as a nonresident. Also enter this amount on line 23, *New York State Amount* column.

If you were a part-year resident, include that part of the *Federal Amount* column that you received while you were a New York State resident and any amount derived from or connected with New York sources as a nonresident. Also include this amount on line 23, *New York State Amount* column.

**Line 5****Alimony received**

**Federal Amount column** – Enter the total alimony received as reported on your federal return.

**New York State Amount column** – Do not enter any alimony received for the period you were a nonresident.

If you were a part-year resident, enter only that part of the *Federal Amount* column which represents the total alimony received while you were a New York resident.

**Line 6****Business income or loss**

**Federal Amount column** – Enter your business income or loss reported on your federal return and attach a copy of your federal Schedule C or Schedule C-EZ.

**New York State Amount column** – Enter the part of the *Federal Amount* column that represents business income or loss you received as a nonresident from a business, trade or profession carried on in New York State.

If you were a part-year resident, you must also add the part of the federal amount that represents business income or loss you received while you were a resident.

**Business carried on** – Your business, trade, profession or occupation (not including personal service as an employee) is considered to be carried on in New York State if you have, maintain, operate or occupy desk space, an office, a shop, a store, a warehouse, a factory, an agency or other place where your affairs are regularly carried on in New York State. This definition is not exclusive. Your business is considered to be carried on in New York State if it is transacted here with a fair measure of permanency and continuity.

(continued)

**Business carried on both in and out of New York State** – If your business, trade or profession is carried on both in and out of New York State and you maintain accounts clearly reflecting income from the New York operations, enter the net profit or loss from business carried on in New York State on line 6 in the *New York State Amount* column.

If the New York State income of the business cannot be determined from your books, income from business carried on both in and out of New York State must be allocated according to a prescribed formula or an approved alternative method. Form IT-203-A, *Nonresident Business Allocation Schedule*, containing the statutory formula and other instructions pertaining to the allocation of business income, must be completed for this purpose and attached to Form IT-203. If you submit an alternative method for allocation, you must also complete Form IT-203-A and submit all information about your own method of allocation.

If you are self-employed and carry on a trade, business or profession in New York City, you may also be required to file Form NYC-202, *City of New York Unincorporated Business Tax Return*. For more information, see the Instructions for Form NYC-202. You can get this form and its instructions by calling the NYC Department of Finance. See *How to Get New York City Forms* on page 8. Since New York State does not administer the New York City unincorporated business tax, **do not** file your Form NYC-202 with your state return.

## Line 7

### Capital gain or loss

**Federal Amount column** – Enter your capital gain or loss from the sale or exchange of property, including securities, as reported on your federal return. Attach a copy of federal Schedule D and any related schedules.

**New York State Amount column** – As a nonresident, figure the amount to be included on line 7, *New York State Amount* column, as capital gain or loss from New York State sources in accordance with federal provisions for determining capital gains and losses. This includes a deduction for any capital loss carryover from New York State sources. Use a copy of federal Schedule D (Form 1040) as a worksheet in determining your New York capital gain or loss. Include in your computations only transactions that were from New York State sources. If these computations result in a net capital loss for New York State purposes, the loss is limited to \$3,000 (\$1,500 if you are married and filing separately) on the New York State return. Any balance of a 1998 net capital loss (in excess of the amount claimed on the 1998 return) will be treated as a carryover loss to be claimed on returns for later years.

If you were a part-year resident, you must also add any capital gains or losses that you realized while you were a resident.

**Capital transactions from New York sources** – Include capital gains or losses derived from real or tangible personal property located within New York State, whether or not connected with a trade or business, and capital gains or losses from stocks, bonds and other intangible personal property used in or

connected with a business, trade, profession or occupation carried on in New York State. Also include your share of any capital gain or loss derived from New York sources of a partnership of which you are a member (from Form IT-204), an estate or trust of which you are a beneficiary (from Form IT-205 or IT-205-A) or an electing New York State S corporation of which you are a shareholder (obtain your share of these items from the S corporation). If any capital gains or losses are from business property (other than real property) of a business carried on both in and out of New York State, apply the business allocation percentage (from Form IT-203-A) or approved alternative method in determining the New York capital gain or loss. Gains and losses from the sale or disposition of real property are not subject to allocation. In all cases, use the federal basis of property in computing capital gains or losses.

## Line 8

### Other gains or losses

**Federal Amount column** – Enter the other gains or losses from the sale or exchange of assets used in a trade or business, as reported on your federal return. Attach a copy of federal Form 4797.

**New York State Amount column** – As a nonresident, figure the amount(s) to be included on line 8, in the *New York State Amount* column, as the gain or loss from the sale or exchange of noncapital assets by applying the federal provisions for determining gains or losses from the sale or exchange of other than capital assets to your New York State transactions.

If you were a part-year resident, you must also add the part of the federal amount that was from other gains or losses from the sale or exchange of noncapital assets while you were a resident.

**Noncapital transactions from New York State sources** are those noncapital transactions includable in your federal return pertaining to property used in connection with a business, trade, profession or occupation carried on in New York State. Also included is your share of any noncapital gain or loss from a partnership of which you are a member (from Form IT-204) or an estate or trust of which you are a beneficiary (from Form IT-205 or IT-205-A) or an electing New York State S corporation of which you are a shareholder (obtain your share of these items from the S corporation). Use Form IT-203-A if an allocation is required.

## Line 9

### Taxable amount of IRA distributions

**Federal Amount column** – Enter the amount reported on your federal return.

**New York State Amount column** –

**Nonresidents** – **Do not** enter any part of the *Federal Amount* in the *New York State Amount* column.

If you were a **part-year resident**, enter only that part of the federal amount that was received while you were a resident.

See the instructions for line 27 on page 21 to see if you qualify for the pension and annuity income exclusion.

## Line 10

### Taxable amount of pensions and annuities

**Federal Amount column** – Enter the taxable amount of pensions and annuities reported on your federal return.

**New York State Amount column** –

**Nonresidents:** Certain pension income received while a nonresident is **not** taxable to New York State and should not be included in the New York State Amount column.

Section 114 of Title 4 of the U.S. Code creates a limitation on state income taxation of certain pension income. The law prohibits states from taxing certain retirement income of a nonresident. It protects all income received from pension plans recognized as *qualified* under the Internal Revenue Code and also exempts income received under certain deferred compensation plans that are *nonqualified* retirement plans under the tax code, but which meet additional requirements.

Even if your pension or other retirement benefit is not exempt under Title 4 of the U.S. Code, it is still exempt if it meets the New York definition of an annuity.

If the pension and annuity income is **not** exempt from New York tax, as explained above, and is based on services performed inside and outside New York State, enter on line 10 the amount of pension and annuity income received to the extent that the services were performed in New York State.

**Part-year residents:** Enter that part of the *Federal Amount* column that represents the taxable amount of pensions and annuities received while a New York State resident.

**Do not enter** that part of the *Federal Amount* column that represents a pension or annuity or other retirement benefit that is exempt from New York tax (as described above) because you received it as a nonresident.

If the amount on line 10 represents a pension or other benefit paid by the New York State or a municipal retirement system (including distributions from the TIAA-CREF Optional Retirement Program) or the United States, its territories or possessions, political subdivisions of these territories or possessions, the District of Columbia or any agency or instrumentality of any of the above (including the military), also include this amount on line 24. For more information, see the instructions for line 24 on page 21.

If you entered an amount on line 10, either column, see the instructions for line 27 on page 21 to see if you qualify for the pension and annuity income exclusion.

## Line 11

### Rental real estate, royalties, partnerships, S corporations, trusts, etc.

**Federal Amount column** – Enter the amount reported on your federal return and attach a copy of federal Schedule E.

**New York State Amount column** – Enter that part of the *Federal Amount* column that was derived from or connected with New York State sources as a nonresident. See the

(continued)

instructions below relating to each type of income received from these sources.

If you were a part-year resident, you must also add the part of the *Federal Amount* column that was received from these sources while you were a resident.

**Rent and royalty income** — As a nonresident, report in the *New York State Amount* column rents and royalties from: (1) real property located in New York State, whether or not used in connection with a business; (2) tangible personal property not used in a business if such property is located in New York State; and (3) tangible and intangible personal property used in or connected with a business, trade, profession or occupation carried on in New York State.

If a business is carried on both in and out of New York State, apply the business allocation percentage (from Form IT-203-A) or alternate method to items included in item (3) in the preceding paragraph to determine the income from New York State sources. However, do not allocate income from real property. That income must be entirely included if the real property is located in New York State and entirely excluded if the real property is located outside New York State.

Also report in the *New York State Amount* column your share of any rental or royalty income from a partnership of which you are a member (from Form IT-204) or an estate or trust of which you are a beneficiary (from Form IT-205 or IT-205-A).

**Partnerships** — As a nonresident, enter in the *New York State Amount* column your distributive share of partnership income obtained from Form IT-204. If your distributive share includes any other items of partnership income taxable to a nonresident, those items must be included elsewhere in the *New York State Amount* column on the appropriate lines. For example, your share of a partnership's New York capital gain would be included in determining the amount to be reported on line 7.

**S corporation shareholders** — As a nonresident, enter in the *New York State Amount* column your pro rata share of an electing New York S corporation's items of income, gain, loss and deduction. Obtain your share of these items from the S corporation. If your share includes any other items of income, such as dividends or capital gains, those items must be included elsewhere in the *New York State Amount* column on the appropriate lines. If the corporation carried on business both in and out of New York State, the corporation's business allocation percentage and investment allocation percentage determined under Article 9-A, or the entire net income allocation percentage determined under Article 32, must be used to figure the amount of your income or loss that was derived from or connected with New York State sources.

**Part-year resident of a partnership or part-year resident of an S corporation** — If you were a **part-year resident**, you must determine your distributive share of partnership income and your pro rata share of S corporation income to be reported on the *Part-Year Resident Income Allocation*

*Worksheet*, according to **your resident status when the taxable year of the partnership or New York S corporation ends.**

**Estates and trusts** — Report in the *New York State Amount* column your share of estate or trust income as a nonresident or part-year resident from New York State sources obtained from information provided by the fiduciary from Form IT-205 and Form IT-205-A. If your share includes any items of taxable estate or trust income from New York State sources not reported on line 11, those items should be included elsewhere in the *New York State Amount* column on the appropriate line describing that income.

**Passive activity loss limitations** — Any deduction for passive activity losses for a nonresident must be recomputed to determine the amounts that would be allowed if the federal adjusted gross income took into account only items of income, gain, loss or deduction derived from or connected with New York sources.

If you were a **part-year resident**, you must recalculate your passive activity loss limitations as if separate federal returns were filed for your resident and nonresident periods.

## Line 12

### Farm income or loss

**Federal Amount column** — Enter the amount reported on your federal return and attach a copy of your federal Schedule F, Form 1040.

**New York State Amount column** — Enter that part of the *Federal Amount* column that represents income or loss from farming carried on in New York State as a nonresident.

Reporting farm income is similar to reporting business income. See the instructions for reporting business income (line 6) on page 15, including the instructions for reporting when business is carried on both in and out of New York State.

If you were a part-year resident, you must also add the part of the federal amount that represents farm income or loss for the period you were a resident.

## Line 13

### Unemployment compensation

**Federal Amount column** — Enter the amount reported on your federal return.

**New York State Amount column** — Enter that part of the *Federal Amount* column that represents taxable unemployment compensation received as a nonresident and derived or resulting from employment in New York State.

If the unemployment compensation received from New York State sources is based on wage or salary income earned partly in and partly out of New York State, figure the amount allocable to New York State in the same manner as the wage and salary income on which it is based.

If you were a part-year resident, you must also add the part of the federal amount that was received while you were a resident.

## Line 14

### Taxable amount of social security benefits

**Federal Amount column** — Enter the amount of taxable social security (and Tier 1 railroad

retirement benefits) reported on your federal return. Also enter this amount on line 25.

**New York State Amount column - Nonresidents** - Do not enter any amount received for the period you were a nonresident.

**Part-Year residents** - If you were a part-year resident, enter that part of the *Federal Amount* column that represents any taxable amount of social security (and Tier 1 railroad retirement benefits) you received while you were a New York State resident. Also enter this amount on line 25.

## Line 15

### Other income

**Federal Amount column** — Enter the total other income reported on your federal return. Write each type of income and its amount in the white area on line 15. If you need more room, make a list showing each type of income and its amount, and attach the list to your New York return.

**New York State Amount column** — Enter that part of the *Federal Amount* column derived from or connected with New York State sources as a nonresident.

If you have a net operating loss derived from New York sources (without a corresponding federal net operating loss) that you are carrying forward to 1998, enter the amount of the loss in the *New York State Amount* column on line 15 with a minus sign (-). Attach a statement explaining the loss.

If you were a part-year resident, you must also add the part of the federal amount that was received while you were a resident.

## Line 16

Add lines 1 through 15 of each column, and enter the totals on line 16.

## Line 17

### Total federal adjustments to income

**Federal Amount column** — Enter the total adjustments to income reported on your federal Form 1040, line 31. These are IRA deduction, student loan interest deduction, medical savings account deduction, moving expenses (see *Moving Expenses* on page 18), one-half of self-employment tax, self-employment health insurance deduction, keogh and self-employed SEP and SIMPLE plans, penalty on early withdrawal of savings, and alimony paid (see *Alimony paid* on page 18). (If you filed federal Form 1040A, use the amounts reported on line 15 and line 16). Write each adjustment and its amount in the white area on Form IT-203, line 17. If you need more room, make a list showing each adjustment and its amount and attach the list to your New York return.

If you did not have to file a federal return, claim the same adjustments to income that you would have claimed for federal income tax purposes.

**New York State Amount column** — Enter that part of the *Federal Amount* column that represents adjustments connected with income from New York State sources while you were a nonresident.

If you were a part-year resident, you must also add the part of the federal adjustment

(continued)

deductible while you were a New York State resident.

**Alimony Paid** – All or a portion of a federal adjustment for alimony paid is now allowed in the *New York State Amount* column for nonresidents and part-year residents.

You must use the following formula to figure the amount of the federal deduction allowed in the *New York State Amount* column for alimony paid:

NY State Amount column, line 16	X	Federal alimony	=	New York alimony deduction
Federal amount column, line 16		deduction		

### Moving Expenses

**Nonresidents** – If you moved to a new home because you changed job locations in New York State or you started a new job in New York State, moving expenses that you incurred during your nonresident period are adjustments connected with income from New York State sources and are deductible. Include in the *New York State Amount* column the part of the *Federal Amount* column that represents adjustments connected with income from New York State sources. If your new job or new work location is outside New York State, your moving expenses are **not** deductible in the *New York State* amount column since they are not considered to be connected with income from New York State sources.

**Part-year residents** – If you were a part-year resident, any moving expenses that you paid or incurred during your resident period are deductible. Include that part of the federal amount in the *New York State Amount* column. Moving expenses that you paid during your nonresident period are deductible **only** if your new work location is within New York State. (See *Nonresidents*, above.)

### Other adjustments

Any adjustment item that relates to wage or salary income earned partly in New York State or to income from a business that is carried on both in and out of New York State must be allocated to New York State on the same basis as the income to which it relates.

**Example** – You are allowed an adjustment of \$800 on your federal return for payments by a self-employed person to a retirement plan, and these payments were made in connection with a business you operated both in and out of New York State.

If, in determining your business income from New York State sources, you figure your business allocation percentage on Form IT-203-A to be 75% (see the instructions for line 6 on page 15), then 75% of this adjustment, or \$600, should be included in the New York State Amount column on line 17.

## Line 18

### Federal adjusted gross income

Subtract line 17 from line 16 in each column and enter the results on line 18. Generally, the amount in the *Federal Amount* column will be the same as the adjusted gross income reported on your federal return. If you are a **part-year resident**, this amount may include special accruals. (For further information, see *Special Accruals*, beginning on page 5 of these instructions.)

## New York Additions and Subtractions/ New York Adjusted Gross Income

Certain items of income not taxed by the federal government are taxed by New York State. These *New York additions* must be included in your federal adjusted gross income in the *Federal Amount* column and, to the extent they relate to income, loss or deduction derived from or connected with New York State sources, included in the *New York State Amount* column. Enter any of the listed additions on lines 19 through 21. There are also certain items of income taxed by the federal government but not taxed by New York State. These *New York subtractions* must be deducted from your federal adjusted gross income in the *Federal Amount* column and, to the extent they relate to income, loss or deduction derived from or connected with New York State sources, in the *New York State Amount* column. Enter any of the listed subtractions on lines 23 through 28. New York additions and subtractions that relate to intangible items of income, such as interest or ordinary dividends, are only required to the extent the property that generates the income is employed in a business, trade, profession or occupation carried on in New York State. See the instructions for lines 19 through 28 to identify any additions and subtractions that apply to you.

If you were a part-year resident, include the portion of any of the additions and subtractions that relate to your New York State resident period in the *New York State Amount* column. Also, for the period you were a nonresident, include in the *New York State Amount* column the portion of any of the additions and subtractions to the extent they are related to a business, trade, profession or occupation carried on in New York State or are from real or tangible personal property located in New York State.

**Partners** — If you have income from a partnership, include any New York additions and subtractions that apply to that income. Determine your share of partnership additions and subtractions from the partnership return, Form IT-204.

**Beneficiaries (estates and trusts)** — If you have income from an estate or trust, any New York additions and subtractions that apply to that income as well as any additions to or subtractions from federal itemized deductions, will be shown in your share of a single fiduciary adjustment. You, as a nonresident beneficiary, must include in the *Federal Amount* column your share of the total fiduciary adjustment. Include in the *New York State Amount* column **only** that portion of the nonresident beneficiary's share of the fiduciary adjustment that relates to income, loss or deduction derived from or connected with New York State sources. Attach a schedule showing how the fiduciary adjustment was figured. If the adjustment is a net addition, enter this amount on line 21; if the adjustment is a net subtraction, enter this amount on line 28. Identify this item as a **fiduciary adjustment**.

If you filed federal Form 4970, *Tax on Accumulation Distribution of Trusts*, the income you reported on line 1 of Form 4970 is not included on Form IT-203, line 11. The Internal Revenue Code considers the distribution part of federal gross income. **Therefore, you must include on line 21 the amount of income you reported on Form 4970, line 1, less any interest income on state and local bonds and obligations of New York State or its local governments (that was included on Form 4970, line 5).**

**S Corporation Shareholders** — If you are a shareholder of a federal S corporation for which the election to be a New York S corporation was in effect for the taxable year, include in the *Federal Amount* column any of the following additions and subtractions that apply to your pro rata share of S corporation items of income, loss or deduction. Include in the *New York State Amount* column any of the additions or subtractions included in the *Federal Amount* column that relate to your pro rata share of S corporation items of income, loss or deduction that are derived from or connected with New York sources. Additions A-16, A-17 and A-18 and subtraction S-20 do **not** apply to you since they apply only to nonelecting S corporations. If the election to treat the corporation as a New York S corporation terminated during the taxable year, you must allocate those items.

Obtain your share of S corporation items of income, loss and deduction from the S corporation.

If you are a shareholder of an S corporation that was eligible to make the election to be a New York S corporation for the tax year but did not make the election, include additions A-16, A-17 and A-18 and subtraction S-20 in the *Federal Amount* column. Include in the *New York State Amount* column additions A-16, A-17 and A-18 and subtraction S-20 **only** if the S corporation stock was held as an asset of another business carried on by the shareholder in New York State. For example, if the S corporation's stock is held as an asset of a sole proprietorship operated by the shareholder in New York State, the shareholder is required to include the above additions and subtraction in the *New York State Amount* column.

If you were not eligible to make the election to treat your corporation as a New York S corporation because the corporation was not subject to Article 9-A general business corporation franchise tax, or Article 32 banking corporation franchise tax, include in the *Federal Amount* column any of the additions and subtractions below that apply to your pro rata share of S corporation items of income, loss or deduction. Include in the *New York State Amount* column any additions and subtractions below that relate to S corporation items of income, gain, loss or deductions **only** if the S corporation stock is held as an asset of another business carried on by the shareholder in New York State. For example, if the S corporation's stock is held as an asset of a sole proprietorship operated by the shareholder in New York State, the shareholder must include any required additions and subtractions in the *New York State Amount* column. Additions A-15, A-16, A-17 and A-18, and subtractions S-19 and S-20 do **not** apply to you since they apply

(continued)

only to electing and nonelecting New York S corporations.

If gain or loss is recognized on your federal income tax return due to the disposition of stock or indebtedness of an S corporation that did not elect to be a New York S corporation for any taxable year after December 31, 1980, make addition A-18 or subtraction S-19, whichever applies to you.

**You must make the additions and subtractions for the taxable year of the S corporation that ends in your taxable year.**

## New York Additions

#### Interest income on state and local bonds (but not those of NYS or its localities)

**Federal Amount column** — Enter any interest income on bonds or obligations of other states or political subdivisions of those states that you received or that was credited to you during 1998, that was **not** included in your federal adjusted gross income. This includes interest income on state and local bonds (but not those of New York State and local governments within the state), interest and dividend income from tax-exempt bond mutual funds and tax-exempt money market funds that invest in obligations of states other than New York.

**New York State Amount column** — Do **not** make this addition for any period you were a **nonresident** unless the addition is attributable to a business, trade, profession or occupation carried on in New York State.

If you were a part-year resident, you must also add the part of the federal amount that you received or that was credited to you for the period you were a resident.

### Line 20

#### Public employee 414(h) retirement contributions

Enter in both the *Federal Amount* column and the *New York State Amount* column the amount of 414(h) retirement contributions shown on your wage and tax statement(s), New York Form IT-2102 (Copy 1) or federal Form W-2 (Copy 2) made by:

- A Tier 3 or Tier 4 member of the New York State and Local Retirement Systems, which include the New York State Employees' Retirement System and the New York State Policemen's and Firemen's Retirement System; **or**
- A Tier 3 or Tier 4 member of the New York State Teachers' Retirement System; **or**
- an employee of the State or City University of New York who belongs to the Optional Retirement Program; **or**

- any tier member of the New York City Employees' Retirement System, the New York City Teachers' Retirement System, the New York City Board of Education

Retirement System, the New York City Police Pension Fund or the New York City Fire Department Pension Fund.

Do not enter on line 20 contributions to a section 401(k) deferred arrangement, section 403(b) annuity or section 457 deferred compensation plan.

### Line 21

#### Other Additions

Some additions that are not as common as those identified individually on Form IT-203 are reported on line 21 as *Other* additions. The requirement for these additions to federal adjusted gross income are provided for in New York State Tax Law sections 612(b)(1) through 612(b)(35).

Identify any of the following additions (below and on pages 20 and 21) that apply to you by writing the item number (A-1 through A-24) and the amount of each addition in the white area on line 21. Enter the total amount of these other additions on line 21 in the applicable *Federal Amount* column and, to the extent they are from New York State sources, in the *New York State Amount* column. The acronym **IRC** refers to **Internal Revenue Code**.

**A-1 Investment income from certain obligations of U.S. government agencies or affiliations** — Federal laws specifically exempt investment income from certain obligations of U.S. government agencies or affiliations from federal taxation but not from state taxation.

**If**, during 1998, you received or were credited with any interest or dividend income from any United States authority, commission or instrumentality that federal laws exempt from federal income tax but do not exempt from state income tax, **and if** you did not include that income in figuring your federal adjusted gross income (as you should not have), **then** include that income on line 21. If you are uncertain whether a particular federal bond or obligation is subject to state income tax, contact the New York State Tax Department at the number on the back cover of these instructions.

**A-2 Personal income taxes and unincorporated business taxes deducted in determining federal adjusted gross income** — No personal income taxes or unincorporated business taxes can be deducted in the computation of New York taxable income.

**If** you included a deduction for state, local or foreign income taxes, including unincorporated business taxes, when figuring your federal adjusted gross income, **then** you must include the amount of that deduction on line 21. For example, if you operated a business and deducted New York City unincorporated business tax on your federal Form 1040, Schedule C, as an expense of doing business, include this tax on line 21.

**Partners** — Include on line 21 your distributive share of state, local or foreign income taxes, including unincorporated business taxes, deducted in figuring net income.

**S corporation shareholders** — **If** you are a shareholder of a federal S corporation for which the election to be a New York S corporation was in effect, **and if** that corporation deducted taxes imposed by

Article 9-A (general business corporation franchise tax) or Article 32 (banking corporation franchise tax) of the New York State Tax Law, **then** include your pro rata share of those taxes on line 21. (However, no state or local taxes of another state, political subdivision of another state, or the District of Columbia need be included.)

**A-3 Interest expense on loans used to buy obligations exempt from New York State tax, amortized bond premium on bonds that are exempt from New York State tax and other expenses relating to the production of income exempt from New York State tax** —

**(a)** If your federal adjusted gross income includes a deduction for interest expense used to buy bonds, obligations or securities whose interest income is taxable for federal purposes but exempt from New York State tax, **then** include that interest expense on line 21.

**(b)** If your federal adjusted gross income includes a deduction for the amortization of bond premiums on bonds whose interest income is taxable for federal purposes but exempt from New York State tax, **then** include that amortized premium on line 21.

**(c)** If your federal adjusted gross income includes a deduction for expenses relating to the production of income which is taxable for federal purposes but exempt from New York State tax, **then** include that interest expense on line 21.

**A-4 Special additional mortgage recording tax deduction** — **If** you excluded or deducted special additional mortgage recording tax in figuring your federal adjusted gross income and you were previously allowed a New York State personal income tax credit for that tax, **then** include on line 21 the amount excluded or deducted.

**A-5 Special additional mortgage recording tax basis adjustment** — **If** property on which you paid a special additional mortgage recording tax is sold or disposed of, and you claimed the New York State credit in a prior year for the special additional mortgage recording tax paid on that property, and the federal basis of the property was not adjusted to reflect the amount of the credit allowed, **then** include on line 21 the amount of the basis that was not adjusted for the amount of the credit claimed.

**A-6 Special depreciation** — **If** you made an election for tax years beginning before 1987 for:

- special depreciation,
- research and development expenditures,
- waste treatment facility expenditures,
- air pollution control equipment expenditures, **or**
- acid deposition control equipment,

**then** include on line 21 the amount of depreciation or expenditures relating to these items that was deducted in determining your federal adjusted gross income. Also see subtraction S-12 on page 23 of these instructions.

**A-7 Percentage depletion** — **If** you claimed a deduction on your federal return for percentage depletion on mines, oil and gas wells, and other natural deposits, **then** include on line 21 the amount deducted in figuring your federal adjusted gross income. Also see subtraction S-11 on page 23 of these instructions.

**A-8 Sales or dispositions of assets acquired from decedents** — In certain cases involving assets of decedents, the assets can acquire different bases for state and federal tax purposes. In those cases, adjustments in the gains or losses on the sales or disposition of those assets must eventually be made.

If, during the tax year, there was a sale or other disposition of any stocks, bonds, property or other assets that had been either inherited or sold or disposed of directly by the estate of a decedent, **and if** the estate of the decedent who left behind those assets was not large enough to require the filing of a federal estate tax return, **and if** the executor or administrator of that estate had valued those assets for New York State purposes at less than their value for federal purposes, **then** include on line 21 the **difference between** (a) the gain or loss on that sale or disposition that you figured into your federal adjusted gross income for the tax year and (b) the gain or loss that would have resulted if the executor or administrator had valued the assets for federal purposes at the same value that he or she valued them for New York State purposes.

**A-9 Disposition of solar and wind energy systems** — In certain cases, because the federal government did not have a similar credit to adjust the basis of the system being acquired, New York State credits taken for the purchase and installation of a solar and wind energy system have to be added to federal adjusted gross income when the system is sold or disposed of.

If in any tax year beginning on or after January 1, 1981, you took a New York State solar and wind energy credit on property, **and if** that property was sold or otherwise disposed in 1998, **and if** a reportable gain resulted for federal income tax purposes from that sale or disposition, **and if** you had included the cost of the energy system in the federal basis of the property but not reduced the federal basis by the state credit, **then** include on line 21 the amount of the credit you had previously claimed.

**A-10 New business investment; deferral recognition** — If, in any tax year beginning on or after January 1, 1982, and before 1988, you chose to subtract all or a portion of a long term capital gain from your federal adjusted gross income because that amount had been reinvested in a new New York business, **and if** that reinvestment was sold in 1998, **then** include on line 21 the amount that you had previously subtracted.

**A-11 Deductions attributable to safe harbor leases** (Such a lease is a financial arrangement between either a corporation, partnership, or certain grantor trusts and a person, firm, estate, or trust to acquire and use an asset; the arrangement is allowed for federal tax purposes, but is not allowed for state tax purposes unless it involves mass transit vehicles.) — If, in figuring your federal adjusted gross income, you took deductions attributable to a safe harbor lease (except for mass transit vehicles) made under an election provided for by section 168(f)(8) of the Internal Revenue Code (IRC) as it was in effect for agreements entered into prior to January 1, 1984, **then** include those deductions on line 21, **and** see A-12, S-15, and S-16.

**A-12 Safe harbor leases; election for qualified leased property** (see A-11 above for a definition of safe harbor leases) — If your financial matters in 1998 involved a safe harbor lease (except for mass transit vehicles) made under an election provided for by section 168(f)(8) of the IRC as it was in effect for agreements entered into prior to January 1, 1984, **then** you must include on line 21 the income that you would have included in your federal adjusted gross income if such an election had not been made. Also see A-11, S-15, and S-16.

**A-13 Accelerated cost recovery system (ACRS) deduction** — New York State does not allow ACRS depreciation for property placed in service in certain tax years. You must figure your New York depreciation by using one of the methods provided for in section 167 of the IRC as it was in effect on December 31, 1980 (e.g., straight line, declining balance, etc.). See subtraction S-17 on page 23.

If you claimed ACRS depreciation on your federal return for property not classified as IRC section 280F property (such as luxury automobiles), and:

- that property was placed in service inside or outside New York State during tax years 1981, 1982, 1983 and 1984; **or**
- that property was placed in service outside New York State in tax years beginning after December 31, 1984, but before January 1, 1994 (including property on which ACRS depreciation was figured in accordance with the Federal Tax Reform Act of 1986);

**then** include on line 21 the amount that was deducted in figuring your federal adjusted gross income. You must complete and attach Form IT-399, *New York State Depreciation Schedule*.

**A-14 Accelerated cost recovery property; year of disposition adjustment** — If you disposed of property which was depreciated for federal purposes using ACRS, **and if** ACRS depreciation was not allowed for state purposes, **then** you must complete Part II of Form IT-399, *New York State Depreciation Schedule*, to figure the amount to include on line 21.

**Additions A-15, A-16, A-17 and A-18 apply to S corporation shareholders only. For additional information, see New York State Publication 35, *New York Tax Treatment of S Corporations and Their Shareholders*.**

**A-15 S corporation shareholders; reduction for taxes** — If you are a shareholder of an S corporation for which the election to be a New York S corporation is in effect for the taxable year, **then** include on line 21 your pro rata share of the S corporation's reductions for taxes imposed on built-in gains and reductions for taxes imposed on excess net passive income as described in sections 1366(f)(2) and (3) of the IRC.

**A-16 S corporation shareholders; pass-through loss or deduction items** — If you are a shareholder of an S corporation for which the election to be a New York S

corporation was **not** in effect for the taxable year, **then** include on line 21 any S corporation pass-through items of loss or deduction taken into account in figuring your federal adjusted gross income, pursuant to section 1366 of the IRC.

**A-17 S corporation shareholders; distributions relating to stock, cash distributions during post termination transition period, and distributions of undistributed taxable income** — If you had S corporation distributions that were not included in federal adjusted gross income due to the application of IRC Sections 1368, 1371(e) or 1379(c), **and if** these distributions were not previously subject to New York personal income tax because the election to be a New York S corporation was **not** in effect, **then** include these distributions on line 21.

**A-18 S corporation shareholders; disposition of stock or indebtedness with increased basis** — If you had a gain or loss reported on your federal income tax return because of the disposition of stock or indebtedness of an S corporation, **and if** that S corporation did **not** have an election to treat the corporation as a New York S corporation in effect for any taxable year beginning:

- after December 31, 1980, if taxable as a corporation under Article 9-a (General Business Corporation Franchise Tax) of the Tax Law, **or**
- after December 31, 1996, if taxable as a corporation under Article 32 (Banking Corporation Franchise Tax) of the Tax Law,

**then** include on line 21 the increase in basis of stock or indebtedness that is due to the application of IRC sections 1376(a) (as it was in effect for taxable years beginning before January 1, 1983) and 1367(a)(1)(A) and (B) for each taxable year that the New York election was **not** in effect.

**Note:** The IRC sections referenced above pertain to S corporation undistributed taxable income that was required to be included in the shareholder's federal adjusted gross income.

**A-19 Interest related to a corporate acquisition** — New York State law specifically requires that, in some cases, up to 5% of interest that is related to a corporate acquisition and that is deducted in figuring New York adjusted gross income (without regard to this modification) be added to federal adjusted gross income.

If you figured in a deduction for interest expense relating to a corporate acquisition when figuring **either** your federal adjusted gross income **or** a subtraction modification used to determine your New York adjusted gross income, **then** include this interest expense on line 21. Attach a separate schedule to your return showing your computation. For more information, see TSB-M-89(10)I, *Mergers and Acquisitions*, dated February 20, 1990.

**A-20 New York City flexible benefits program (IRC 125)** — If your wage and tax statement(s), New York State Form IT-202 (Copy 1, Box 6) or federal Form W-2 (Copy 2, Box 14), show(s) that an amount was deducted or deferred from your salary under a

(continued)

flexible benefits program established by the city of New York or certain other New York City public employers on your behalf, **then** include this amount on line 21.

**Note:** For purposes of this addition, certain other New York City public employers include:

- City University of New York;
- New York City Health and Hospitals Corporation;
- New York City Transit Authority;
- New York City Housing Authority;
- New York City Off-Track Betting Corporation;
- New York City Board of Education;
- New York City School Construction Authority;
- New York City Rehabilitation Mortgage Insurance Corporation;
- Manhattan and Bronx Surface Transit Operating Authority; and
- Staten Island Rapid Transit Authority.

**A-21 Health Insurance and the Welfare Benefit Fund Surcharge** — If you were a career pension plan member of the New York City Employees' Retirement System or the New York City Board of Education Retirement System, **and if** you have an amount shown on your wage and tax statement(s), New York State Form IT-2102 (Copy 1) or federal Form W-2 (Copy 2) that was deducted from your salary for health insurance and the welfare benefit fund surcharge, **then** include this amount on line 21.

#### New for 1998

**A-22 Farmers' school tax credit** — If you claimed the farmers' school tax credit on your 1997 tax return and you deducted your school taxes in figuring your federal adjusted gross income, **then** you must include the amount of the credit claimed for 1997 on line 21 of this year's return.

**A-23 College tuition savings distributions** — If you made a nonqualified withdrawal from a New York State College Choice Tuition Savings Program account, **then** include that amount on line 21.

A withdrawal is nonqualified if the funds are used for purposes other than the higher education of the designated beneficiary.

**A-24 Qualified emerging technology investments (QETI)** — If you elected to defer the gain from the sale of a QETI, **then** include on line 21 the amount previously deferred when the reinvestment in the New York qualified emerging technology company (that qualified you for that deferral) is sold. See subtraction S-30 on page 24.

## New York Subtractions

### Line 23

**Taxable refunds, credits, or offsets of state and local income taxes (from line 4)**

Enter the same amount(s) entered on line 4 of your Form IT-203.

### Line 24

**Pensions of New York State and local governments and the federal government**

Enter in both the *Federal Amount* and *New York State Amount* columns, the amount included in line 10 that represents any pension you received, or distributions made to you from a pension plan which represents a return of contributions in a year prior to retirement, as an officer, employee, or beneficiary of an officer or employee of:

- New York State, which includes:
  - State and City University of New York and New York State Education Department employees who belong to the Optional Retirement Program
  - Manhattan and Bronx Surface Transit Operating Authority (MABSTOA)
  - Long Island Railroad Company
- Local governments within the state
- The United States, its territories or possessions, political subdivisions of these territories or possessions, the District of Columbia or any agency or instrumentality of any of the above (including the military)

that was included in your federal adjusted gross income (section 612(c)(3) of the Tax Law).

**Note:** In the case of the Optional Retirement Program, only that portion of the pension payments or return of contributions that is attributable to your employment with the State or City University of New York or New York State Education Department would qualify for the above subtraction.

The portion of pension payments or return of contributions that was attributable to your employment by an employer other than a New York public employer, such as a private university, and any portion attributable to contributions you made to a supplemental annuity plan which was funded through a salary reduction program do not qualify for the subtraction. However, if these payments are periodic and the individual is 59½ or older, those payments, up to a maximum amount of \$20,000, would qualify for the pension and annuity income exclusion under section 612(c)(3-a) of the Tax Law. For more information, see the instructions for line 27 below.

### Line 25

**Taxable amount of social security benefits (from line 14)**

Enter the same amount(s) entered on line 14 of your Form IT-203.

### Line 26

**Interest income on U.S. government bonds**

Enter in both the *Federal Amount* and *New York State Amount* columns the amount of interest income from U.S. government bonds or other U.S. government obligations that is included in the amount you reported on line 2. (This may be all or part of the line 2 amount or it may be zero. Check your interest income records to determine the correct amount to

enter on line 26.) Interest income on bonds or other obligations of the U.S. government is **not** taxed by New York State. Dividends you received from a regulated investment company (mutual fund) that invests in obligations of the U.S. government and meets the 50% asset requirement each quarter qualify for the subtraction at line 26. Once this requirement is met, the portion of the dividends you receive that may be subtracted is based upon the portion of taxable income received by the mutual fund that is derived from federal obligations (section 612(c)(1) of the Tax Law).

Further information relating to meeting the 50% asset requirement and figuring your allowable subtraction (if any), can be obtained from the mutual fund.

If you include an amount on line 26 from more than one line on Form IT-203, attach a schedule showing the breakdown of the subtraction being claimed for each line.

Do not list the same interest more than once on lines 26 and 28; see line 28, subtractions S-1 and S-4.

### Line 27

**Pension and annuity income exclusion**

**Federal Amount column** — If you were age 59½ before January 1, 1998, enter the qualifying pension and annuity income included in your 1998 federal adjusted gross income, **but not more than \$20,000**. If you became 59½ during 1998, enter only the amount received after you became 59½ **but not more than \$20,000**.

**Do not** enter any pension income that you received from New York State, local governments within the state, and the United States here; see the instructions for line 24 above.

**Qualifying pension and annuity income includes:**

- periodic payments for services you performed as an employee before you retired;
- periodic and lump-sum payments from an IRA, but **not** payments derived from contributions made after you retired;
- periodic payments from an HR-10 (Keogh) plan, but **not** payments derived from contributions made after you retired;
- lump-sum payments from an HR-10 (Keogh) plan, but only if federal Form 4972 is not used. Do **not** include that part of your payment that was derived from contributions made after you retired; and
- distributions from a cafeteria plan (IRC section 125) or a qualified cash or deferred profit sharing or stock bonus plan (IRC 401(k)) but not distributions derived from contributions made after you retired.

If you and your spouse both qualify, each of you can subtract up to \$20,000 of your own pension and annuity income. However, you cannot claim any unused part of your spouse's exclusion.

If you received the pension and annuity income of a decedent, you may make this

(continued)

subtraction if the decedent would have qualified to make this subtraction at the time of death.

If you are also claiming the disability income exclusion, the total of your pension and annuity income exclusion and disability income exclusion cannot exceed \$20,000.

**Special Rule for Conversions of Conventional IRAs to Roth IRAs** - If you converted your traditional IRA to a Roth IRA during 1998, and you qualified to report the IRA income over a four-year period for federal tax purposes, you may exclude up to \$20,000 of that IRA income for each of the four years in which you are age 59½ or older for the entire year. If you reach age 59½ during the tax year, you must prorate the IRA income for that year based on the number of days that you were age 59½ or older.

*Example: You converted your \$40,000 traditional IRA to a Roth IRA during 1998, and will report \$10,000 of the income in each of the tax years 1998-2001. You reach age 59½ on November 1, 1998, and therefore were age 59½ for 61 days during 1998. The portion of your 1998 IRA income that qualifies for the exclusion is \$1,671 ( $\$10,000 \times 61/365$ ).*

If you convert your traditional IRA to a Roth IRA and do not qualify to include the income over a four-year period, you may take the exclusion only if you were age 59½ at the time the conversion took place.

#### New York State Amount column —

**Nonresidents** — If you received pension or annuity income as a nonresident of New York State, and it was required to be reported in the *New York State Amount* column on line 10 and it qualifies for the pension and annuity income exclusion (see above), enter that amount, but not more than \$20,000, on line 27 in the *New York State Amount* column.

However, if the amount included in the line 10, *New York State Amount* column was allocated because you performed services inside and outside New York State, the up to \$20,000 pension and annuity exclusion must be allocated in the same manner, using the same allocation percentage.

**Part-year residents:** you may be entitled to deduct in the *New York Amount* column a pension and annuity income exclusion of up to \$20,000 for each of your taxable periods.

For your period of residence, include that part of the qualifying pension and annuity income that you received during the period you were a resident, but not more than \$20,000.

For your period of nonresidence, include only that part of the qualifying pension and annuity income you received during the period you were a nonresident that was required to be included in the line 10, *New York State Amount* column, but not more than \$20,000. If the pension and annuity income that you received during your nonresident period was allocated to New York because it was attributable to services performed inside and outside New York State, the pension and annuity income exclusion must be allocated using the same allocation percentage applied to your pension and annuity income included on line 10.

For more information, see Publication 99, *New York State Tax Credits, Retirement Benefits and Deductions*.

## Line 28

### Other subtractions

Some subtractions that are not common as those identified individually on Form IT-203 are reported on line 28 as *Other* subtractions. The requirement for these subtractions from federal adjusted gross income is provided for in New York State Tax Law sections 612(c)(1) through 612(c)(36).

Identify any of the following subtractions (below and on pages 23 through 25) that apply to you by writing the item number (S-1 through S-30) and amount of each subtraction in the white area on line 28. Enter the total amount of these other subtractions on line 28 in the *Federal Amount* column and, to the extent they are from New York sources, in the *New York State Amount* column:

**S-1 Certain investment income from U.S. government agencies** — If you included in your federal adjusted gross income any interest or dividend income on bonds or securities of any United States authority, commission or instrumentality that is exempt from state income taxes under federal laws, **then** include that income on line 28. If you are uncertain whether a particular federal bond or security is exempt from state income tax, contact the New York State Tax Department at the number on the back cover of these instructions.

**S-2 Certain railroad retirement income and railroad unemployment insurance benefits** — If you included in your 1998 federal adjusted gross income **either**:

- supplemental annuity or tier 2 benefits received under the Railroad Retirement Act of 1974; **or**
- benefits received under the Railroad Unemployment Insurance Act;

**and if** those benefits are exempt from state income taxes under Title 45 of the United States Code, **then** include that income on line 28.

**S-3 Certain investment income exempted by other New York State laws** — If you included in your federal adjusted gross income any interest or dividend income from any obligations or securities authorized to be issued by the laws of New York State, **and if** that income is exempt from state taxation by those laws (such as income received from bonds, mortgages, and income debenture certificates of limited dividend housing corporations organized under the Private Housing Finance Law), **then** include that income on line 28. If you are uncertain whether a particular obligation or security is exempt from state income tax, contact the New York State Tax Department at the number on the back cover of these instructions.

**S-4 Trade or business interest expense on loans used to buy federally tax exempt obligations that are taxable to New York State** — If investment income from an obligation is taxable to a trade or business, then interest expense incurred to buy that obligation is deductible when determining New York adjusted gross income.

If you are including, on either line 19 or line 21, interest income from bonds or other obligations that are federally tax exempt but taxable to New York State, **and if** that interest expense is attributable to a trade or business

carried on by you (as opposed to personal investments), **then** include that interest expense on line 28.

**S-5 Trade or business expenses (other than interest expense) connected with federally tax-exempt income that is taxable to New York State** — If income from an obligation is taxable to a trade or business, then expenses incurred to acquire or maintain that income is deductible when determining New York adjusted gross income.

If you are including, on either line 19 or line 21, income that is federally tax exempt but taxable to New York State, **and if** you incurred expenses to either produce or collect that income or manage, conserve or protect the assets that produce that income that were not deducted for federal purposes, **and if** those expenses are attributable to a trade or business carried on by you (as opposed to personal investments), **then** include that expense on line 28.

**S-6 Amortizable bond premiums on bonds that are owned by a trade or business and the interest on which is federally tax-exempt income but taxable to New York State** — If investment income from an obligation is taxable to a trade or business, then expenses incurred to buy that obligation are deductible when determining New York adjusted gross income.

If you are including, on either line 19 or line 21, interest income that is federally tax exempt but taxable to New York State, **and if** those bonds were bought for more than their face value (i.e., at a premium), **and if** you did not reduce your federal adjusted gross income by deducting the amortization of that premium attributable to 1998, **and if** those bonds were owned by a trade or business carried on by you in 1998 (as opposed to personal investments), **then** include that amortization on line 28.

**S-7 Professional service corporation shareholders** — Between 1969 and 1988, New York State did not allow certain expenses of professional service corporations that were deductible on federal returns. When income attributable to those expenses is eventually received, it is not taxable to New York State.

If you received or were credited with pension or annuity income or other income or gain from a plan acquired through a professional service corporation (PSC) **that was both**

- based on membership in that PSC, **and**
- included in your federal adjusted gross income for 1998,

**and if**, in a taxable year ending after 1969 and beginning before 1988, you included deductions made by that PSC for contributions to plans that produced that pension, annuity or other income, **then** include on line 28 the portion of those previously added deductions that can be allocated to the income you included in your 1998 federal adjusted gross income.

**S-8 Wage and salary expenses allowed as federal credits but not as federal expenses** — The federal government allows certain wage and salary payments to others to be taken as credits against taxes instead of as expenses against income. New York State does not have comparable credits, but does allow the expenses.

(continued)

If you are entitled to take either a federal Indian employment credit, a work opportunity credit, or an empowerment zone employment credit for wages and salaries paid in 1998 to one or more people in certain groups, **then** include the amount of wages not deducted on line 28.

**S-9 Sales or dispositions of assets acquired before 1960 with greater state than federal bases** — When federally taxable gains are realized from the sale of certain assets that have higher adjusted bases for state tax purposes, subtraction adjustments must be made to reduce the gain for state tax purposes. State income tax laws prior to 1960 and currently existing state income tax laws about depletion can cause these differences in adjusted bases.

If your federal adjusted gross income included gain that was from **either**:

- property that had a higher adjusted basis for New York State income tax purposes than for federal tax purposes on December 31, 1959 (or on the last day of a fiscal year ending during 1960); **or**
- property that was held in connection with mines, oil or gas wells, and other natural deposits and that had a higher adjusted basis for New York State income tax purposes than for federal tax purposes when sold;

**then** include on line 28 of your return the **lesser** of :

- the gain itself; **or**
- the difference in the adjusted bases.

**Note:** If you divide the gain on the sale or other disposition of jointly owned property between you and your spouse, then you must also divide any subtraction for different adjusted bases between you and your spouse as well.

**S-10 Income earned before 1960 and previously reported to New York State** — Due to a different set of state income tax laws for any tax year ending before 1960 (and any fiscal tax year ending during 1960), income that you are reporting for federal purposes for 1998 that you previously reported for New York State tax purposes, is not subject to New York State tax again.

If you included any income (including annuity income) or gain in your 1998 federal adjusted gross income that was properly reported as income to New York State prior to 1960 (or during a fiscal year ending in 1960) by **either**:

- yourself; **or**
- the decedent or estate or trust from whom you acquired that income or gain;

**then** include that income or gain on line 28.

**S-11 Cost depletion** — New York State does not allow percentage depletion of natural resource holdings (see A-7 on page 19) but does allow cost depletion.

If you are making addition number A-7, for any percentage depletion deducted for property in determining your federal adjusted gross income, **then**:

- compute the cost depletion that would be allowed on that property by section 611 of the IRC without any reference to either section 613 or 613-a of that code; **and**
- include that amount on line 28 of your return.

**S-12 Special depreciation expenditures** — The excess expenditures incurred in taxable years beginning before 1987 in connection with depreciable, tangible business property located in New York State may be carried over to the following taxable year or years and subtracted from federal adjusted gross income for that year(s) if those expenses exceeded your New York adjusted gross income before the allowance of those expenditures.

If you incurred such expenditures, **then** complete Form IT-211, *Special Depreciation Schedule*, to figure the amount to include on line 28.

**S-13 Loss from the sale or disposition of property that would have been realized if a federal estate tax return had been required** — If you acquired property from a decedent and the property was valued by the executor of the estate in such a manner where the estate was insufficient to require the filing of a federal estate tax return, **and** a loss on the sale would have been realized if a federal estate tax return had been required, **then** include on line 28 the amount of the loss that would have been realized.

If you acquired property from a decedent and the property was valued by the executor of the estate in such a manner where the estate was insufficient to require the filing of a federal estate tax return, **and** a loss on the sale would have been realized if a federal estate tax return had been required, **then** include on line 28 the amount of the loss that would have been realized.

**S-14 Gain to be subtracted from the sale of a new business investment reported on your federal income tax return** — If you reported a capital gain on your federal income tax return from the sale of a new business investment that was issued before 1988 and was held at least four years but less than five years, **then** include on line 28 twenty-five percent (25%) of that federal gain. If the investment was held at least five years but less than six years include fifty percent (50%) of that federal gain. If the investment was held at least six years, include one-hundred percent (100%) of that federal gain.

**S-15 Amount that was included in federal adjusted gross income because the IRC 168(f)(8) election was made** (see A-11 on page 20 for a definition of safe harbor leases) — If an amount was included in federal adjusted gross income (except for mass transit vehicles) solely because you made the safe harbor election on your federal return for agreements entered into before January 1, 1984, **then** include that amount on line 28.

**S-16 Amount that could have been excluded from federal adjusted gross income had the IRC 168(f)(8) election not been made** (see A-11 on page 20 for a definition of safe harbor leases) — If an amount could have been excluded from federal adjusted gross income (except for mass transit vehicles) had the safe harbor election not been made on your federal return for agreements entered into before January 1, 1984, **then** include that amount on line 28.

**S-17 New York depreciation allowed** — New York does not allow ACRS depreciation for property placed in service inside or outside New York State during tax years 1981, 1982, 1983 and 1984, or for property placed in service outside New York State in tax years beginning after December 31, 1984, but before January 1, 1994. Instead, you must compute New York State depreciation by using one of the methods provided for in section 167 of the IRC as it was in effect on December 31, 1980 (e.g., straight line, declining balance, etc.). See addition A-13 on page 20.

If you had this type of property, **then** complete Part I of Form IT-399, *New York State Depreciation Schedule*, to figure the amount of New York depreciation to include on line 28.

**S-18 Amount of ACRS deduction which is greater than depreciation claimed for New York State (year of disposition adjustment)** — If you dispose of property that was placed in service inside or outside New York State after December 31, 1980, but before January 1, 1985, or property that was placed in service outside New York State after December 31, 1984, but before January 1, 1994 (except for section 280F property), **and** your total federal ACRS deduction is more than your New York depreciation deduction for that property, **then** complete Part II of Form IT-399, *New York State Depreciation Schedule*, to figure the amount of the adjustment to enter on line 28. See addition A-14 on page 20.

**Subtractions S-19 and S-20 apply to S corporation shareholders only. For additional information, see New York State Publication 35, *New York Tax Treatment of S Corporations and Their Shareholders*.**

**S-19 S corporation shareholders; disposition of stock or indebtedness with a reduced basis/New York additions previously made for distributions relating to stock, cash distributions during post termination transition period, and distributions of undistributed taxable income** — If you had a gain or loss reported on your federal income tax return because of the disposition of stock or indebtedness of an S corporation, **and** if that S corporation did **not** have an election to treat the corporation as a New York S corporation in effect for any taxable year beginning:

- after December 31, 1980, if taxable as a corporation under Article 9-A (General Business Corporation Franchise Tax) of the Tax Law, **or**
- after December 31, 1996, if taxable as a corporation under Article 32 (Banking Corporation Franchise Tax) of the Tax Law,

**then** include on line 28 the reduction in basis of stock or indebtedness that is due to the application of IRC sections 1376(b) (as it was in effect for taxable years beginning before January 1, 1983) and 1367(a)(2)(B) and (C) for each taxable year that the New York election was **not** in effect.

If you previously made any New York additions to federal adjusted gross income required under addition A-17 on page 20 (section 612(b)(20) of the New York Tax Law) that were made with respect to the stock described above, **then** include the total of those additions on line 28.

**Note:** The IRC sections referenced above pertain to the shareholder's pro rata share of S corporation loss and deduction that was required to be taken into account in figuring the shareholder's federal adjusted gross income.

**S-20 S corporation shareholders - pass-through income** — If you are a shareholder of an S corporation for which the

(continued)

election to be a New York S corporation was **not** in effect for the taxable year, **then** include on line 28 any S corporation pass-through income that was included in your federal adjusted gross income pursuant to section 1366 of the IRC.

**S-21 Certain disability income that could have been deducted under former IRC section 105(d)** — Disability income included in your federal adjusted gross income may be subtracted when figuring your New York adjusted gross income.

If you were not yet 65 when your tax year ended **and** you retired on disability and were permanently and totally disabled when you retired, **then** complete Form IT-221, *Disability Income Exclusion*, to compute your disability income exclusion to enter on line 28.

If you paid premiums for qualifying long-term care insurance **then** include on line 28 the amount of premiums paid up to the limitation shown below.

If you are married and both you and your spouse have qualifying long-term care premiums, both of you may claim the subtraction up to the qualifying amounts. However, you may not claim any unused part of your spouse's subtraction.

**Part-year residents:** you may be entitled to include in the *New York State Amount* column qualifying long term care insurance premiums paid up to the limitation shown below for each of your taxable periods.

For your period of residence, you can include the amount of the premiums paid during that period but not more than the limitation shown below.

However, do not enter more than the premium limitation shown for your age in the table for subtraction S-24 above. If you and your spouse both qualify, you may each take the subtraction. However, you cannot claim any unused part of your spouse's subtraction.

**College Tuition Savings**

**S-26 College tuition savings deduction** — If you made contributions as the account owner to one or more college tuition savings account(s) established under the New York State College Choice Tuition Savings Program, and the contributions were not deductible or eligible for a credit for federal income tax purposes, **then** include that amount, up to \$5,000, on line 28. However, do not include on line 28 income attributable to assets acquired with assets as described above or with the proceeds from the sale of any asset described above. Also, do not enter on line 28 any income if you were not the first recipient of the asset, or if you are not a victim of Nazi persecution, or a spouse or descendant of a victim.

**S-30 Qualified Emerging Technology Investments (QETI)** — You may defer the gain on the sale of qualified emerging technology investments (QETI) that are (1) held for more than 36 months, and (2) rolled over into the purchase of a new QETI within 365 days.

Replacement QETI must be purchased within the 365 day period beginning on the date of sale. Gain is not deferred and must be recognized to the extent that the amount realized on the sale of the original QETI exceeds the cost of replacement QETI. The gain deferral applies to any QETI sold on or after March 12, 1998, that meets the holding-period criteria. The gain deferred must be added back in the year the replacement QETI is sold.

If you elect to defer the gain from the sale of QETI, **then** include on line 28 the amount of the gain deferral to the extent the gain was included in federal adjusted gross income. If purchase of the replacement QETI within the 365 day period occurs in the same taxable year as the sale of the original QETI, or in the following taxable year and before the date your personal income tax return is filed, **then** take the deduction on that return. If purchase of the replacement QETI within the 365 day period occurs in the following taxable year and on or after the date your personal income tax return is filed, **then** you must file an amended return to claim the deduction (see *Amending Your New York State Return* on page 32).

A QETI is an investment in the stock of a corporation or an ownership interest in a partnership or limited liability company (LLC). A QETI is also an investment in a partnership of an LLC to the extent such partnership or LLC invests in qualified emerging technology companies. The investment must be acquired by the

(continued)

taxpayer as provided in Internal Revenue Code (IRC) section 1202(c)(1)(B) or from a person who acquired it pursuant to such IRC section. IRC section 1202(c)(1)(B) requires the acquisition to be original issue from the company, either directly or through an underwriter, and in exchange for cash, services or property (but not stock).

### Line 30

#### New York Adjusted Gross Income

In the amount boxes to the left of the income percentage on line 43, enter the amounts from line 30 in the *Federal Amount* column and the *New York State Amount* column. If the amount on line 30 in either the *Federal Amount* column or the *New York State Amount* column is zero or less, skip lines 31 through 42; enter "0" on line 43 and continue on line 44.

## Tax Computation

The lines for entering your federal itemized deductions are on Form IT-203-ATT. If you itemized your deductions on federal Form 1040, fill in lines 1 through 14 of Part I of Form IT-203-ATT. Compare the Form IT-203-ATT, line 14 amount to your allowable standard deduction amount from the *Standard Deduction Table* below and enter the larger amount on line 32.

### Line 32

#### Standard or itemized deduction

The deduction you take on line 32 depends on which deduction you took on your federal return.

- If you took the standard deduction on your federal return or you did not have to file a federal return, you must take the New York standard deduction on line 32. Find the correct amount for your filing status in the following table, enter that amount on line 32 and mark an "X" in the standard deduction box next to line 32.

Standard Deduction Table	
Filing status	Standard deduction — enter on Form IT-203, line 32
① Single and you marked item C <i>Yes</i> . . . . .	\$ 3,000
① Single and you marked item C <i>No</i> . . . . .	7,500
② Married filing joint return . . . . .	13,000
③ Married filing separate return . . . . .	6,500
④ Head of household (with qualifying person) . .	10,500
⑤ Qualifying widow(er) with dependent child . . . . .	13,000

- If you itemized your deductions on your federal return, complete Form IT-203-ATT, lines 1 through 14 and compare the Form IT-203-ATT, line 14 amount to your standard deduction shown in the table above. Your tax will be less if you enter on line 32 the **larger** of these amounts (if you marked filing status ③, see *Caution* below).

To show which deduction you are taking, be sure to mark an "X" in either the standard or the itemized deduction box next to line 32.

**Caution** If you are married and filing separate returns (filing status ③), both of you must take the standard deduction unless both of you itemized deductions on your federal returns and both of you elect to itemize deductions on your New York returns.

If you elect to itemize deductions on line 32 of your New York return, **you must attach your completed Form IT-203-ATT to your Form IT-203.**

### Part-year city of New York school tax credit

If you qualify, enter on line 56 your part-year city of New York school tax credit, and answer question 1, and if applicable question 2, at item E on the front of your Form IT-203.

To claim this credit you must be a city of New York resident for at least part of the taxable year, and marked the *No* box for item C on the front page of your Form IT-203.

Regardless of your filing status for New York State, if you (or your spouse, if married) were a part-year city of New York resident, the allowable portion of the city of New York school tax credit must be prorated. Use the proration chart below to figure your part-year city of New York school tax credit.

If you are claiming filing status 1, 3, 4, or 5 and were at least age 65 by January 1, 1999, use the column in the tax credit proration chart below for *65 and over* to determine your part-year city of New York school tax credit to enter on Form IT-203, line 56. If you are claiming filing status 2, see *Special rule for filing status 2* below.

If your spouse died in 1998 and was 65 or older at the date of death, your spouse is deemed to be 65 for purposes of computing the city of New York school tax credit.

**Special rule for filing status 2:** If both spouses were New York City part-year residents, find your part-year credit in the tax credit proration chart below using filing status 2. If both spouses do **not** have the same period of city residence, figure the credit using the spouse with the longest New York City resident period. If you are both part-year residents, but only one spouse is 65 years of age, you are both deemed to be 65 years of age for purposes of determining your allowable credit.

**Example 1:** You were a 5-month New York City resident and your spouse was an 8-month New York City resident; you marked filing status 2 (Married filing joint return) on your Form IT-203, and you are over 65 years of age and your spouse is under 65. You would determine your city of New York school tax credit from the table below using filing status 2, a resident period of 8 months, and an age of 65 or over. Your allowable credit would be \$83.33.

If one spouse was a New York City part-year resident and the other spouse was a nonresident of the city for the entire year, you must determine your allowable credit from the tax credit proration chart below using filing status 3. In addition, each spouse must use **his or her own age** in determining whether each is eligible for the highest credit for ages 65 or over.

**Example 2:** You were a 5-month New York City resident and your spouse was a full-year nonresident of the city of New York; you marked filing status 2 (Married filing joint return) on your Form IT-203, and you are under age 65 and your spouse is over 65 years of age. You would determine your credit from the table below using filing status 3, a resident period of 5 months, and an age of under 65. Your allowable credit would be \$5.00.

Number of months	Under 65 all filing statuses	65 and over	
		Filing status 1, 3, and 4	Filing status 2 and 5
1	1.00	5.21	10.42
2	2.00	10.42	20.83
3	3.00	15.63	31.25
4	4.00	20.83	41.67
5	5.00	26.04	52.08
6	6.00	31.25	62.50
7	7.00	36.46	72.92
8	8.00	41.67	83.33
9	9.00	46.88	93.75
10	10.00	52.08	104.17
11	11.00	57.29	114.58
12	12.00	62.50	125.00

File the New York City unincorporated business tax return directly with the New York City Department of Finance.

**Refund or Amount You Owe****Line 63****Amount overpaid**

**If line 62 is more than line 55**, subtract line 55 from line 62. Enter the result on line 63 unless you owe an underpayment of tax (estimated tax) penalty.

If you owe a penalty for underpayment of tax (see line 67 instructions on page 29) subtract the penalty amount from the overpayment and enter the net result on line 63. If your underpayment of tax penalty is greater than your overpayment (line 63), enter the difference on line 66 and leave line 63 blank.

Your net overpayment can be (1) refunded to you, by check, (2) directly deposited into your bank account (see line 64 below), or (3) applied to your 1999 estimated tax. Your overpayment can also be (4) apportioned between (1) and (3) or (2) and (3). Any overpayment credited toward your 1999 estimated tax cannot be refunded after April 15, 1999.

**Line 64****Refund**

Enter the amount of overpayment from line 63 that you want refunded to you. You must file a return to get a refund. The Tax Department will not refund an amount of one dollar or less unless you attach to your return a signed statement asking for it.

**Collection of debts from your refund—**

We will keep all or part of your refund if you owe past-due support or a past-due legally enforceable debt to the Internal Revenue Service or a New York State agency. This includes any state department, board, bureau, division, commission, committee, public authority, public benefit corporation, council, office, or other entity performing a governmental or proprietary function for the state or a social services district. Any amount over your debt will be refunded.

**Disclaiming of spouse's debt** — If you checked filing status ② and you do not want to apply your part of the refund to your spouse's debt because you are not liable for it, complete Form IT-280, *Nonobligated Spouse Allocation*, and **attach it (not a photocopy) to the front of your original return.** We need the information on it to process your refund as quickly as possible. Once you have filed your return, you cannot file an amended return to disclaim your spouse's defaulted student loan or past-due support liability or past-due legally enforceable debt owed to a state agency. (However, you will be notified if your refund is applied against your spouse's defaulted student loan or past-due support or past-due legally enforceable debt owed to a state agency and you did not attach Form IT-280 to your return. You will then have ten days from the date of notification to file Form IT-280. However, this will result in a delay in your refund and extra work for you.) For more information, see Form IT-280.

If you have any questions about whether you owe a past-due legally enforceable debt to the

(continued)

Internal Revenue Service or a state agency, contact the IRS or that particular state agency.

For New York State, New York City or Yonkers tax liabilities **only**, call 1 800 835-3554 (outside the U.S. and outside Canada, call (518) 485-6800) or write to NYS TAX DEPARTMENT, TAX COMPLIANCE DIVISION, W A HARRIMAN CAMPUS, ALBANY NY 12227.

**Direct Deposit**

Complete lines 64a through 64c if you want us to deposit your refund directly into your bank account.

**Line 64a** - Enter the routing number shown on the checks issued by your bank (see sample check below). The routing number **must** be nine digits. If the first two digits are not 01 through 12, or 21 through 32, the direct deposit will be rejected and a check sent instead. On the sample check below, the routing number is 090090099.

Your check may state that it is payable through a bank different from the one where you have your account. If so, do not use the routing number on that check. Instead, contact your bank for the correct routing number to enter on this line.

**Line 64b** - Check the box for the type of account, checking or savings.

**Line 64c** - Enter your account number shown on your checks (see sample check below). The account number can be up to 17 characters (both numbers and letters). Include hyphens but omit spaces and special symbols. Enter the number from left to right and leave any unused boxes blank. On the sample check below, the account number is 1357902468.

The Department will not notify you that your **refund** has been deposited. However, if the amount we deposit is different from the amount of refund you claimed on your return, we will send you a written explanation of the adjustment within two weeks from the date the refund was deposited.

We will make every effort to comply with your request for direct deposit. However, we cannot be responsible when a bank refuses a direct deposit. Some financial institutions, for example, do not allow a joint refund to be deposited into an individual account. If your bank refuses the direct deposit or the deposit cannot be made for any other reason, we will send a check to the mailing address shown on your return.

**Refund Mailer -**

If you prefer not to have your refund deposited directly into your bank account, it will be mailed to you as in the past. However, it will arrive in a mailer (as shown at right). The mailer is designed to provide greater security for refund checks and to help facilitate refund processing.

**If you encounter any problem with the direct deposit of your refund to your account, call toll free 1 800 321-3213.** The processing time for an income tax return is approximately six to eight weeks.

**Line 65**

**New York State, city of New York and city of Yonkers estimated tax for 1999**

Enter the amount of overpayment from line 63 that you want credited to your New York State, New York City and Yonkers estimated tax for 1999. Do not include any amount that you claimed as a refund on line 64. Subtract line 64 from line 63 to determine how much you can apply to 1999. **This election to apply all or part of the amount overpaid to your 1999 estimated tax cannot be changed after April 15, 1999.**

**Line 66**

**Amount you owe**

**If line 62 is less than line 55**, subtract line 62 from line 55.

If you owe more than one dollar, include full payment with your return. (You do not have to pay one dollar or less.) Make your check or money order payable to **New York State Income Tax** and write your social security number and **1998 Income Tax** on it. **Do not send cash.**

If you also have to pay an estimated tax penalty (for underpayment of tax - line 67, that amount must be included with any tax you owe on line 66. Send one check or money order for the total amount (estimated tax penalty plus any tax due).

**Staple** your payment to the front of your return.

If you include penalties or interest with your check or money order, identify and enter these amounts in the right margin of the back page of Form IT-203 (but not underpayment of estimated tax penalty; see line 67).

**Installment Payments**

If you cannot pay the full amount you owe as shown on line 66 of your 1998 income tax return, you can ask to make monthly installment payments. However, you will be charged interest and may be charged a late payment penalty on any tax not paid by April 15, 1999, even if your request to pay in installments is granted. To limit the interest and penalty charges, file your return on time and pay as much of the tax as possible with your return.

Before you request an installment payment agreement, you should consider other alternatives such as a commercial or private loan.

To be considered for an installment agreement, you must complete New York State Form DTF-383, *Income Tax Installment Payment Agreement Request*. To get Form DTF-383, use the *Income Tax Forms Order Blank* (Form IT-86) that came with your income tax packet. If you do not have an order blank, see *Need Help?* on the back cover for a listing of our phone numbers and website address.

**You must attach your completed Form DTF-383 to the front of the 1998 income tax return you file.** Your request for an income tax installment payment agreement will be considered based upon the information you provide. We will notify you if your request is approved or denied.

**Line 67**

**Penalty for underpayment of tax (estimated tax penalty)**

Generally, you are not subject to a penalty if your 1998 prepayments equal at least 100% of your 1997 tax (110% of that amount if you are not a farmer or fisherman and the New York adjusted gross income (*Federal Amount* column), on that return is more than \$150,000 or, if married filing separately, more than \$75,000) based upon a return covering 12 months. However, if line 66 is at least \$100 and, in addition, represents more than 10% of the tax shown on your return or you underpaid your estimated tax liability for any payment period, you may owe a penalty. For more information, get Form IT-2105.9, *Underpayment of Estimated Tax by Individuals and Fiduciaries*, to see if you owe a penalty and to figure the amount.

If you owe an estimated tax penalty, and you computed an overpayment, see the line 63 instructions. If you computed an amount due, see the line 66 instructions. Be sure to attach Form IT-2105.9 to your return.

Do not include any other penalty or interest amounts on line 67. **If you include penalties or interest with your check or money order, identify and enter these amounts in the right margin on the back page of Form IT-203.**

**Item F**

**Part-year residents**

If you were a New York State resident for part of the year, enter the date you moved in the appropriate box, review the explanation for items (1), (2), and (3) below, and check the box that describes your situation on the last day of the tax year:

- (1) If you moved into New York State, check box 1. The Tax Department will mail you a resident tax packet next year.
- (2) If you moved out of New York State and you continue to receive income from New York State sources, check box 2. The Tax Department will mail you a nonresident and part-year resident tax packet (IT-203-P) next year.
- (3) If you moved out of New York State and no longer receive income from New York State sources, check box 3. The Tax Department will not mail you a tax packet next year.

School District Code	County
Social Security Number(s)	
Your Name	
Spouse's Name	
Number and Street	
City	State ZIP code

On the label is a series of numbers which shows your social security number(s) and a single letter that indicates the form you filed last year.

- If your name, your spouse's name, or your address is wrong, cross it out and make corrections directly on the label. Space for each name on the label is limited to 36 characters. Do not correct the label if it is correct except for some missing final characters.
- If any other information is incorrect or missing - or if you do not have a peel-off label - enter the correct information in the designated white spaces and boxes at the top of Form IT-203. Do not enter information for these items if they are correct on the label.  
Please keep your name and address entries within the spaces provided. For example, your first name and middle initial should not go past the vertical line separating them from your last name, and your last name should start to the right of the vertical line. Similarly, your mailing address, ZIP code, etc., should be kept within the boxes provided.
- All joint filers - be sure your social security numbers are in the same order as your names. (Your social security number(s) is printed directly above your name; your county of residence is in the middle.)
- If you were a part-year resident, print or type in the white space at the top of Form IT-203 the county of the last residence you occupied in New York State.  
If you were a **nonresident** of New York State for the **entire** year, enter the abbreviation **NR** in the county space.

**School district name and code number**

If you were a **part-year resident**, enter the name and code number of your public school district for the period you were a New York resident. This is the district where you were a resident on December 31, 1998, or the district where you were a resident of New York before you moved out of the state. School districts and code numbers are listed on pages 59 through 62 of these instructions. If you do not know the name of the school district, contact the nearest public school to your New York State home.

**You must enter your school district name and code number** even if you were absent from the school district temporarily, if the school your children attended was not in your school district, or if you had no children attending school. School aid may be affected if the school district or code number is not correct.

If you were a **nonresident** of New York State for the **entire** year, enter the abbreviation **NR** in the school district name box.

**Permanent home address**

**Part-year residents** - Enter your permanent home address for the portion of the year that you were a resident of New York State, if it is **not** the same as your mailing address.

If you moved into the state, enter your permanent home address as of December 31, 1998.

If you moved out of the state prior to December 31, 1998, enter as your permanent home address the address of the New York State residence you occupied last in 1998.

We ask for your permanent home address to verify your school district name and code number, which are used in figuring state aid to local school districts.

Your permanent home address is the address of the dwelling place in New York State that you occupied last in the taxable year, whether you or your spouse own or rent it. A summer or vacation home is not your permanent home.

Your permanent home address is not always the same as the mailing address that is entered on your income tax return. For example, you may use a post office box number for your mailing address; this is not your permanent home address.

- If you use a paid preparer and you use the preparer's address as your mailing address, enter the address of your permanent home in the space provided.
- If you are a permanent resident of a nursing home, enter the nursing home address as your permanent home address.
- If you are married and maintain separate New York State residences and are filing separate New York State returns, enter as your permanent home address the address of your own residence.

**Nonresidents** - enter the address of your residence outside New York State that you consider to be your domicile and your permanent place of abode if it is different from your mailing address. For definitions of *domicile* and *permanent place of abode*, see *Resident, Nonresident and Part-Year Resident Defined* on page 6 of these instructions. If you moved into New York State after December 31, 1998, enter the address of the residence that you maintained during 1998 outside New York State that you considered to be your domicile and your permanent place of abode.

**Members of the Armed Forces** - If your permanent home was in New York State when you entered the military, enter your New York permanent home address regardless of where you were stationed during 1998.

**Death of taxpayer**

If a taxpayer is deceased, enter the decedent's **first name** and **date of death**.

**If you do not have a peel-off label** - enter all of the following information in the white spaces and boxes at the top of the front page of your return, as explained above.

- name and address** (both names if filing a joint return);
- permanent home address** (if different from mailing address);
- the decedent's first name and date of death** (if taxpayer is deceased);
- social security number(s)**;
- New York State county of residence** (on December 31, 1998 or the date you last occupied your New York residence, if you are a part-year resident);
- school district name and code number** (if you are a part-year resident).

**Item G**

**Nonresidents - Did you maintain living quarters in New York State?**

If you or your spouse had living quarters available for your use in New York State during any part of 1998, check the **Yes** box and complete Schedule B on Form IT-203-ATT. These living quarters would include a house, apartment, co-op or any other living quarters maintained or paid for by you or your spouse, or any New York State living quarters **maintained for your primary use** by another person, family member or employer.

For an example of living quarters maintained for your primary use, see the instructions for Form IT-203-ATT, Schedule B, on page 35.

Now continue with **Step 4**.

**Step 4**

Check the figures on your return and any attachments.

**Step 5**

Complete the top of the front page of your return.

**Peel-off label** - Remove the peel-off label from under the flap inside the front cover of your packet (or from your postcard if you received one instead of a packet) and place it in the name and address box at the top of Form IT-203. Check the label to make sure the information on it is complete and correct. The label includes 2 bar codes which represent the numeric information on the label. This label allows us to take advantage of the latest technology available to process your return.

### Step 6

#### Sign and date your return at the bottom on the back page

Enter your daytime telephone number including the area code. This voluntary entry will enable the Tax Department to correct minor errors or omissions quickly by calling you rather than writing or sending back your return. You are not required to give your telephone number.

You must sign and date your original return. If you are married filing a joint return and you are not required to attach Form IT-203-C to your return, you must both sign Form IT-203. If you are married filing a joint return and you are required to attach Form IT-203-C to your return, only the spouse with New York source income (shown in the *New York State Amount* column) must sign Form IT-203. **Your return cannot be processed if you do not properly sign it and attach a signed Form IT-203-C, if required.**

If the return is for someone who died and there is no surviving spouse to sign it, the name and address of the person signing it must be printed or typed below the signature.

You should keep a copy of your return and any attachments in a safe place in case you need to refer to them at a later date. If someone prepares your return for you, be sure to get a copy for your records.

If you pay someone to prepare your return, the paid preparer must also sign it and fill in the other blanks in the paid preparer's area of your return. A person who prepares your return and does not charge you should not fill in the paid preparer's area.

### Step 7

#### Return Assembly

Illustrated below is the correct way to assemble your return and the various attachments for the most efficient handling. You can help ensure that your return (and your refund, if you are entitled to one) is processed as quickly as possible by taking a few moments to assemble your forms as shown.

- Staple payments, if any, to the front of your return.
- If you are filing Form IT-280, *Nonobligated Spouse Allocation*, please staple it, along with any correspondence and payments, to the front of your return, with the payments on top.
- Staple any other forms behind your Form IT-203, face up, with your wage and tax statements last, stapled to the center at the top of Form IT-203.

### Step 8

#### Checklist

Before you mail your return, a quick check will help you avoid common errors that may delay your return. **Did you:**

- attach your peel-off label?** If you do not have a label, did you enter your name, address and social security number(s) and other information required in Step 5 (if you are a part-year resident), at the top of your return?
- enter your permanent home address, if required?** See *Permanent home address* on page 30.
- mark an "X" in your filing status box at item A?**

- sign your return** (unless filing Form IT-203-C, both husband and wife must sign a joint return)?
- make your check or money order payable to *New York State Income Tax* for the full amount you owe?**
- write your social security number and 1998 Income Tax on your check or money order?**
- staple your wage and tax statement(s), Form IT-2102 (Copy 1) or federal Form W-2 (Copy 2), to the back of your return according to Step 7?**

- attach Form IT-203-ATT if you:**
  - (1) are allocating wage or salary income on Schedule A, *Allocation of Wage and Salary Income to New York State*;
  - (2) marked the Yes box at item G of Form IT-203 and must complete Schedule B, *Living Quarters Maintained in New York State by a Nonresident*;
  - (3) are claiming the New York itemized deduction;
  - (4) are subject to other New York State or New York City taxes; or
  - (5) are claiming other New York State credits.

### Step 9

# Amending Your New York State Return

## Which Form to Use

If after filing your 1998 New York State Form IT-203, you realize that you made an error, or if the Internal Revenue Service makes changes to your federal return (whether you agree with the changes or not), you must file an amended New York State return on 1998 Form IT-203-X, *Amended Nonresident and Part-Year Resident Income Tax Return*, to correct the error or to report the changes.

To file an amended return or report federal changes for 1998, 1997, 1996, or 1995, use Form IT-203-X and its instructions (IT-203-X-I) for the specific year you are amending.

To file an amended return or report federal changes for tax years prior to 1995, you must use Form IT-203 and its instructions for the tax year you are amending. Mark *Amended* at the top of the front page of that prior year's Form IT-203 (e.g., an amended 1994 return would be filed on 1994 Form IT-203, marked *Amended*).

If you are reporting federal changes for a tax year prior to 1988, use Form IT-115, *Report of Federal Changes*.

Do **not** use Form IT-203-X to report a net operating loss carryback, to protest a paid assessment which was based on a statement of audit changes, or to file a protective claim; use Form IT-113-X, *Claim for Credit or Refund of Personal Income Tax*. However, if you are reporting any of the above and some other change(s) to your 1998 Form IT-203, you must file Form IT-203-X showing all changes; do **not** use Form IT-113-X in this case.

**Caution:** If you were a full-year 1998 New York State resident, you must use Form IT-201-X, *Amended Resident Income Tax Return*, to correct an error or to report federal changes; do **not** use Form IT-203-X in this case. For more information, see the instructions for Form IT-201-X.

## When to File

Generally, Form IT-203-X must be filed within three years of the date the original return was filed or within two years of the date the tax was paid, whichever is later.

## Forms, Information, and Records You Will Need in Order to File

You will need the following items in order to file your amended nonresident and part-year resident income tax return on Form IT-203-X:

- A blank Form IT-203-X with instructions for the tax year you are amending (i.e., 1998, 1997, 1996, or 1995).
- Other blank New York forms for the tax year you are amending, if you are amending certain other taxes, credits or deductions that require an additional form to be filed (e.g., IT-203-ATT, IT-212, IT-212-ATT, IT-215, IT-216, IT-217, IT-219, IT-220, IT-230, IT-360.1, IT-399, IT-2105.9, etc.), if applicable. For more information on other forms you may have to file, see pages 9 and 10 of these instructions.
- Form IT-203-P (Packet) or IT-203-I (Instructions) for the tax year you are amending.
- A copy of your originally filed New York return for the tax year you are amending, including supporting forms and schedules.
- A copy of your originally filed and amended (if you filed one) federal income tax return for the tax year you are amending.
- Copies of your original and any subsequent or corrected wage and tax statements for the applicable tax year.
- Copies of detailed final federal determination if reporting federal changes for the applicable tax year.

## When Amending, Use Form IT-203 Instructions for Information

If, when filing Form IT-203-X, you have any questions on the taxability of income, on whether or not a deduction is allowable on your amended return, on the use of federal figures on your New York return or on whether or not an item of income or deduction should be sourced to New York State, see the instructions for Form IT-203. If you still feel you need assistance, see *Need Help?* in the instructions for Form IT-203 or Form IT-203-X.

**For more information about filing an amended nonresident and part-year resident income tax return, see Form IT-203-X-I, *Instructions for Form IT-203-X*, for the tax year you are amending. See *Need Help?* on the back cover for information on how to get forms.**

Resident and Nonresident Defined

- For income tax purposes, you have to consider where you were domiciled and where you maintained a permanent place of abode during the taxable year.
• In general, your domicile is the place that you intend to have as your permanent home - the place you intend to return to whenever you may be away.
• You can have only one domicile.
• A permanent place of abode is a residence you permanently maintain, whether you own it or not, and usually includes a residence your spouse owns or leases.

Resident — You are a New York State resident if:

- a) Your domicile is not New York State but you maintain a permanent place of abode in New York State and spend 184 days or more in New York State during the taxable year.
b) Your domicile is New York State unless you meet all three of the conditions in either Group A or Group B as follows:

Group A:

- 1) You did not maintain any permanent place of abode in New York State during the taxable year; and
2) you maintained a permanent place of abode outside New York State during the entire taxable year; and
3) you spent 30 days or fewer in New York State during the taxable year.

Group B:

- 1) You were in a foreign country or countries for at least 450 days during any period of 548 consecutive days; and

- 2) during this period of 548 consecutive days, you did not spend more than 90 days in New York State and you did not maintain a permanent place of abode in New York State at which your spouse (unless legally separated) or minor children spent more than 90 days; and
3) during the nonresident portion of the taxable year in which the 548-day period either begins or ends, you were present in New York State for no more than the number of days that bears the same ratio to 90 as the number of days in such portion of the taxable year bears to 548.

Number of days in the nonresident portion / 548 x 90 = Maximum number of days allowed in New York State

Nonresident — You are a New York State nonresident if you do not meet the above definition of a resident. You are a part-year resident if you meet the definition of resident or nonresident for only part of the year.

Percent of services — The percent of services performed in New York State may be computed using days, miles, time, etc. For example, an individual working in New York State 2 out of 5 days for the entire year performs 40% of his or her services in New York State.

# Instructions for Form IT-203-ATT – Itemized Deduction, and Other Taxes and Tax Credits

**Purpose of Form IT-203-ATT** — If you elect to claim the New York itemized deduction, if you are claiming other New York State credits, or if you are subject to other New York State or New York City taxes, fill in Form IT-203-ATT and attach it to your return. If you need more forms or schedules, see *Need Help?* on the back cover of these instructions.

The lines for entering your federal itemized deductions are on **Form IT-203-ATT**. If you itemized your deductions on federal Form 1040, fill in lines 1 through 14, Part I, of **Form IT-203-ATT**. Compare the line 14 amount to your allowable standard deduction amount from the **Standard Deduction Table** on page 25 and enter the larger amount on line 32 of Form IT-203.

## Schedule A

### Allocation of wage and salary income to New York State

Complete a separate Schedule A for each job that you had during the year for which you earned income in and out of New York State and for which your income was not based on the volume of business transacted.

If you need more than one Schedule A, you can either photocopy or create a facsimile of this schedule.

**Failure to complete Schedule A and attach it to your Form IT-203 will result in a delay in the processing of your return.**

For more information about Schedule A, see the instructions for Form IT-203, line 1 on page 15 of these instructions.

## Schedule B

### Living Quarters Maintained in New York State by a Nonresident

Complete this schedule if you marked the Yes box for item F on the back of Form IT-203. If you or your spouse had living quarters available for your use in New York State during any part of 1998, enter the address(es). These living quarters would include a house, apartment, co-op or any other living quarters maintained or paid for by you or your spouse, or any living quarters maintained for your use by another person, family member or employer.

For example, if a company were to lease an apartment for the use of the company's president or chief executive officer, and the dwelling was principally available to that individual, the individual would be considered as maintaining living quarters in New York even though others might use the apartment on an occasional basis.

Give the number of days you were in New York State, even if on personal business. Do not count days you traveled through New York State to use a common carrier such as an airplane, train or bus.

## Part I — New York State Itemized Deduction

### Lines 1 through 8

Enter on each line the total of each group of itemized deductions (medical and dental, taxes, moving expenses, etc.) and total itemized deductions exactly as you reported them on your federal Schedule A (Form 1040), *Itemized Deductions*. If your federal adjusted gross income is more than \$124,500 (\$62,250 if married filing separately), you may not have been able to deduct all of your itemized deductions. **For those taxpayers with income above this amount, the total of Form IT-203-ATT, lines 1 through 7, in most instances will not equal the amount on line 8.** The difference represents itemized deductions disallowed for federal purposes.

### Line 9

#### State, local and foreign income taxes and other subtraction adjustments

If your Form IT-203, line 18, federal amount is:

- \$124,500 or less** (\$62,250 or less if you are married filing separately), and you itemized your deductions on your federal return, enter the amount of state, local and foreign income taxes included on line 2 of Form IT-203-ATT and any other subtraction adjustments (from itemized deductions), A through F, listed below.
- more than \$124,500** (more than \$62,250 if you are married filing separately), and you itemized your deductions on your federal return, complete Worksheets 1 and 2, on page 36.

**Exception for city of New York nonresident earnings tax** — If you included the New York City nonresident earnings tax on federal Schedule A, line 5, you do **not** have to include on line 9 the difference between the New York City nonresident earnings tax on wages figured at the old rate (0.25%) and the tax figured at the current rate (0.45%). To figure the amount of New York City nonresident earnings tax you have to include on line 9, multiply your New York City taxable wages (from NYC-203, line 3) by .0020 and subtract the result from your state, local and foreign income tax deduction included on federal Schedule A, line 5.

*Example* — Your federal Schedule A, line 5 amount includes your New York City nonresident earnings tax as well as other state, local and foreign income taxes, for a total income tax deduction of \$1,000. Your taxable wages from Form NYC-203, line 3, are \$16,000. Multiply \$16,000 by .0020 which equals \$32, the amount you do **not** have to include on line 9. Then subtract \$32 from \$1,000 to find the difference of \$968, the amount to enter on line 9.

The above also applies to the New York City nonresident earnings tax on net earnings from self-employment. The amount you do not have to include on line 9 is the difference between the tax figured at the old rate (0.375%) and the tax figured at the current rate (0.65%). To figure the amount you have to include on

line 9, multiply your New York City taxable net earnings tax from self-employment (Form NYC-203, line 7) by .00275 and subtract the result from your state, local and foreign income tax deduction included on federal Schedule A, line 5.

#### Other subtraction adjustments from itemized deductions

On a separate sheet marked **Form IT-203-ATT, Line 9 — Other Subtraction Adjustments**, identify by item letter (from the list of subtractions below) other subtraction adjustments that apply to you. Show the amount of each and attach this sheet to your return. Total all your subtractions and include that amount in the total for line 9.

- A** Ordinary and necessary expenses paid or incurred in connection with income, or property held for the production of income, which is exempt from New York income tax but only to the extent deducted in figuring your federal taxable income.
- B** Amortization of bond premium attributable to 1998 on any bond whose interest income is exempt from New York income tax, but only to the extent deducted in figuring your federal taxable income.
- C** Interest expense on money borrowed to purchase or carry bonds or securities whose interest is exempt from New York income tax.
- D** If you are a shareholder of a federal S corporation that could elect but did not elect to be a New York S corporation, any S corporation deductions included in your federal itemized deductions. If an S corporation short year is involved, you must allocate those deductions.
- E** Five percent of your deduction for interest, subject to the limitation amount, related to corporate acquisitions to the extent the interest was deducted in figuring your New York itemized deduction (section 615(c)(7) of the Tax Law). For more information, see TSB-M-89-(10)I, *Mergers and Acquisitions*, dated February 20, 1990. Attach a separate schedule to your return showing your computation.
- F** Premiums paid for long-term care insurance to the extent deducted in determining federal taxable income from **Worksheet 1** on page 36.

**Partners** — Include on line 9 the subtractions described above that apply to your share of partnership deduction items (if not included in your New York subtractions on the front page of Form IT-203). Determine your share of partnership items from Form IT-204, *Partnership Return*.

**S corporation shareholders** — If you are a shareholder of a federal S corporation for which the election to treat the corporation as a New York S corporation was in effect for the tax year, or if you were not eligible to make the election to treat your corporation as a New York S corporation because the corporation is not subject to Article 9-A, general business corporation franchise tax, or Article 32 banking corporation franchise tax, include on line 9 subtractions A, B, C, E, and F, described above, that apply to your pro rata share of S corporation items of income, loss or deduction.

(continued)

If the election to be a New York S corporation terminated during the tax year, you must allocate those items. Obtain your share of S corporation items from the S corporation.

If you are a shareholder of a federal S corporation that could elect but did not elect to be a New York S corporation, include subtraction D.

## Penalties and Interest

**Interest** — Interest will be charged on income tax that is not paid on or before the due date of your return, even if you received an extension of time to file your return. Interest is a charge for the use of money and in most cases may not be waived. Interest is compounded daily and the rate is adjusted quarterly.

If you are due a refund, you may also be entitled to receive interest on your overpayment. Interest is compounded daily and the rate is adjusted quarterly. If the refund is made within 45 days after the due date of your return, no interest will be paid. If you file your return after the due date (including extensions), no interest will be paid if the refund is made within 45 days after the date you filed. If the refund is not made within this 45-day period, interest will be paid from the due date of the return or from the date you filed, whichever is later. However, interest will not be paid to you:

- (1) on the portion of your refund that is attributable to the part-year child and dependent care credit or earned income credit, farmers' school tax credit or the city of New York school tax credit; or
- (2) if your return cannot be processed.

**To be processed, your return must show your name, address, social security number, signature and the information needed to mathematically verify your tax liability.**

**Late filing penalty** — If you file late, you will be charged a penalty of 5% of the tax due for each month, or part of a month, the return is late, up to a maximum of 25%, unless you extend the time to file or attach to your return an explanation showing reasonable cause for the delay. If your return is more than 60 days late, this penalty will not be less than the lesser of \$100 or 100% of the amount required to be shown as tax due on the return, reduced by any tax paid and by any credit that may be claimed. For information on getting an extension of time to file your return, see *When to File* on page 12 of these instructions.

**Late payment penalty** — If you do not pay your tax when due, you will be charged a penalty of ½ of 1% of the unpaid amount for each month or part of a month it is not paid, up to a maximum of 25%. This penalty is in addition to the interest charged for late payments.

This penalty may not be charged if you attach to your return an explanation showing reasonable cause for paying late.

**If you figure your tax incorrectly** — You may have to pay a penalty if the tax you report on your return is **less** than your correct tax. If you are off by more than 10% or \$2,000, whichever is more, you may have to pay this penalty. The penalty is 10% of the difference between the tax you reported and the tax you actually owe.

**Underpayment of estimated tax penalty** — If your 1998 withholding and estimated tax payments do not equal at least 90% of the tax shown on your return for the taxable year or 100% of the tax shown on your return for the preceding taxable year (110% of that amount if you are not a farmer or fisherman and the New York adjusted gross income shown on that return is more than \$150,000 or, if married filing separately, more than \$75,000) based on a return covering 12 months, you may be subject to a penalty for underpayment of estimated income tax.

For more information, see Form IT-2105.9, *Underpayment of Estimated Tax by Individuals and Fiduciaries*, and its instructions, to see if you owe the penalty, how to figure the penalty and which exceptions to the penalty apply.

**Negligence penalty** — If your return does not show all of the tax imposed under the Tax Law, its rules or regulations, due to negligence or intentional disregard but not with intent to defraud, you will be charged a penalty of 5% of any deficient amount. In general, a deficiency is the difference between the correct tax and the tax shown on your return. In addition, 50% of the interest due on any underpayment resulting from negligence will be added to your tax.

**Fraudulent returns** — If any part of a deficiency is due to fraud, you will be charged a penalty of 50% of the deficiency. In general, a deficiency is the difference between the correct tax and the tax shown on your return. In addition, 50% of the interest due on any deficiency resulting from a fraudulent act will be added to your tax.

**Frivolous returns** — A penalty of up to \$500 will be imposed on any person who files a frivolous tax return. A return is considered

frivolous when it does not contain information needed to judge the correctness of the tax return, or reports information that is obviously and substantially incorrect, and intended to delay or impede the administration of Article 22 of the Tax Law or the processing of the return.

This penalty is added to any other penalty provided by law.

**Failure of paid preparers to conform to certain requirements** - A penalty of \$50 per return or claim for refund will be assessed a paid preparer for failure to comply with any of the following requirements:

- failure to sign the tax return or claim for refund;
- failure to include the identifying number of the paid preparer (if an individual paid preparer is an employee of an employer or a partner in a partnership that is a paid preparer, the return or claim for refund must also include the identifying number of the employer or partnership);
- failure to furnish a completed copy of the tax return or claim for refund to the taxpayer not later than the time it is presented for the taxpayer's signature;
- failure to keep a completed copy of the return or claim for refund prepared for each taxpayer or to keep the name and identification number of each taxpayer for whom a return or claim for refund was prepared on a list and to make the copy or list available for inspection upon request.

The period for keeping a complete copy of the return or information on the list is three years after the due date of the return (without regard to extensions) or three years after the date the return was presented to the taxpayer for signature, whichever is later.

**\*\* Important:** If your New York adjusted gross income (line 31 of Form IT-203) is more than \$100,000, and your taxable income (line 35 of Form IT-203) is \$65,000 or more, compute your New York State tax from the schedule above, transfer the amount to "Tax Computation Worksheet 1," line 4, on page 25 and complete the worksheet.

If your New York adjusted gross income is more than \$100,000, and your taxable income is less than \$65,000, find your New York State tax from the tax table (pages 41 through 48), transfer the amount to "Tax Computation Worksheet 1," line 4 on page 25 and complete the worksheet.

If your New York adjusted gross income is more than \$150,000, compute your New York State tax by completing "Tax Computation Worksheet 2" on page 25; do not use the state tax table or the schedule above.

# Instructions for Form NYC-203, City of New York Nonresident Tax Return

## Who Must File

You must file Form NYC-203, *City of New York Nonresident Earnings Tax Return*, if you file or have to file a New York State return and you are a nonresident of New York City who earns wages or carries on a trade or business there, or are a member of a partnership which carries on a trade or business there.

If you and your spouse are both subject to the New York City nonresident earnings tax, you each must file a separate Form NYC-203 and **attach it to your New York State return**. If you filed a joint New York State return, combine your New York City nonresident earnings tax from each Form NYC-203 and enter the total on your New York State return.

You do not have to file a New York City nonresident earnings tax return if you meet **all** of these conditions:

- you do not have to file a New York State income tax return; and
- you were a New York City nonresident for the entire year; and
- your income from New York City sources consisted only of wages; and
- total wages you received for the year (from all employers) subject to New York City nonresident earnings tax was not more than \$3,000; or
- you received wages from only one employer and the correct amount of New York City nonresident earnings tax was withheld.

For the definition of a New York City nonresident, refer to the instructions for Form IT-201 or Form IT-203 under *Resident, nonresident and part-year resident defined* and substitute **New York City** for **New York State** in those instructions.

**You must file Form IT-200, IT-201, or IT-203 to claim a refund.**

## Definitions

**Wages** as defined under section 3401(a) of the Internal Revenue Code (IRC) include all payments and the cash value of all payments made in any form other than cash for services performed by an employee for an employer.

Wages also include the following:

- the amount of 414(h) contributions shown on your wage and tax statement(s), New York State Form IT-2102 (Copy 1) or federal Form W-2 (Copy 2), made by:
  - a Tier 3 or Tier 4 member of the New York State and Local Retirement Systems, which include the New York State Employees' Retirement System and the New York State Police and Fire Retirement System; **or**
  - a Tier 3 or Tier 4 member of the New York State Teacher's Retirement System; **or**
  - an employee of the State or City University of New York who belongs to the Optional Retirement Program; **or**
  - any tier member of the New York City Employees' Retirement System, the New York City Teachers' Retirement System, the New York City Board of Education Retirement System, the New York City Police Pension Fund or the New York City Fire Department Pension Fund; **or**
  - members of the Manhattan and Bronx Surface Transit Operating Authority (MABSTOA) Pension Plan;

- the IRC 125 amount(s) shown on your wage and tax statement(s), New York State Form IT-2102 (Copy 1) or federal Form W-2 (Copy 2) that was deducted or deferred from your salary (section 612(b)(31) of the Tax Law) under a flexible benefits program established on your behalf by the city of New York and certain other New York City public employers (City University of New York, New York City Health and Hospitals Corporation, New York City Transit Authority, New York City Housing Authority, New York City Off-Track Betting Corporation, New York City Rehabilitation Mortgage Insurance Corporation, New York City Board of Education, New York City School Construction Authority, Manhattan and Bronx Surface Transit Operating Authority, or the Staten Island Rapid Transit Authority);
- the salary reduction for the health insurance and welfare benefits fund surcharge of former fractional plan members of the New York City Employees or Board of Education Employees Retirement System pursuant to section 12-126.1 of the New York City Administrative Code, and of certain correction and sanitation workers pursuant to section 12-126.2 of the New York City Administrative Code.

Wages do not include unemployment compensation, or fees paid to a public officer or payment for active service as a member of the armed forces of the United States.

**Other employee compensation** includes but is not limited to salaries, fees, bonuses, tips, commissions on sales or on insurance premiums, severance pay, and vacation allowances that are subject to withholding under section 3401(a) of the IRC.

**Net earnings from self-employment** as defined under section 1402(a) of the IRC consist of your gross income from any trade or business carried on by you, less trade or business deductions allowed under the IRC, plus your distributive share (whether or not distributed) of income or loss from a trade or business carried on by a partnership of which you are a member. **Limited partners** are only considered to receive net earnings from self-employment if the income received represents guaranteed payments for services rendered. The deduction for wages and salaries paid or incurred for the taxable year that was disallowed according to section 280C of the IRC regarding the federal targeted jobs credit is allowed in figuring your net earnings from self-employment.

Net earnings from self-employment **do not** include:

- rental income from real estate and from personal property leased with the real estate, together with the deductions attributed to it, unless received in the course of a trade or business as a real estate dealer;
- dividends and interest not received in the ordinary course of a trade or business as a dealer in stocks or securities;
- gain or loss from the sale or exchange of capital assets, or from the sale, exchange or involuntary conversion of property other than stock in trade;
- any deduction for net operating losses; or
- retirement payments received by a partner according to a written plan excluded under IRC section 1402(a)(10).

## Which Form to File

Figure your New York City nonresident earnings tax on Form NYC-203. This tax is based on your wages and net earnings from self-employment derived from services performed in New York City. If you are a nonresident of New York City and you performed services both in and out of New York City, you must allocate your wages and net earnings from self-employment. You can use Schedule A on the back of this form to determine the portion to be allocated to New York City. If you are married, you cannot file a joint New York City nonresident earnings tax return. If you each have taxable earnings, you each must use a separate Form NYC-203 to figure your tax. Transfer your total New York City nonresident earnings tax to your New York State income tax return.

If you are a part-year New York City resident, see *Part-Year Residents* on page 4.

If you are required to file New York City unincorporated business tax, file Form NYC-202, *City of New York Unincorporated Business Tax Return for Individuals, Estates and Trusts*, directly with the New York City Department of Finance. Do **not** include it with your New York State return.

See *Need Help?* on page 4 for information on how to get forms.

Complete your return using the line instructions that begin on page 2.

## When to File

Form NYC-203 is due when your New York State income tax return is due. **Attach it to your New York State return, Form IT-200, IT-201, or IT-203.**

## Payments of Estimated Tax

You must pay estimated New York City nonresident earnings tax if you expect your withholding to be less than 90% of the tax shown on your 1999 return and less than 100% of the tax shown on your 1998 return (110% of that amount if you are not a farmer or fisherman and the New York adjusted gross income shown on that return is more than \$150,000 or, if married filing separately, more than \$75,000) assuming the return covered 12 months and you expect to owe, after withholding and credits, at least \$100 of earnings tax for 1999. **Do not include the city unincorporated business tax.** Use Form IT-2105, *Estimated Income Tax Payment Voucher*, to pay 1999 New York City estimated tax.

## Refund or Tax Due

Your New York State, New York City, and Yonkers taxes are combined into a single amount of tax due or overpayment on your New York State return. The Tax Department will issue one check (or direct deposit) for the amount of a refund due, or you can credit the overpayment (or part of it) to your 1999 estimated tax. If you decide to credit your overpayment to your 1999 estimated tax, you cannot change this decision after April 15, 1999.

If your combined New York State, New York City and Yonkers taxes result in a balance due, send one check or money order payable to *New York State Income Tax* and write your social security number and **1998 Income Tax** on it. Do not send cash.

## Changes in Your Federal Income Tax

If the Internal Revenue Service changes your taxable income or net earnings from self-employment or if you file an amended federal return, you must report these changes to the New York State Tax Department within 90 days from the date the Internal Revenue Service makes its final determination or 90 days from the date you amended your federal return. Report any changes for New York City nonresident earnings tax purposes on your amended state return with Form NYC-203 attached. Include a check or money order for the full amount of any tax and interest due.

If you were eligible for a claim of right credit on your federal return for wages or self-employment income that was included on a prior year's Form NYC-203, you may also be eligible for credit against your city of New York nonresident earnings tax on your New York State return. This refundable credit is claimed on Form IT-201-ATT, line 64 or Form IT-203-ATT, line 66. For more information, see Publication 99, *New York State Tax Credits, Retirement Benefits and Deductions*.

## Filling in Your Tax Return

Rectangular boxes have been printed on the form for the social security number and total tax lines, to guide you in making your entries, so that we can more accurately read them and process your return more efficiently. Please spend a moment reviewing the method for making your entries:

- Please print (using a blue or black ballpoint pen; no pencils please) or type all numbers in the boxes provided.
- Do not enter a dollar sign (\$), comma, decimal point or any other punctuation marks or symbols. We have already printed the appropriate comma and the decimal point to assist you in filling in the total tax line, and the dashes to help you fill in your social security number.
- Write your numerals like this:

- Carefully enter your money amount so that the whole dollar amount starts immediately to the left of the decimal point and the cents amount (if any) starts immediately to the right of the decimal point. Leave blank any boxes that do not apply to you.

*Example:* If your total nonresident earnings tax for line 9 of Form NYC-203 is \$329.68, your money field entry on line 9 should look like this:

## Line Instructions

Print or type your name, and enter your social security number in the boxes provided. Please write the numbers clearly, entering only one digit per box.

**Item A** — If you were a New York City resident during any part of the year, check the *Yes* box, enter the beginning and ending dates of your period of residence (month, day and year) and see *Part-Year Residents* on page 4 of these instructions.

If you were not a New York City resident for any part of 1998, check the *No* box and skip to Item B.

Whether you checked *Yes* or *No*, if you earned wages or had income from a trade or business in New York City, you must complete items A and B and lines 1 through 9. If required, also complete item C and Schedules A, B and C.

**Item B** — If you or your spouse had living quarters available for your use in New York City during any part of 1998, check the *Yes* box and give the address of the living quarters. Also give the number of days that you were in New York City, even if you were on personal business. Do not count days you traveled through New York City to use common carriers such as an airplane, train or bus.

Living quarters include a house, apartment, co-op or any other living quarters maintained or paid for by you or your spouse or any New York City living quarters maintained for your primary use by another person, family member or employer.

**Item C** — Complete this section if you are reporting income from self-employment on line 5 of this form.

## Line 1 – Gross wages

Enter the amount of your wages (see *Definitions* on the front page) earned in New York City. Include any amount of 414(h) retirement contributions shown on your wage and tax statement(s), Form IT-2102 (Copy 1) or federal Form W-2 (Copy 2).

Also include any amount deducted or deferred from your salary under a New York City flexible benefits program (IRC section 125 plan) established by the city of New York or certain other New York City public employers.

For more information about 414(h) retirement contributions and IRC section 125 plans, see the instructions for Form IT-201 or IT-203.

If your wages were earned partially in New York City, figure the amount earned in New York City by completing Schedule A on the back of Form NYC-203. Add your allocated wages to any other amounts to be reported on line 1.

## Line 2 – Allowable exclusion

Enter your allowable exclusion.

You are allowed an exclusion against the total amount of wages and net earnings from self-employment allocated to New York City (total of line 1 and line 5 amounts). Use the *Exclusion Table* on the front of Form NYC-203 to find your allowable exclusion.

If you earned only wages during the taxable year, enter your allowable exclusion on line 2.

If you earned only net earnings from self-employment, enter your allowable exclusion on line 6.

If you had **both** wages and net earnings from self-employment during the taxable year, **prorate the exclusion** against wages and net earnings, and enter the amount excluded from each source on lines 2 and 6.

For example, if you had wages of \$15,000 and net earnings from self-employment of \$5,000, your total income of \$20,000 would entitle you to an exclusion of \$2,000. Since your wages are 75% of your total income, you would enter 75% of the \$2,000 exclusion (\$1,500) on line 2. You would enter the remainder of the exclusion (\$500) on line 6.

If you changed your residence to or from New York City during your taxable year or had a taxable period of less than one year, you have to prorate your allowable exclusion. To do this, count any period of more than one-half month as a full month; do not count any period of

one-half month or less. Then use the *Exclusion Table* on the front of Form NYC-203 to find the amount of your allowable exclusion.

## Line 5 – Net earnings from self-employment

Enter the amount of your net earnings from self-employment (see *Definitions* on the front page) in New York City for the entire taxable year.

This is the amount reported on federal Form 1040, Schedule SE, *Self-Employment Tax*, Section A, line 4, or Section B, line 4c, minus the deduction for wages or salaries paid or incurred for the taxable year that was disallowed according to section 280C of the IRC regarding the federal Indian employment credit, work opportunity credit and empowerment zone employment credit. If the amount in Schedule SE includes profit or loss from a trade or business carried on by you wholly outside of New York City, or your distributive share of the profit or loss of a partnership that does not engage in business in New York City, deduct these amounts from (or add them to, if they are losses) the amount shown in Schedule SE to figure the amount of your net earnings from self-employment that are subject to the New York City nonresident earnings tax. Attach a schedule showing the amount of each deduction (or addition).

The net earnings from self-employment of ordained, commissioned or licensed ministers of churches, members of religious orders, and Christian Science practitioners are subject to the tax even if they have elected exemption from social security coverage.

If you have no regular place of business outside New York City, allocate all net earnings from self-employment to New York City.

If your net earnings from self-employment were from sources both in and out of New York City, figure the amount to be allocated to New York City.

If you kept books and records that fairly and equitably show net earnings from self-employment in New York City, you can figure the part to be allocated to New York City from these books and records. If not, use the formula in Schedule C.

## Line 6 – Allowable exclusion

See the instructions for line 2 and use the *Exclusion Table* shown on the front of Form NYC-203 to figure your exclusion.

## Line 9 – Total nonresident earnings tax

Add lines 4 and 8 and enter the result. Follow the instructions on Form NYC-203, line 9, and enter only one numeral in each box, verifying that the digits are placed to correctly represent the dollar amount of the tax computed. Also transfer your total New York City nonresident earnings tax to your New York State return. **Attach Form NYC-203 to your New York State return.**

If you and your spouse are filing a joint New York State return and you each completed Form NYC-203 because each had taxable earnings, combine your New York City nonresident earnings tax from each Form NYC-203 and enter the total on your New York State return.

## Limitation on Tax

As a New York City nonresident, you do not have to pay a higher tax than you would if you were a New York City resident. Use Form IT-201 and instructions to figure your tax liability as a New York City resident. For example: If you had losses that entered into

the computation of your taxable income computed **as if** a resident, or if you would qualify to claim any city of New York tax credits when computing your tax as if a resident, your city tax computed as a resident may be **lower** than the actual city of New York nonresident earnings tax computed. You would therefore be allowed to pay the amount of tax computed as a city resident. If the amount of tax computed as a New York City resident is less than your New York City nonresident earnings tax, attach a separate schedule to Form NYC-203 showing your computation. Enter the computed New York City resident tax on line 9 of Form NYC-203.

### Payments and Credits

Enter on your New York State return the total New York City nonresident earnings tax withheld by all your employers. **Be sure that the amounts of withholding are for New York City withholding tax only.**

Enter on your New York State return the total payments of your 1998 estimated New York City nonresident earnings tax. **Do not include city unincorporated business tax payments.**

### Checklist

Use the checklist on the front of Form NYC-203 to make sure you have properly completed your return and to avoid common errors that will delay the processing of your return, and refund if you are entitled to one.

### Schedule A – Allocation of wage and salary income

Use *Schedule A* on the back of Form NYC-203 if your wage or salary income is earned partly in New York City and does not depend directly on the volume of business transacted.

If your income subject to allocation depends entirely on the volume of business transacted, as in the case of a salesperson working on commission, do not use *Schedule A*. Divide your volume of business transacted in New York City by your total volume of business transacted both in and out of New York City. Multiply the total income subject to allocation by this ratio. This is the amount of your income allocated to New York City. The location where the services or sales activities were actually performed determines where business is transacted. Attach a schedule to your return showing how you figured this allocation.

If you allocate your personal service income differently than explained above, attach a separate schedule showing complete details.

If you have to allocate wage and salary income received from more than one employer, you must allocate the wage and salary income separately for each job. Attach to your return a separate statement (similar to *Schedule A*) showing the work days and income earned in New York City that apply to each job.

### Lines 10 through 24

Complete lines 10 through 24. Figure the amount allocable to New York City by determining the ratio of days (excluding nonwork days such as Saturdays, Sundays, holidays, sick leave, vacation, etc.) you worked in the city of New York to the total number of days you worked both in and out of the city during the year. Multiply this ratio by your total wage and salary income subject to allocation. Enter this amount on line 1.

Work days are days on which you were required to perform the usual duties of your job. This does not ordinarily include duties performed at your home.

If your period of employment is less than a full year, base the figures you enter in *Schedule A* on the actual period of employment. For example, if you were employed in and out of New York City for separate periods of 170 days by one employer and 195 days by another employer, enter 170 days and 195 days on line 10 of your separate allocation schedules.

### Schedule B – Places where you carry on business

If you have net earnings from self-employment, list in columns (1) and (2) the exact locations, both in and out of New York City, where you carry on business. Describe in column (3) the places listed in columns (1) and (2) (e.g., branch office, agency, factory, warehouse, etc.) and state whether you rent or own these places.

### Schedule C – Allocation of net earnings from self-employment

The amount to be allocated to New York City is that part of your total net earnings from self-employment (line 33) that results from multiplying total net earnings by the average of the property percentage, payroll percentage, and gross income percentage (line 32).

If you receive net earnings from self-employment from more than one business activity carried on both in and out of New York City, complete a separate *Schedule C* for each business activity and attach it to your return.

If you are a partner in a partnership, you may use the business allocation percentage determined by the formula on Form IT-204-NYC, *City of New York Nonresident Partner Allocation*. If you use the percentage from Form IT-204-NYC, skip lines 25 through 31 on Form NYC-203 and enter the allocation percentage from Form IT-204-NYC on line 32. Attach a copy of Form IT-204-NYC to Form NYC-203.

If *Schedule C* is used and the net earnings are from a partnership, the factors used must be the partnership's property, payroll, and gross income.

### Property percentage

#### Lines 25, 26, and 27

Figure the average value of real and tangible personal property connected with your net earnings from self-employment by completing lines 25, 26, and 27.

#### Line 25 – Real property owned

Enter in column (1) the average value of all real property you own that is connected with net earnings from self-employment. Enter in column (2) the average value of this real property that is located in New York City.

The average value of the property is determined by (1) adding its adjusted basis at the beginning of the taxable year to its adjusted basis at the end of the taxable year and (2) dividing by two.

#### Line 26 – Real property rented from others

Enter in column (1) the value of all real property you rented that is connected with net earnings from self-employment. Enter in column (2) the value of this rented real property that is located in New York City.

The fair market value of rented real property included on line 26 is generally eight times the gross rent payable during the taxable year for which the return is filed. Gross rent includes:

- any amount payable for the use or possession of real property, or any part of it, whether designated as a fixed sum of money or as a percentage of sales, profits or otherwise;
- any amount payable as additional rent or in lieu of rent, such as interest, taxes, insurance, repairs or any other amount required to be paid by the terms of a lease or other agreement; and
- a portion of the cost of any improvement to real property made by you or on your behalf that reverts to the owner or lessor upon termination of a lease or other arrangement. However, if a building is erected on leased land by you or on your behalf, the value of the building is figured the same way as if you owned it.

### Line 27 – Tangible personal property owned

Enter in column (1) the average value of all tangible personal property you own that is connected with net earnings from self-employment. Enter in column (2) the average value of this tangible personal property that is located in New York City.

### Line 28 – Property percentage

Add lines 25, 26, and 27 in column (1) and (2) and enter the total on line 28.

Divide the column (2) total by the column (1) total and carry the result to four decimal places. For example, if the total in column (1) is \$15,000 and the total in column (2) is \$10,000, divide the \$10,000 by the \$15,000 and enter the result (.6667) as a percentage (66.67%) in column (3).

### Line 29 – Payroll percentage

Enter the total of the wages, salaries and other personal service compensation paid to your **employees** in connection with your net earnings from self-employment derived from a trade, business or profession carried on in New York City. Do not include payments to independent contractors or independent sales agents.

Enter in column (1) the total of the compensation paid to your employees during the taxable year in connection with your net earnings from self-employment carried on both in and out of New York City. Enter in column (2) the amount paid in connection with operations carried on in New York City.

The compensation paid to an employee is considered to be in connection with operations carried on in New York City if the employee works in or travels out of an office or other place of business located in New York City.

Divide the column (2) total by the column (1) total. Carry the result to four decimal places and enter it as a percentage in column (3).

### Line 30 – Gross income percentage

Enter in column (1) the total gross sales made or charges for services performed by you or your employees, agents, agencies or independent contractors of the business in and out of New York City. Enter in column (2) the part of the total gross sales or charges that represents sales made, or services performed, by or through an agency in New York City. This includes sales made or services performed by employees, agents, agencies or independent contractors situated at, connected with or sent out from offices of the business (or its agencies) located in New York City. For

example, if a salesperson working out of the New York City office of the business covers New York State, New Jersey and Pennsylvania, **all sales** made by that salesperson are allocated to New York City and must be included in column (2) on line 30.

**Special rule for real estate:** Income and deductions from the rental of real property and gain or loss from the sale, exchange or other disposition of real property are not subject to

## Part-Year Residents

If you changed your residence to or from New York City during the year, you may have to pay a part-year New York City resident tax for the part of the year you were a resident. If you earned wages in New York City or carried on a trade or business there (either as an individual or a member of a partnership) during the part of the year that you were not a New York City resident, you may have to pay the New York City nonresident earnings tax.

### Returns to be Filed

If you are required to file a New York State return and you were a resident of New York City for part of the year, you must file Form IT-360.1, *Change of City Resident Status*, for the part of the year you were a New York City resident. You may also be required to file Form NYC-203 for the part of the year you were a nonresident and transfer the tax to your New York State Form IT-201 or IT-203.

**Form IT-360.1-I, Instructions for Form IT-360.1**, explains the computation of your New York City resident tax and certain required special accruals. The instructions will help you compute your New York City taxable income for the resident period. Form IT-360.1 must be attached to your completed New York State income tax return.

You are not required to file Form NYC-203 for the period that you were a nonresident of New York City if you had no wages or net earnings from self-employment from New York City sources during this period. Instead, attach a statement to your return for the resident period explaining that you had no taxable income during the nonresident period.

### Returns for Married Taxpayers

If you and your spouse changed your New York City resident status at the same time and file a joint New York State return, you must compute your New York City resident tax jointly on Form IT-360.1. For the period of

allocation but are considered to be entirely derived from or connected with the place in which the property is located.

Divide the column (2) total by the column (1) total. Carry the result to four decimal places and enter it as a percentage in column (3).

### Line 32 – Business allocation percentage

Divide the amount on line 31 by three (or by

nonresidence, if you each have taxable earnings, you must use separate Forms NYC-203.

If you file separate New York State returns, or you changed your New York City resident status at different times, you must compute your New York City resident tax separately on separate Forms IT-360.1 for the period of residence. For the period of nonresidence, you must use separate Forms NYC-203.

If you are married, filing a joint New York State return and only one spouse changed city residence during the taxable year, you must compute your New York City taxes separately. The spouse who changed city residence must complete Form IT-360.1 and Form NYC-203, if applicable, and attach them to Form IT-201 or IT-203. The other spouse, if a resident, must compute a separate New York City resident tax for the entire taxable year on Form IT-201 as if separate federal returns were filed, or, if a nonresident subject to the New York City nonresident earnings tax, must complete Form NYC-203 and attach it to Form IT-201 or IT-203.

### How to File

If you changed your New York City residence but were a New York State resident all year, get the instructions for Form IT-360.1 and complete Form IT-360.1 for the period of New York City residence. Transfer the tax computed on Form IT-360.1 to Form IT-201-ATT, line 32. For the nonresident period, compute your New York City nonresident earnings tax on Form NYC-203 and transfer the tax to Form IT-201, line 50. Attach Form NYC-203, if applicable, and Forms IT-360.1 and IT-201-ATT to your New York State resident return, Form IT-201.

If you changed both your New York City and New York State residence during the year, get the instructions for Form IT-360.1 and complete Form IT-360.1 for the period of New York City residence. Transfer the tax computed on Form IT-360.1 to Form IT-203-ATT, line 37. For the nonresident period, compute your New

York City nonresident earnings tax on Form NYC-203 and enter the tax on line 49 of Form IT-203, *New York State Nonresident and Part-Year Resident Income Tax Return*. Attach Form NYC-203, if applicable, and Forms IT-360.1 and IT-203-ATT to Form IT-203.

### Line 33 – Net earnings from self-employment to be allocated

Enter your net earnings from self-employment, as defined on the front page of these instructions.

### Special Accruals

The return for the period before the change of residence must include all items of income, gain, loss or deduction accrued to the taxpayer up to the time of change of residence. This includes any amounts not otherwise includable in the return because of an election to report income on an installment basis.

For complete details on special accruals, see *Income and Deductions* in Form IT-360.1-I, *Instructions for Form IT-360.1*. See *Need Help?* below for information on how to get forms.

# Instructions for Form IT-215, Claim for Earned Income Credit

## General Information Who Qualifies

To qualify for the New York State earned income credit you must:

- have claimed the federal earned income credit for tax year 1998; **and**
- file (or have filed) a New York State return for 1998.

If you are a resident or part-year resident, you may qualify for a refund of any earned income credit in excess of your New York State tax liability. Nonresidents **do not** qualify for a refund of the New York State earned income credit.

## How to Claim the Credit

In order to claim the New York State earned income credit you must:

- complete Form IT-215 using the information from your federal return, worksheets, and, if applicable, federal Schedule EIC; **or**
- if you file the IT-100 return, complete the *Claim for Earned Income Credit for IT-100 Filers* on the back of the return.

## Filling in Your Claim Form

Form IT-215 for 1998 has been designed to let us use the latest scanning and image-processing equipment. Rectangular boxes and white entry areas have been printed on the form to guide you in making your handwritten entries. This will enable our scanning equipment to read your return more accurately and let us process it more efficiently. Please spend a moment reviewing the method below for making your entries:

- Please keep your name and address entries within the spaces provided. For example, your first name and middle initial should not go past the vertical line separating them from your last name, and your last name should start to the right of the vertical line. Similarly, your mailing address, ZIP code, etc., should be kept within the boxes provided.
- Please print (using a blue or black ballpoint pen; no pencils, please) or type all "X" marks and money amounts in the boxes or spaces provided.
- Do not use dollar signs, commas, decimal points, dashes or any other punctuation marks or symbols.
- Write your numerals like this:

1	2	3	4	5	6	7	8	9	0	X
---	---	---	---	---	---	---	---	---	---	---

Carefully enter your money amounts so that the whole **dollar amount** ends in the box immediately to the **left** of the cents decimal and the **cents amount** starts in the box immediately to the **right** of the cents decimal.

- Make your money amount entries in the boxes allowing one numeral for each area.

**Example:** If your entry for line 9 is \$329.68, your money field entry should look like:

.....	9			3	2	9	.	6	8
-------	---	--	--	---	---	---	---	---	---

- Leave blank any spaces and boxes that do not apply to you.

## Line Instructions for All Filers

**All resident, nonresident, and part-year resident filers** complete lines 1 through 17 as applicable. (**Form IT-100 filers** - Do not file Form IT-215 unless you have already filed your Form IT-100 for 1998.)

**All part-year resident filers** must also complete lines 18 through 26.

**Line 1** — You must have claimed the federal earned income credit for 1998 in order to claim the New York State earned income credit.

**Line 2** — You cannot claim the New York State earned income credit if your investment income is more than \$2,300. For most people, investment income is the total amount of:

- taxable interest (from line 8a of federal Form 1040 or 1040A);
- tax-exempt interest (from line 8b of federal Form 1040 or 1040A);
- ordinary dividends income (from line 9 of federal Form 1040 or 1040A); and
- capital gain net income from line 13 of Form 1040 (if more than zero).

For additional information on what qualifies as investment income, see **federal** Publication 596, *Earned Income Credit*.

**Line 3** — File Form IT-215 with your original 1998 New York State income tax return. If you have already filed your original return, you may file Form IT-215 by itself. If you haven't previously filed your income tax return for this year, you **must** file one with this claim.

**Line 4** — If you filed federal schedule EIC, be sure to list the name, relationship, number of months the child lived with you, social security number and year of birth for the **same** children you claimed on the federal schedule.

**Caution:** To be eligible to claim the New York State earned income credit, you must provide a correct and valid social security number (SSN) for each person listed on your tax return.

If you have applied for a social security number by filing federal Form SS-5 with the Social Security Administration, but you have not received it by the April 15, 1999, filing deadline, you can either:

- 1) File Form IT-370 requesting an automatic extension of time to file until August 15, 1999. (This extension does not give you any extra time to pay any tax owed. You should pay any New York taxes you expect to owe to avoid interest or penalty charges. For more information, see Form IT-370, *Application for Automatic Extension of Time to File for Individuals.*) **or**
- 2) File your return on time without claiming the earned income credit and do not attach Form IT-215. After receiving the SSN, file Form IT-215 and claim the credit.

Be sure to place an **X** in the box under the heading *Person with disability* if your child

was born before 1979 and was permanently disabled during any part of 1998. Place an **X** in this box **only** if you put a checkmark in the **Yes** box on your 1998 federal schedule EIC, line 3b.

**Line 6** — This amount can be found on the appropriate line of the **federal** return you filed. Amounts paid to inmates in penal institutions for their work and certain subsidized wages paid to individuals employed under a state workfare program are not earned income for purposes of the earned income credit. If the total amount reported on your federal return (Form 1040EZ, line 1, 1040A, line 7, 1040, line 7) includes either of these incomes, subtract that income from the amount reported on your federal return and enter the result on Form 215, line 6. Also print **PRI** (for prison wages) or **WOR** (for workfare wages), and the amount subtracted, in the space to the left of the line 6 amount column.

**Lines 7, 8, and 9** — If you received a taxable scholarship or fellowship that was not reported on a federal Form W-2, or had nontaxable earned income or business income or loss, you must enter the amount from your **Earned Income Credit Worksheet** found in the **instructions** for your **federal** return. Nontaxable earned income also includes 414(h) retirement contributions shown on your wage and tax statement(s), New York State Form IT-2102 (Copy 1) or federal Form W-2 (Copy 2). Line 9, *Business income or loss*, applies only to **federal** Form 1040 filers.

**Line 9** — Enter the amount of business income or loss from your federal Form 1040 instructions, *Earned Income Credit Worksheet*, line 5. **Do not use a minus sign or brackets to show a loss.** Check the appropriate box on line 9 to indicate if the amount reported is a profit or a loss. Be sure to enter your Employer Identification Number (EIN) for your business. If you have income or loss from more than one business, enter the EIN representing your primary business activity. If your primary business activity doesn't have an EIN, use your social security number.

**Line 10a** — If you are filing New York State Form IT-200, IT-201, or IT-203, you must enter your federal modified adjusted gross income (FMAGI) from the *Earned Income Credit Worksheet* in the instructions for the federal form you filed.

- 1040 filers - Form 1040 instructions, *Earned Income Credit Worksheet*, line 8
- 1040A filers - Form 1040A instructions, *Earned Income Credit Worksheet*, line 7
- 1040EZ filers - Form 1040EZ instructions, *Earned Income Credit Worksheet*, line 7

**If you elected to have the Internal Revenue Service figure your federal earned income credit for you, you must use the instructions on the next page to determine your federal modified adjusted gross income (even if you are requesting the Tax Department to compute your New York State earned income credit for you).**

(continued)

Federal modified adjusted gross income for most Form IT-200, IT-201 or IT-203 filers is the same as federal adjusted gross income. Federal adjusted gross income is the amount reported on Form IT-200, line 8, Form IT-201, line 18 or Form IT-203, line 18, *Federal Amount* column. But if you had tax exempt interest, a nontaxable distribution from a pension, annuity, or individual retirement arrangement (IRA), unless rolled over into a similar type of plan during the period allowed for rollovers, or you filed federal Schedule(s) C, C-EZ, D, E, or F, your federal modified adjusted gross income is the amount reported on Form IT-200, line 8, Form IT-201, line 18, or Form IT-203, line 18, *Federal Amount* column, **plus**

- Any tax-exempt interest reported on line 8b of federal Form 1040 or 1040A, or identified as tax exempt interest (*TEI*) on Form 1040EZ, line 2;
- Any nontaxable distributions from a pension, annuity, or IRA, unless rolled into a similar type of plan during the period allowed for rollovers. The nontaxable distributions (to be included in FMAGI) could be all or a portion of the amount(s) reported on federal Form 1040, lines 15a and 16a, or federal Form 1040A, lines 10a and 11a;
- Any net capital loss claimed on Form IT-201 or Form IT-203, line 7;
- Any net loss from estates and trusts claimed on federal Form 1040, Schedule E, line 36;
- Any royalty loss included on federal Form 1040, Schedule E, line 26;
- 75% of any net business loss claimed on Form IT-201 or Form IT-203, line 6;
- 75% of any net farm loss claimed on Form IT-201 or Form IT-203, line 12; and
- 75% of any loss determined by combining any rental real estate income or loss included on federal Schedule E, line 26, any partnership or S corporation income or loss claimed on federal Schedule E, line 31, and any net farm rental income or loss from federal Schedule E, line 39. However, **do not** take into account items which are attributable to a trade or business which consists of the performance of services by the taxpayer as an employee.

**Line 10b** — This amount can be found on the appropriate line of your **federal** return. However, if you owe the federal alternative minimum tax, enter the amount of the federal earned income credit, as originally computed in the *EIC Worksheet* in your federal instructions **before** any reduction for the alternative minimum tax.

**Line 11** — For 1998, the New York State earned income credit is 20% (.20) of the federal earned income credit reduced by any household credit allowed. The rate has already been filled in for you.

**Line 12** — This amount represents your earned income credit **before** it has been reduced by the amount of household credit allowed. **IT-100 filers stop**; the Tax Department will compute your earned income credit for you.

**Lines 13-15** — Form IT-200 filers, continue with line 13. Form IT-201 or IT-203 filers, complete Worksheet A on the back of the form. Then continue with line 13.

**Line 16** — If you are attaching this claim to your original 1998 New York State income tax return and you answered *No* at line 3:

**For filing status ①, ②, ④, or ⑤**

- **Residents** - Transfer the line 16 amount to Form IT-200, line 35, or Form IT-201, line 58.
- **Nonresidents** - Transfer the line 16 amount to Form IT-203, line 41.
- **Part-year Residents** - Transfer the line 16 amount to Form IT-203, line 41 **and continue on** line 18.

**For filing status ③, Married filing separate return**

- The line 16 amount represents both spouses' combined (total) earned income credit. You must complete line 17 and indicate the amount of line 16 that you are claiming.

If you have previously filed your 1998 New York State income tax return and you answered *Yes* at line 3:

**For filing status ①, ②, ④, or ⑤**

- **Residents, nonresidents, and part-year residents** - mail your completed Form IT-215 to:

STATE PROCESSING CENTER  
PO BOX 61000  
ALBANY NY 12261-0001

**For filing status ③, Married filing separate return**

- The line 16 amount represents both spouses' combined (total) earned income credit. You must complete line 17 and indicate the amount of line 16 that you are claiming.

**Line 17** — Complete this line **only** if your filing status is ③, *Married filing separate return*.

If you are attaching this claim to your original return and answered *No* at line 3, show the portion of line 16 that you are claiming as your share of the earned income credit and follow the appropriate instructions below. Remember, while the credit can be split in any manner you and your spouse agree to, the combined amount of both spouses' credits cannot be more than the amount on line 16.

- **Residents** - Transfer the line 17 amount to Form IT-200, line 35, or Form IT-201, line 58.
- **Nonresidents** - Transfer the line 17 amount to Form IT-203, line 41.
- **Part-year Residents** - Transfer the line 17 amount to Form IT-203, line 41 **and continue on** line 18.

If you have already filed your 1998 New York State income tax return and answered *Yes* at line 3:

- **Residents, nonresidents, and part-year residents** - Mail your completed Form IT-215 to:

STATE PROCESSING CENTER  
PO BOX 61000  
ALBANY NY 12261-0001

**Part-Year Residents Only**

**Lines 18 through 26** need to be completed **only** by part-year residents claiming the

earned income credit who are filing, or have previously filed, Form IT-203, *Nonresident and Part-Year Resident Income Tax Return*, for this year. The amounts for these lines can be found on the appropriate lines of the IT-203 or IT-203-ATT, *Itemized Deduction and Other Credits and Taxes*, or their instructions.

The earned income credit must first reduce your tax liability to zero before the remaining excess earned income credit is eligible to be refunded. The amount to be refunded will be based on the ratio of resident period income to the combined income from both the resident and nonresident periods.

**Line 25** — Divide line 23 by line 24 and carry the result to four decimal places. (Do not enter more than 100% (1.0000) even if your actual result is more than 100%.) If the result is zero percent (0%), you have no remaining excess earned income credit available to be refunded. Do not complete line 26.

**Line 26** — If line 25 is greater than 0%, multiply line 22 by line 25. If you answered *No* at line 3, transfer the line 26 amount to Form IT-203-ATT, line 56 and attach Form IT-215 to your Form IT-203. This amount represents the refundable portion of your part-year resident earned income credit.

If you have previously filed your 1998 New York State income tax return and you answered *Yes* at line 3, mail your completed Form IT-215 to:

# Instructions for Form IT-216, Claim for Child and Dependent Care Credit

## General Information

### Change to the New York State child and dependent care credit for tax year 1998

For 1998, the New York State child and dependent care credit is a minimum of 20% and as much as 100% of the federal credit, depending on the amount of your New York adjusted gross income.

## Who Qualifies

If you **qualify** to claim the federal child and dependent care credit, you can **claim** the New York State credit (whether you actually claim the federal credit or not).

If you did not file federal Form 2441, you can still claim the New York State child and dependent care credit on Form IT-216 if **all five** of the following apply.

1. Your filing status is *Single*, *Head of household*, *Qualifying widow(er) with dependent child*, or *Married filing jointly*. However, see *Special Rule for Married Persons Filing Separate Returns* below.
2. The care was provided so you (and your spouse, if you were married) could work or look for work. However, if you did not find a job and have no earned income for the year, you cannot take the credit. If your spouse was a student or disabled, see the line 7 instructions on page 57.
3. You (and your spouse, if you were married) paid over half the cost of keeping up your home. The cost includes rent, mortgage interest, real estate taxes, utilities, home repairs, and food eaten at home.
4. You and your child (or other qualifying person(s) for whom the care was provided) lived in the same home.
5. The person who provided the care was not your spouse or a person whom you can claim as a dependent. If your child provided the care, he or she must have been age 19 or older by the end of 1998.

## Married Persons Filing Separate Federal and New York State Returns

If your filing status is married filing separately and **all** of the following apply, you are considered unmarried for purposes of figuring the child and dependent care credit.

- You lived apart from your spouse during the last 6 months of 1998, **and**
- the qualifying person lived in your home more than half of 1998, **and**
- you provided over half the cost of keeping up your home.

If you meet **all** the requirements to be treated as unmarried and meet items 2 through 5 above, you may claim the credit. If you do not meet all the requirements to be treated as unmarried, you **cannot** claim the credit.

## Married Persons Filing Joint Federal Returns, but Required to File Separate New York Returns

If you and your spouse file jointly for federal purposes, but are required to file separate New York returns because one spouse is a resident and the other spouse is either a nonresident or part-year resident, you may still claim the credit. However, the credit must be claimed on the return of the spouse with the lower taxable income (computed without regard to such credit).

## Married Persons Not Required to File a Federal Return

If you and your spouse are not required to file a federal income tax return, the New York State child and dependent care credit is allowed only if you file a joint New York State tax return (Form IT-100, IT-200, IT-201 or IT-203).

## How to Claim the Credit

In addition to the above federal requirements, to claim the New York State child and dependent care credit you must:

- file (or have filed) a New York State return for 1998,
- report the required information about the care provider on line 2 of Form IT-216, **and**
- complete Form IT-216.

## Important Terms Qualifying Person(s)

A *qualifying person* is:

- Any child **under age 13** whom you can claim as a dependent (but see *Exception for Children of Divorced or Separated Parents* below). If the child turned 13 during the year, the child is a qualifying person for the part of the year he or she was under age 13.
- Your disabled spouse who is not able to care for himself or herself.
- Any disabled person not able to care for himself or herself whom you can claim as a dependent for federal purposes (or could claim as a dependent for federal purposes, except that the person had gross income of \$2,700 or more). If this person is your child, see *Exception for Children of Divorced or Separated Parents* below. To find out who is a dependent, see the instructions for federal Form 1040 or 1040A, line 6c.

**Caution:** To be a qualifying person, the person **must** have shared the same home with you in 1998.

## Exception for Children of Divorced or Separated Parents

If you were divorced, legally separated, or lived apart from your spouse during the last

6 months of 1998, you may be able to take the credit even if your child is not your dependent. If your child is not your dependent, he or she is a qualifying person only if **all five** of the following **federal** requirements apply to you:

1. You had custody of the child for a longer time in 1998 than the other parent. For the definition of custody, see federal Publication 501, *Exemptions, Standard Deduction, and Filing Information*.
2. One or both of the parents provided over half of the child's support in 1998.
3. One or both of the parents had custody of the child for more than half of 1998.
4. The child was under age 13 or was disabled and could not care for himself or herself.
5. The other parent claims the child as a dependent because
  - as the custodial parent, you signed federal Form 8332, *Release of Claim to Exemption for Child of Divorced or Separated Parents*, or a similar statement agreeing not to claim the child's exemption for 1998, **or**
  - your divorce decree or written agreement went into effect before 1985 and it states that the other parent can claim the child as a dependent, and the other parent gave at least \$600 for the child's support in 1998. This rule does not apply if your decree or agreement was changed after 1984 to say that the other parent cannot claim the child as a dependent.

## Qualified Expenses

These include amounts paid for household services and care of the qualifying person(s) while you worked or looked for work. Child support payments are **not** qualified expenses. Also, expenses reimbursed by a state social service agency are **not** qualified expenses unless you included the reimbursement in your income.

## Household Services

These are services needed to care for the qualifying person as well as to run the home. They include, for example, the services of a cook, maid, babysitter, housekeeper, or cleaning person if the services were partly for the care of the qualifying person(s). Do not include services of a chauffeur or gardener.

You may also include your share of the employment taxes paid on wages for qualifying child and dependent care services.

## Care of the Qualifying Person

Care includes the cost of services for the qualifying person's well-being and protection. It does not include the cost of clothing or entertainment.

(continued)

You may include the cost of care provided outside your home for your dependent under age 13 or any other qualifying person(s) who regularly spends at least 8 hours a day in your home. If the care was provided by a dependent care center, the center must meet all applicable state and local regulations. A *dependent care center* is a place that provides care for more than six persons (other than persons who live there) and receives a fee, payment, or grant for providing services for any of those persons, even if the center is not run for profit.

You may include amounts paid for food and schooling **only** if these items are part of the total care and cannot be separated from the total cost. But **do not** include the cost of schooling for a child in the first grade or above. Also, **do not** include any expenses for sending your child to an overnight camp.

### Prior Year's Expenses

If you had qualified expenses for 1997 that you didn't pay until 1998, you may be able to claim these qualified expenses and increase the amount of credit you can take in 1998. For more information, see *Amount of Credit* in federal Publication 503, *Child and Dependent Care Expenses*. Also see the instructions for line 11 on the next page.

### Earned Income

Generally, this is your wages, salaries, tips, and other employee compensation. This is usually the amount shown on federal Form 1040, line 7. But earned income does not include a scholarship or fellowship grant if you did not get a wage and tax statement (federal Form W-2) for it.

Earned income does include certain nontaxable earned income, such as meals and lodging provided for the convenience of your employer. Earned income also includes 414(h) retirement contributions shown on your wage and tax statement(s), New York State Form IT-2102 (Copy 1) or federal Form W-2 (Copy 2). For more information, see federal Publication 503, *Child and Dependent Care Expenses*. However, including nontaxable earned income will only give you a larger credit if your other earned income (and your spouse's other earned income if filing a joint return) is less than the qualified expenses entered on line 5 of Form IT-216.

If you were a statutory employee and are filing Schedule C or C-EZ with your federal return to report income and expenses as a statutory employee, earned income also includes the amount from line 1 of that Schedule C or C-EZ.

If you were self-employed, earned income also includes the amount shown on federal Schedule SE, line 3, minus any deduction you claim on federal Form 1040, line 27. If you use either optional method to figure self-employment tax, subtract any deduction you claim on federal Form 1040, line 27,

from the total of the amounts on federal Schedule SE, Section B, lines 3 and 4b to figure your earned income.

**Note:** You must reduce your earned income by any loss from self-employment.

If you are **filing a joint federal return**, disregard community property laws. If your spouse died in 1998 and had no earned income, see federal Publication 503. If your spouse was a student or disabled in 1998, see the line 7 instructions for Form IT-216.

### Filling in Your Claim Form

Form IT-216 is designed to let us use the latest scanning and image-processing equipment. Rectangular boxes have been printed on the form to guide you in making your handwritten entries. This will enable our scanning equipment to read your return more accurately and let us process it more efficiently. Please spend a moment reviewing the method below for making your entries:

- Please keep your name and address entries within the spaces provided. For example, your first name and middle initial should not go past the vertical line separating them from your last name, and your last name should start to the right of the vertical line. Similarly, your mailing address, ZIP code, etc., should be kept within the boxes provided.
- Please print (using a blue or black ballpoint pen; no pencils, please) or type all "X" marks and money amounts in the boxes or spaces provided.
- Do not use dollar signs, commas, decimal points, dashes or any other punctuation marks or symbols.
- Write your numerals like this:

1	2	3	4	5	6	7	8	9	0	X
---	---	---	---	---	---	---	---	---	---	---

- Carefully enter your money amounts so that the whole dollar amount ends in the box immediately to the left of the cents decimal and the cents amount starts in the box immediately to the right of the cents decimal.
- Make your money amount entries in the boxes, allowing one numeral for each area.  
**Example:** If your entry for line 5 is \$3,525.50, your money field entry should look like:

...	5	,	3	5	2	5	.	5	0
-----	---	---	---	---	---	---	---	---	---

- Leave blank any spaces and boxes that do not apply to you.

### Line Instructions (for all filers)

**All filers** complete lines 1 through 14 as applicable. (**Form IT-100 filers** - Do not file Form IT-216 unless you have already filed your Form IT-100 for 1998 and did not claim the child and dependent care credit on it.)

#### Line 1

File Form IT-216 with your original 1998 New York State income tax return. If you have already filed your original return, you may file Form IT-216 by itself. If you haven't

previously filed your income tax return for this year, you **must** file one with this claim.

#### Line 2

Complete columns (A) through (D) for each person or organization that provided the care. If you have more than two providers, list the information on a separate sheet. You can use federal Form W-10, *Dependent Care Provider's Identification and Certification*, or any other source listed in its instructions to get the information from the care provider. If you do not give correct or complete information, your credit may be disallowed unless you can show you used due diligence (a serious and earnest effort) in trying to get the required information.

#### Due Diligence

You can show due diligence to get the information by keeping in your records a federal Form W-10 completed by the care provider. Or you may keep one of the other sources of information listed in the instructions for Form W-10. If the provider does not give you the information, complete the entries you can on line 2 of Form IT-216. For example, enter the provider's name and address. Write **See Attached** in the columns for which you do not have the information. Then, attach an explanation to your Form IT-216 indicating that the care provider did not give you the information you requested.

#### Columns (A) and (B)

Enter the care provider's name and address. If you were covered by your employer's dependent care plan and your employer furnished the care (either at your workplace or by hiring a care provider), enter your employer's name in column (A). Next, write **See wage and tax statement** in column (B). Then leave columns (C) and (D) blank. If your employer paid a third party (not hired by your employer) on your behalf to provide the care, you must give information on the third party in columns (A) through (D).

#### Column (C)

If the care provider is an individual, enter his or her social security number (SSN). Otherwise, enter the provider's employer identification number (EIN). If the provider is a tax-exempt organization, write **Tax-Exempt** in column (C).

#### Column (D)

Enter the total amount you **actually paid** in 1998 to the care provider. Also, include amounts your employer paid to a third party on your behalf. It does not matter when the expenses were incurred. Do not reduce this amount by any reimbursement you received.

#### Line 3

List the name, qualified expenses paid in 1998, social security number and year of birth for the qualifying person(s) for whom

(continued)

you are claiming the New York State child and dependent care credit.

**Caution:** To be eligible to claim the New York State child and dependent care credit, you must provide a correct and valid social security number (SSN) for each person listed on your tax return. If the Internal Revenue Service (IRS) has issued you an Individual Taxpayer Identification Number (ITIN) because either you or a qualifying person claimed on Form IT-216 is a resident or nonresident alien, enter this ITIN in place of the social security number.

If you have applied for a social security number by filing federal Form SS-5 with the Social Security Administration or you have applied for an ITIN by filing federal Form W-7 with the IRS, but you have not received your SSN or ITIN by the April 15, 1999, filing deadline, you can either:

- 1) File Form IT-370 requesting an automatic extension of time to file until August 15, 1999. (This extension does not give you any extra time to pay any tax owed. You should pay any New York taxes you expect to owe to avoid interest or penalty charges. For more information, see Form IT-370, *Application for Automatic Extension of Time to File for Individuals*.)
- 2) File your return on time without claiming the child and dependent care credit and do not attach Form IT-216. After receiving the SSN, file Form IT-216 and claim the credit.

Also be sure to place an **X** in the box under the heading *Person with disability* if the qualifying person had a disability and was incapable of caring for himself or herself during 1998.

**Line 5**

Using the filing description below that fits you, enter the amount of your qualified expenses as instructed.

- If you filed federal Form 2441 to claim the federal child and dependent care credit, enter on Form IT-216, line 5, the amount from federal Form 2441, line 3.
- If you filed Form 2441 **only** to complete Part III because you have dependent care benefits reported in box 10 of your federal Form W-2, enter on Form IT-216, line 5, the amount from line *e* of *Worksheet 1* below.
- If you did not file federal Form 2441 but are completing Form IT-216 to claim the New York State child and dependent care credit, enter the amount of qualifying expenses you incurred and paid in 1998. **Do not include** the following expenses on line 5.

1. Qualified expenses you incurred in 1998 but did not pay until 1999. However, next year you may be able to use these expenses to increase your 1999 credit.

2. Qualified expenses you incurred in 1997 but did not pay until 1998. If you had prior year expenses you did not pay until 1998, see the instructions for line 11 below.

**Worksheet 1**

c. Enter the amount from federal Form 2441, line 18 . . . . .	c. _____
d. Subtract line c from line b. If zero or less, <b>stop</b> . You cannot take the credit. <b>Exception:</b> If you paid prior year (1997) expenses in 1998, see the line 11 instructions below . . . . .	d. _____

For more information, see *Qualified Expenses* on page 55.

**Line 6**

Enter **only your** earned income on line 6 (do not include your spouse's). For more information, see *Earned Income* on the previous page.

**Line 7**

If you are filing your return using filing status ②, *Married filing joint return*, enter **only your spouse's** earned income on line 7. If you are using any other filing status, enter the amount from line 6 on line 7.

**Spouse Who Was a Student or Disabled**

— Your spouse was a **student** if he or she was enrolled as a full-time student at a school during any 5 months of 1998. Your spouse was **disabled** if he or she was not capable of self-care. Figure your spouse's earned income on a monthly basis.

For each month or part of a month your spouse was a student or was disabled, he or she is considered to have worked and earned income. His or her other earned income for each month is considered to be at least \$200 (\$400 if more than one qualifying person was cared for in 1998). If your spouse also worked during that month, use the higher of \$200 (or \$400) or his or her actual earned income for that month. If, in the same month, both you and your spouse were either students or disabled, this rule applies to only one of you for that month.

For any month that your spouse was not disabled or a student, use your spouse's actual earned income if he or she worked during the month.

**Line 8**

Enter the smallest of line 5, 6, or 7. Federal limitations require you to use the lesser of qualified expenses, your earned income, or your spouse's earned income (if applicable) in the computation of the federal credit.

**Line 9**

Enter your federal adjusted gross income from Form IT-200, line 8, IT-201, line 18, or Form IT-203, line 18, *Federal Amount* column.

**Line 10**

Enter on line 10 the appropriate decimal amount for your federal adjusted gross income shown on line 9.

**Line 11**

This is your eligible federal child and dependent care credit. If you claimed the child and dependent care credit on your federal return, the amount shown on Form IT-216, line 11, should be the same as the amount shown on federal Form 2441, line 9, before any federal limitation.

If you had qualified expenses for 1997 that you didn't pay until 1998, you may be able to claim these qualified expenses and increase the amount of credit you can take in 1998. If you can take a credit for 1997 expenses paid in 1998, write **PYE** and the amount of the credit you are claiming for prior year expenses on the dotted line next to line 11. Also include this amount in the line 11 amount box. Attach a statement showing how you figured the credit for 1997 expenses.

**Line 12**

Transfer the amount from line 11 to line 12 and complete the remainder of Form IT-216.

**Line 13**

For 1998, the New York State child and dependent care credit is a minimum of 20% and as much as 100% of the federal credit, depending on the amount of your New York adjusted gross income. Enter in the space provided your New York adjusted gross income using the following:

- **Form IT-200 filers** — amount from line e of the worksheet below.
- **Form IT-201 filers** — amount from line 31 of Form IT-201.
- **Form IT-203 filers** — amount from line 31 of Form IT-203.

e. Subtract line d from line a. Enter this amount here and on Form IT-216, in the New York adjusted gross income space . . . . .	e. _____

Use the table on the next page to determine the decimal to be entered on line 13.

**Line 14** — If you are attaching this claim to your original 1998 New York State income tax return and you answered *No* at line 1:

- **Residents** — Transfer the line 14 amount to Form IT-200, line 34, or Form IT-201, line 57.
- **Nonresidents** — Transfer the line 14 amount to Form IT-203, line 39.
- **Part-year residents** — Transfer the line 14 amount to Form IT-203, line 39 and continue on line 15 of Form IT-216.

### Where to File

If you have previously filed your 1998 New York State income tax return and you answered *Yes* at line 1: mail your completed form to: State Processing Center, PO Box 61000, Albany, NY 12261-0001.

### Private Delivery Services

The date recorded or marked by certain private delivery services, as designated by the U.S. Secretary of the Treasury or the Commissioner of Taxation and Finance, will be treated as a postmark, and that date will

be considered to be the date of delivery in determining whether your return was filed on time. (Designated delivery services are listed in Publication 55, *Designated Private Delivery Services*. See the instructions for your return for information on ordering forms and publications. If you use any private delivery service, address your return to: **State Processing Center, 431C Broadway, Menands, NY 12204.**

### Line Instructions for Part-Year Residents Only (Lines 15-22)

**Lines 15 through 22** need to be completed **only** by part-year residents claiming the New York State child and dependent care credit who are filing, or have previously filed, Form IT-203, *Nonresident and Part-Year Resident Income Tax Return*, for 1998. The amounts for these lines can be found on the appropriate lines of Form IT-203 or Form IT-203-ATT, *Itemized Deduction, and Other Taxes and Tax Credits*, or the instructions for Form IT-203.

The New York State child and dependent care credit must first reduce your tax liability

to zero before the remaining excess is eligible to be refunded. The amount to be refunded will be based on the ratio of resident period income to the combined income from both the resident and nonresident periods.

**Line 21** — Divide line 19 by line 20 and carry the result to four decimal places. **Do not enter more than 100% (1.0000)** even if your actual result is more than 100%. If the result is zero percent (0%), you have no remaining excess child care credit available to be refunded. Do not complete line 22.

**Line 22** — If line 21 is greater than 0%, multiply line 18 by line 21 and enter the result on line 22. If you answered *No* at line 1, transfer the line 22 amount to Form IT-203-ATT, line 55 and attach Form IT-216 to your Form IT-203-ATT. This amount represents the refundable portion of your part-year resident child and dependent care credit.

See *Where to File* and *Private Delivery Services* above.

## Resolving Tax Problems

The best ways to avoid tax problems are to keep accurate tax records and to stay on top of current tax requirements. These instructions contain information that can help you do both; the instructions list free publications you can order and give toll-free numbers you can call for answers to your specific questions.

Most tax problems can be resolved informally. If your refund is late, call our toll-free refund information number; if you receive a tax deficiency notice that you think is in error, promptly call the number listed on the notice. These instructions also list a toll-free number for ordering any forms you might need.

If you have a problem with the Tax Department which you have not been able to resolve through normal channels, or if for any reason you have a complaint about the Tax Department, call toll free 1 800 225-5829. From areas outside the U.S. and outside Canada, call (518) 485-6800.

Our representatives will, depending upon the nature of your complaint, either give you the address and phone number of the Problem Resolution Officer in your area, or refer your complaint for further investigation and analysis.

Our Problem Resolution Officers are available to assist you when you have repeatedly attempted to clear up a difficulty and you have been unable to do so.

Problem Resolution Officers help remedy specific taxpayer circumstances that have not been resolved through routine department procedures.

If you have made two or more attempts to resolve your problem and feel that you aren't getting anywhere, you may want to turn to our Problem Resolution Program. The program is set up specifically for taxpayers who have tried to resolve their problems through the normal channels but have been unsuccessful.

Only a relative handful of tax problems fail to be resolved by these informal means. However, if you are issued a *Notice of Deficiency* or a refund denial and you feel that the Tax Department has made a mistake, you still have a number of options available to you:

— You can request a **conciliation conference** through the Bureau of Conciliation and Mediation Services. The conference is conducted informally by a conferee who issues an order that is binding on the Tax Department, but not on you (you can appeal by filing a petition for a formal hearing, as explained below). To set up a conference, get a *Request for Conciliation Conference* by calling toll free 1 800 462-8100 or by writing to the Bureau of Conciliation and Mediation Services, NYS Tax Department, W A Harriman Campus, Albany NY 12227.

— You can request a **small claims hearing** before an impartial presiding officer if the disputed amount is within certain dollar limitations set by the *Rules of Practice and Procedure*. The presiding officer's decision is final, but at any time before the end of the small claims hearing, you can request a transfer to a formal hearing before an administrative law judge. A copy of the *Rules of Practice and Procedure* will be sent to you when you request a petition form as explained below.

— You can file a petition for a **tax appeals hearing**. The hearing is held before an administrative law judge, and both you and the Tax Department may appeal the judge's decision to the Tax Appeals Tribunal. The Tax Department cannot seek a review of the Tribunal's decision, but you can by instituting an Article 78 proceeding in the Appellate Division of the State Supreme Court. You can get the petition forms by writing to the Division of Tax Appeals, Riverfront Professional Tower, 500 Federal Street, 4th Floor, Troy, NY 12180-2894.

Regardless of which appeal option you exercise, you may appear on your own behalf or you may have an authorized representative present your case for review. An authorized representative must have Power of Attorney from you in order to appear on your behalf. Further, your representative must be in compliance with the Ethics in Government Act which restricts appearances by former Tax Department employees. A summary of these restrictions is included on the back of Form DTF-14, *Power of Attorney (Individual)*.
