

Instructions for Form IT-248

Claim for Empire State Film Production Credit

Temporary deferral of certain tax credits

For tax years beginning on or after January 1, 2010, and before January 1, 2013, if the total amount of certain credits that you may use to reduce your tax or have refunded to you is greater than \$2 million, the excess over \$2 million must be deferred to, and used or refunded in, tax years beginning on or after January 1, 2013. For more information about the credit deferral, see Form IT-500, *Income Tax Credit Deferral*.

If you are subject to the credit deferral, you must complete all credit forms without regard to the deferral. However, the credit amount that is transferred to your tax return to be applied against your tax due or to be refunded to you may be reduced. Follow the instructions for Form IT-500 to determine the amounts to enter on your tax return.

General information

Tax Law sections 24 and 606(gg) provide for tax credits for the film and television production industry. The Empire State film production credit (also referred to as the *film production credit*) is available to taxpayers subject to tax under Article 22 (personal income tax) or Article 9-A (general business corporations). Form IT-248 is for taxpayers subject to tax under Article 22. Those subject to tax under Article 9-A (including New York S corporations), should complete Form CT-248, *Claim for Empire State Film Production Credit*.

The amount of credit allowed is allocated by the New York State Governor's Office for Motion Picture and Television Development. **Submit a copy of your certificate of tax credit from this office for the credit allowed.** However, if your credit is allocated from funds from additional pool 2, you cannot claim the film production credit before the later of:

- the tax year the production of the qualified film is complete, or
- the tax year immediately following the allocation year assigned on your certificate.

For more information, refer to TSB-M-10(7)C, *Summary of Budget Bill Corporation Tax Changes Enacted in 2010*, or contact the New York State Governor's Office for Motion Picture and Television Development.

The credit is based on the qualified production costs paid or incurred in the production of certain qualified films and television shows. If the amount of film production credit shown on your certificate of tax credit received from the New York State Governor's Office for Motion Picture and Television Development is at least one million dollars but less than five million dollars, the credit must be claimed over a two-year period. If the amount of the credit allocated is five million dollars or more, the credit must be claimed over a three-year period.

If the amount of the credit allowable for any tax year exceeds the tax for that year, the excess is treated as an overpayment to be credited or refunded. No interest will be paid on the refund.

If the film production credit is claimed for qualified production costs, no other income tax credit may be claimed for those costs.

For rules and regulations regarding the credit, contact the New York State Governor's Office for Motion Picture and Television Development at nyfilm@empire.state.ny.us or call (212) 803-2330.
