

## Wireless Communications Surcharge Rates on Prepaid Wireless Communications Services Effective March 1, 2018

The Tax Law imposes a Public Safety Communications Surcharge on prepaid wireless communications services. The Tax Law also provides that New York City and counties outside New York City may impose a local surcharge on prepaid wireless communications services.

The New York State wireless communications surcharge on prepaid wireless communications services is \$0.90 (90 cents) on each retail sale of a prepaid wireless communications service that occurs in New York State, whether or not the sale is made in conjunction with the sale of any tangible personal property. New York City and counties outside New York City may impose a local surcharge of \$0.30 (30 cents) on each retail sale of a prepaid wireless communications service within such locality, whether or not the sale is made in conjunction with the sale of any tangible personal property. See TSB-M-17(2)WCS, *Wireless Communications Surcharge on Prepaid Wireless Communications Services*, for more information.
