General information

Form PT-100 must be filed for each month.

If you do not receive the proper forms for a tax you owe, call the forms and publications number listed under *Need help?* below.

Form PT-100 summarizes the amount of the various taxes computed on Forms PT-101 through PT-106 and is used to determine the total amount due, including any appropriate penalty and interest.

Your PromptTax payment must have been equal to at least 90% of the actual tax liability for this period to avoid interest and penalty.

Estimated method — If your payment was based on last year's comparable period (October 2006), mark an **X** in box **E** and enter on line 12 the amount of last year's comparable period tax due. Your PromptTax payment must have been equal to at least 75% of the tax liability (prior to credits) for the comparable month of the preceding year to avoid interest and penalty.

Line 14 Penalties — A penalty is imposed at the rate of 10% of the tax due for the first month or part of a month, and 1% of the tax due for each subsequent month or part of a month in which the tax remains unpaid, up to a maximum penalty of 30%. If a return is not filed within 60 days of the due date, the penalty will be determined as indicated above but will not be less than the lesser of \$100 or 100% of the tax due. In addition,

failure to file returns and pay any tax due may result in criminal penalties under Article 37 of the Tax Law.

Line 15 Interest — Interest is computed at the rate set by the Commissioner of Taxation and Finance and is compounded daily. It is computed from the day the tax was due until the day the tax is paid. Interest is a charge for the use of state funds and may not be waived. If you require assistance in the computation of interest, call the Business Tax Information Center number listed under *Need help?* below.

Line 16 — Attach a check or money order for the total amount due on line 16 payable to the **Commissioner of Taxation and Finance**.
