

THE CITIES OF SARATOGA SPRINGS AND MECHANICVILLE

REPEAL SALES AND USE TAX OF 3%

Effective June 1, 1985, the cities of Saratoga Springs and Mechanicville have passed resolutions repealing the local sales and use tax of 3% in the respective localities. However, the rate of tax to be collected in these cities remains the same, since the County of Saratoga, in which these cities are located, also imposes a sales and use tax at the rate of 3%. The combined State and local rate in Saratoga County is 7% (3% county and 4% State).

Beginning June 1, 1985 and thereafter, vendors will not be required to segregate sales made in the cities of Saratoga Springs and Mechanicville from other sales made in Saratoga County. All sales made throughout the county will be reported as one amount on returns and schedules. Reporting lines for Saratoga Springs and Mechanicville will be eliminated.
