

Notice Regarding Indian Tax-Exempt Cigarette Annual Amounts

The Tax Department has determined the annual amount of stamped tax-exempt packs of cigarettes for each of the Indian nations or tribes for the 12-month period beginning September 1, 2013, and ending August 31, 2014. The annual amount is based on the probable demand for tax-exempt cigarettes, determined by reference to, among other data, the United States average cigarette consumption per capita, as compiled for 2012, multiplied by the number of qualified Indians for each of the Indian nations or tribes. The annual amount is then prorated to each of the four quarters beginning with the first day of September, December, March, and June, and rounded up to the nearest case of cigarettes. (For more details, see 20 NYCRR, section 74.6.)

The recognized governing body of an Indian nation or tribe may submit evidence relating to probable demand (for example, a verifiable record of previous sales to qualified Indians or other statistical evidence) and/or relating to the amount needed for the nation’s or tribe’s official use. Any evidence that is submitted by **July 31, 2013**, will be considered, and any adjustments will be made prior to the 12-month period beginning September 1, 2013. All evidence must be submitted in writing and mailed to:
