**We need information about the relationship of the property owners to one another to determine whether you are eligible for the 9999 Enhanced STAR property tax exemption.**

For purposes of the 9999 Enhanced STAR exemption, all of the property owners must be at least 65 years of age as of December 31, 9999, except where the property is owned by a married couple or by siblings. If the property is owned by a married couple or siblings, only one of the owners needs to be age 65 by that date. The age-eligible spouse or sibling must be a documented owner and primarily reside at the property.

To determine Enhanced STAR eligibility, we review the age of all owners and the relationship of the owners to one another. Our current records do not indicate the relationship of the owners to one another.

**What to do next**

Within 45 days of the date of this letter, call the New York State Tax Department (not your local assessor) at 518-457-2036, weekdays between 8:30 a.m. and 4:30 p.m., to provide us with the necessary relationship information.

**If you do not respond**

If you do not call us within 45 days of the date of this letter, we will send you a letter denying the Enhanced STAR exemption. However, you may receive the Basic STAR exemption as long as you are otherwise eligible.
