New

Beginning March 1, 2025, you will no longer be able to carry forward a credit on your return from a prior period or request an overpayment be credited to your next filed return. The Tax Department will automatically review your return and any overpayment will be refunded to you in the mail with a physical check.

Who must file

Operators of commercial vessels using motor fuel (gasoline) or diesel motor fuel in their vessels for consumption in New York State (NYS) territorial waters must file this return as required under Tax Law Article 13-A.

Where vessels are under a **charter agreement**, the terms of the agreement will determine whether the owner (lessor) or charterer (lessee) must file the tax return. Where the lessee has a significant degree of control over the vessel during the agreement period including the ability and obligation to purchase fuel for the vessel's operation, the lessee qualifies as the petroleum business and must file the tax return.

The following may obtain a reimbursement (refund) of the fuel taxes paid on retail sales:

- **Tugboat and towboat operators:** To obtain a reimbursement of the petroleum business tax paid on fuel for use in the operation of tugboats or towboats, file Form AU-630, *Application for Reimbursement of the Petroleum Business Tax*.
- **Commercial fishermen:** To obtain a reimbursement of the excise tax, the state and local sales tax, and the petroleum business tax paid on fuel for use in the operation of commercial fishing vessels engaged in the harvesting of fish for sale, file Form AU-631, *Claim for Refund/Reimbursement of Taxes Paid on Fuel Used in a Vessel Engaged in Commercial Fishing*.

Note: Do not use Form PT-350 to obtain either reimbursement.

When to file

Web File Form PT-350 on a monthly basis for any month during which any portion of purchases of motor fuel or diesel motor fuel are used in commercial vessels operating in NYS territorial waters. Returns must be filed no later than the 20th day of the following month. Returns filed after the due date are subject to penalty and interest charges. **No monthly return is required if business was not conducted in NYS territorial waters during a particular month.**

Line instructions

Line 1 – Enter in columns A and B the total number of working days of vessels, using the working days method, in NYS territorial waters during the calendar month covered by this return. If none, enter **0** in the appropriate column. *Working days* means days during which a vessel is sufficiently manned for the transportation of persons or cargo or when cargo is aboard, exclusive of dry dock days. Time is computed in hours and minutes, totaled for all vessels, and converted to 24-hour days. Passenger commuter ferry operators should **not include** on line 1, column B, working days (converted from hours and minutes) in which they were providing mass transportation services in NYS territorial waters.

Note: A passenger commuter ferry is providing mass transportation services when those services are recognized as such by:

- NYS, or any of its agencies, instrumentalities, public corporations (including a public corporation created pursuant to agreement or compact with another state or Canada), or political subdivisions;
- the United States and any of its agencies and instrumentalities; or
- the Tax Department based on industry or regulatory practice.

Line 2 – In columns A and B, enter the total number of working days of vessels, using the working days method, at all locations (both in and out of New York State territorial waters) during the calendar month covered by the return. Passenger commuter ferries should also include on line 2, columns A and B, working days (converted from hours and minutes) in which the operator was providing mass transportation services in NYS.

Line 3 – Compute the working days ratio in each column by dividing the amount shown on line 1 by the amount shown on line 2, and enter the result.

Line 4 – Enter in column A the total number of gallons of motor fuel purchased for use or consumption in vessels at all locations during the month covered by the return; enter in column B the total number of gallons of diesel motor fuel purchased for use or consumption in vessels at all locations during the month covered by the return. Only include gallons used by vessels computing tax under the working days method.

Line 5 – Compute the gallons of fuel used in NYS in both columns A and B by multiplying the working days ratio on line 3 by the number of gallons shown on line 4 and enter the result.

Line 6 – The rates of the petroleum business tax for motor fuel and the highway rate for diesel motor fuel are preprinted on line 6. For more information, see Publication 908, *Fuel Tax Rates (Articles 12-A and 13-A of the Tax Law)*.

Line 10 – Enter in column A the total number of gallons of motor fuel purchased in NYS for use in vessels for which you can substantiate that the petroleum business tax was paid at the time of purchase. Enter in column B the total number of gallons of diesel motor fuel purchased in NYS for use in vessels for which you can substantiate that the petroleum business tax was paid at the time of purchase.

Line 11 – Compute the amount of tax paid on motor fuel by multiplying the number of gallons shown on line 10, column A, by the petroleum business tax rate shown on your invoice at the time of your purchase(s), and enter the result in Column A; compute the amount of tax paid on diesel motor fuel by multiplying the number of gallons shown on line 10, column B, by the petroleum business tax rate shown on your invoice at the time of your purchase(s), and enter the result in column B. Total the amounts on line 11, columns A and B, and enter in column C. If the petroleum business tax rate is not shown on your invoice(s), refer to Publication 908 for the tax rate in effect at the time of your purchase(s).

Line 14 – Compute the tax due/overpayment. If there is a tax due, enter the amount from line 12 on this line. If there is an overpayment on line 12, enter that amount on this line and on line 18.

Line 15 – A penalty is imposed at the rate of 10% of the tax due for the first month or part of a month and 1% of the tax due for each subsequent month or part of a month in which the tax remains unpaid, up to a maximum penalty of 30%.

If a return is not filed within 60 days of the due date, the penalty will be determined as indicated above but will not be less than the lesser of \$100 or 100% of the tax due. In addition, failure to file returns and pay any tax due may result in criminal penalties under Tax Law Article 37.

The penalty for failure to file applies only for those months in which you were required to file returns and pay any consumption tax due.

Line 16 – Interest is computed at the rate set by the Commissioner of Taxation and Finance and is compounded daily. It is computed from the day the tax was due until the date the tax is paid. Interest is a charge for the use of state funds and may not be waived. If you need help computing interest, see *Need help?*

Line 17 – Total the amounts shown on lines 14, 15, and 16. Attach a check or money order payable in U.S. funds to **Commissioner of Taxation and Finance** for the total amount due on line 17. Enter this amount on line 17 and in the remittance box on the front of the return.

Fee for payments returned by banks – The law allows the Tax Department to charge a \$50 fee when a check, money order, or electronic payment is returned by a bank for nonpayment. However, if an electronic payment is returned as a result of an error by the bank or the department, the department will not charge the fee. If your payment is returned, we will send a separate bill for \$50 for each return or other tax document associated with the return payment.

Line 18 – If line 14 is an overpayment, enter the line 14 amount on this line and on line 20.

Line 20 – Enter the amount from line 18. This amount will be refunded to you.
